
**Notice to unitholders of UBS (Lux) Bond Fund
(the "Fund")**

The Board of Directors of the Management Company (the "Board of Directors") wishes to inform you of the following amendments to the Fund's Sales Prospectus:

1. The Board of Directors hereby would like to notify you of an internal restructuring of certain businesses within UBS' Asset Management Division. The purpose of the restructuring is to streamline the legal entities within UBS' Asset Management Division. UBS Asset Management (Americas) Inc. was converted from a corporation into a limited liability company and renamed UBS Asset Management (Americas) LLC, New York.
2. All references throughout the prospectus and annexes have been changed from UBS ESG consensus score to UBS Blended ESG Score and the following paragraph has been amended in relation to this:

"The UBS Blended ESG Score is used to identify issuers/companies for the investment universe with strong environmental and social performance characteristics, or a strong sustainability profile. The UBS Blended ESG Score represents an average of normalized ESG assessment data from UBS and two recognized external ESG data providers, MSCI and Sustainalytics. This blended score approach enhances the quality of the derived sustainability profile by integrating multiple independent ESG assessments, rather than depending solely on one single view. The UBS Blended ESG Score represents an entity's sustainability profile assessing material environmental, social, and governance factors. These factors may include, but are not limited to, environmental footprint and operational efficiency, risk management, climate change response, natural resource utilization, pollution and waste management, employment standards, supply chain oversight, human capital development, board diversity, occupational health and safety, product safety, and anti-fraud and anti-corruption policies. Each assessed entity is assigned a UBS Blended ESG Score, which ranges from 0 to 10, with 10 indicating the best sustainability profile.

There is no minimum UBS Blended ESG Score at individual investment level.

The UBS ESG consensus score is used to identify issuers/companies for the investment universe with strong environmental and social performance characteristics, or a strong sustainability profile. This UBS ESG consensus score is a normalized weighted average of ESG score data from internal and recognized external providers. Rather than relying on an ESG score from a single provider, the consensus score approach increases conviction in the validity of the sustainability profile.

The UBS ESG consensus score assesses sustainability factors, such as the performance of the relevant issuers/companies with reference to environmental, social and governance (ESG) aspects. These ESG aspects relate to the main areas in which the issuers/companies operate and their effectiveness in managing ESG risks. Environmental and social factors can include (amongst others) the following: environmental footprint and operational efficiency, environmental risk management, climate change, natural resource usage, pollution and waste management, employment standards and supply chain monitoring, human capital, diversity within the board of directors, occupational health and safety, product safety, as well as anti-fraud and anti-corruption guidelines.

The individual investments in the sub-fund have a UBS ESG consensus score (on a scale of 0-10, with 10 having the best sustainability profile).

3. The special investment policy of the sub-fund **UBS (Lux) Bond Fund – Convert Europe (EUR)** has been revised to include the following change in the benchmark:

[...]

"The actively managed sub-fund uses the benchmark Refinitiv FTSE Eurozone Convertible Bond Index (EUR) as a reference for performance comparison and for risk management."

4. Adjustment of Cut-off time

[...]

Subscription and redemption orders (“orders”) registered with the administrative agent by 15:00 CET (“cut-off time”) on a business day (“order date”) will be processed on the basis of the net asset value calculated for that day after the cut-off time (“valuation date”). Notwithstanding the above, the following cut-off time applies to the sub-funds below:

Sub-fund	Cut-off time (CET)
UBS (Lux) Bond Fund – AUD UBS (Lux) Bond Fund – Asia Flexible (USD)	13:00 CET

5. Inclusion of additional non-business days in the section “Conditions for the issue and redemption of units”:

[...]

Furthermore, the following sub-funds will have additional non-business days during bank holidays (i.e. days in which banks are not open during normal business hours) as specified in the table below:
