#### Report on activities of the Board of Directors

2018 review and 2019 outlook

Volatility increased sharply, specifically by end of the year, across all asset classes, as a combination of peak growth concerns in the United States, a decelerating China and continued political headlines including an uncertain *Brexit*, a lack of substantive progress in the US-China standoff and the U.S. Government shutdown all conspired to lead markets lower. The United States led the way, with markets substantially down in the month of December and volatility indicators up to year-highs just before the Christmas holiday, which showcased the underlying volatility in equity prices in the U.S.

Developed market credit spreads also came under pressure. US Treasuries also saw the risk-off move drive levels tighter, to end the year at around 2.68%. The *Federal Reserve Bank*'s rate hike was taken negatively, and concerns of a domestic slowdown fueled the rally in US Treasuries. Overall, macro sentiment took a pronounced turn for the worse and global risk markets saw outsized moves in the illiquid holiday period.

Within this storm, Asia was relatively sheltered with both investment grade and High Yield spreads widening.

By end of the year the sub-fund gradually increased duration, whilst also increasing exposure to higher-carry credits in Asia. Given the recent anomalous moves and the lack of a clear direction to the markets, more significant portfolio changes where not operated.

While the moves in equities and US Treasuries have been sharp and could result in a feedback loop to the *Federal Reserve Bank* to reduce the pace of rate hikes fundamentals. The U.S. fundamentals haven't deteriorated to an extent that would lead us to factor in a recession over the next 12 months.

With a likely normalization of the US Treasuries and potential widening in Asian credit, the manager remain cautious on increasing duration beyond three years for the sub-fund. The manager looks to reinstate US Treasuries hedges at current levels and manage duration on a proactive basis.

#### **Audit report**

To the Shareholders of RAM (LUX) TACTICAL FUNDS II

#### Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of RAM (LUX) TACTICAL FUNDS II (the "Fund") as at 31 December 2018, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund's financial statements comprise:

- the combined statement of net assets for the Fund and the statement of net assets for the sub-fund as at 31 December 2018:
- the statement of investments and other net assets as at 31 December 2018;
- the combined statement of operations and other changes in net assets for the Fund and the statement of operations and other changes in net assets for the sub-fund for the year then ended;
- the notes to the financial statements, which include a summary of significant accounting policies.

#### Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

#### Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

#### Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control:
- obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern
  basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists
  related to events or conditions that may cast significant doubt on the Fund's ability to continue as a
  going concern. If we conclude that a material uncertainty exists, we are required to draw attention in
  our audit report to the related disclosures in the financial statements or, if such disclosures are
  inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to
  the date of our audit report. However, future events or conditions may cause the Fund to cease to
  continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events
  in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Annual returns were calculated for the last 3 consecutive financial years. For sub-funds / share types launched or liquidated during the financial year, the corresponding annual return has not been calculated.

The historical performance is not an indication of current or future results. The performance data do not take account of the commissions and costs incurred on the issue and redemption of shares of the SICAV.

#### Notes to the financial statements

as at 31st December 2018

#### Note 1 - Significant accounting policies

#### a) Presentation of the financial statements

The financial statements of the SICAV are prepared in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg.

#### b) Valuation of assets

The value of cash on hand or on deposit, bills and notes due on demand, accounts receivable, prepaid expenses, dividends, and interest declared or due but not yet received consists of the nominal value of these assets, unless it is unlikely that this value is received, in which event, the value is determined by deducting an amount which the SICAV deems adequate to reflect the real value of these assets.

The value of all transferable securities, money-market instruments and financial derivative instruments that are listed on a stock exchange or traded on another regulated market that operates regularly, and is recognised and open to the public, is determined based on the most recent available price.

The value for liquid assets and money market instruments is determined by using an amortised cost method. This involves valuing an investment at its cost and thereafter assuming a constant amortisation to maturity of any discount or premium. All other assets, where practice allows, may be valued in the same manner.

The value of securities representative of an open-ended undertaking for collective investment is determined according to the last official net asset value per unit or according to the last estimated net asset value per unit if it is more recent than the official net asset value per unit, and provided that the SICAV is assured that the valuation method used for this estimate is consistent with that used for the calculation of the official net asset value.

#### To the extent that

- any transferable securities, money market instruments and/or financial derivative instruments held in the portfolio on the Valuation Day are not listed or traded on a stock exchange or other regulated market that operates regularly and is recognised and open to the public or,
- for transferable securities, money market instruments and/or financial derivative instruments listed and traded on a stock exchange or on other market but for which the price determined is not, in the opinion of the Board of Directors, representative of the real value of these transferable securities, money market instruments and/or financial derivative instruments or,
- for financial derivative instruments traded over-the-counter and/or securities representing undertakings for collective investment, the price determined is not, in the opinion of the Board of Directors, representative of the real value of these financial derivative instruments or securities representing undertakings for collective investment,

the Board of Directors estimates the probable realisation value prudently and in good faith.

#### c) Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each sub-fund that are denominated in currencies other than the reference currency of the sub-fund is converted into this currency at the exchange rate prevailing on the date of purchase.

#### Notes to the financial statements (continued)

as at 31st December 2018

#### d) Net realised gain / (loss) on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost and are disclosed net in the statement of operations and other changes in net assets.

#### e) Investment portfolio income

Interest income is recorded, net of any withholding tax.

#### f) Return on sukuk

Sukuk are certificates of equal value representing undivided shares in the ownership of tangible assets, usufructs and services or (in the ownership of) the assets of particular projects or special investment activity. The remuneration of sukuk is variable and based on the performance of the underlying asset.

#### g) Valuation of forward foreign exchange contracts

Forward foreign exchange contracts are valued at forward market rates for the remaining period from valuation date to the maturity of the contracts. Net unrealised gains or losses are disclosed in the statement of net assets. Net variation of unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

#### h) Valuation of futures contracts

Open futures contracts are valued at the last settlement or close price on the stock exchanges or regulated markets. Unrealised gains or losses of open contracts are disclosed in the statement of net assets. Net variation of the unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

#### i) Formation expenses

The formation expenses are amortised on a straight-line basis over a period of five years.

If the launch of a sub-fund occurs after the launch date of the SICAV, the formation expenses related to the launch of the new sub-fund is charged to such sub-fund alone and may be amortised over a maximum of five years with effect as from the sub-fund's launch date.

#### i) Conversion of foreign currencies

Cash at banks, other net assets and liabilities and the market value of the securities in portfolio expressed in currencies other than the reference currency of the sub-fund are converted into this currency at the exchange rate prevailing on the date of the financial statements. Income and expenses expressed in currencies other than the reference currency of the sub-fund are converted into this currency at the exchange rate prevailing on the date of the transaction. Net realised gains or losses on foreign exchange are disclosed in the statement of operations and other changes in net assets.

At the date of the financial statements, the exchange rates are the following:

1	USD	=	0.9855000	CHF	Swiss Franc
			6.8781000	CNY	Chinese Yuan Renminbi
			0.8748906	EUR	Euro

#### k) Combined financial statements

The combined financial statements of the SICAV are expressed in USD and are equal to the corresponding items in the financial statements of the sub-fund.

#### I) Transaction fees

Transaction costs disclosed under the caption "Transaction fees" in the expenses of the statement of operations and other changes in net assets are mainly composed of broker fees incurred by the SICAV, of fees relating to liquidation of transactions paid to the depositary as well as of transaction fees on financial instruments and derivatives.

#### Note 2 - Management fees

The SICAV has appointed RAM Active Investments (Europe) S.A., as the Management Company in charge of the portfolio management, the central administration and the distribution of the SICAV.

For the portfolio management, the Management Company receives an annual management fee calculated on the average net assets of the concerned class of shares and is payable quarterly.

Share class	Effective rate in % p.a.
D	1.60
GH	1.60
PH	1.60

BD	1.00
CH	1.00
EH	1.00
EDH	1.00
В	1.00
R	max. 2.50
RAMCH	max. 2.50

The management fees are disclosed under the caption "Management fees" in the statement of operations and other changes in net assets.

#### Note 3 - Performance fees

A performance fee is accrued for the classes of Shares D, GH and PH, for each Net Asset Value calculation and is paid to the Investment Manager at the end of each quarter.

The performance fee is calculated as follows:

For each quarter in which the performance of the sub-fund exceeds the minimum rate of return (hurdle rate) set as a *prorata temporis* of an annual rate of 3%, a fee of 15% of the outperformance is due, provided that the performance exceeds the hurdle rate calculated on a *prorata temporis* basis, and the

#### Notes to the financial statements (continued)

as at 31st December 2018

final NAV per share is greater than the highest final NAV per share for which a performance fee has been paid (High Watermark Principle); in this case, the performance fee is applied to the difference between the final NAV per share and the higher of the High Watermark and the hurdle rate.

The performance fee was amended for the share classes D, GH and PH for the RAM (LUX) TACTICAL FUNDS II - ASIA BOND TOTAL RETURN FUND sub-fund in order to introduce the principle of crystallisation on redemptions and adjustments on subscriptions so as to limit bias in the performance fee calculation.

No performance fee is foreseen for the classes of shares PI, PIH (EUR), PIH (CHF), PIH (GBP), PIH (SEK), R, RAMCH, B, EH, CH, BD and EDH.

At the date of the financial statements, the performance fee was recorded for the following sub-fund and amounted to:

RAM (LUX) TACTICAL FUNDS II - ASIA BOND TOTAL RETURN FUND

USD 75.41

#### Note 4 - Subscription and redemption fees

The subscriptions and redemption fees are disclosed under the item "Commissions on subscription and on redemption" in the statement of operations and other changes in net assets.

No redemption fee is applied.

#### Note 5 - Depositary fees and Central administration costs

The Depositary fees are disclosed under the item "Depositary fees" in the statement of operations and other changes in net assets.

The item "Central administration costs" disclosed in the statement of operations and other changes in net assets is mainly composed of the administrative agent commissions.

#### Note 6 - Other administration costs

The amount disclosed under the caption "Other administration costs" in the statement of operations and other changes in net assets is mainly composed by marketing fees, paying agent fees and by commissions on administrative intervention.

#### Note 7 - Subscription duty ("Taxe d'abonnement")

The SICAV is governed by Luxembourg laws.

Pursuant to the legislation and regulations in force, the SICAV is subject to an annual subscription duty ("taxe d'abonnement") of 0.05% which is payable quarterly and calculated on the basis of the net assets of each sub-fund on the last day of each quarter.

The class of shares PI, PIH (EUR), PIH (CHF), PIH (GBP), PIH (SEK), R and RAMCH intended exclusively for institutional investors within the meaning of article 174 (2) of the amended law of 17th December 2010 is subject to a reduced subscription tax of 0.01%.

Pursuant to article 175 (a) of the amended law of 17th December 2010 the net assets invested in undertakings for collective investment already subject to the "taxe d'abonnement" are exempt from this tax.

#### Notes to the financial statements (continued)

as at 31st December 2018

#### Note 8 - Total Expense Ratio ("TER") ("unaudited")

The TER disclosed under "Statistical information" of this report is calculated in accordance with the "Guidelines on the calculation and disclosure of the TER of collective investment schemes" issued by the Swiss Funds & Asset Management Association "SFAMA" on 16th May 2008 as modified on 20th April 2015.

The TER is calculated for the last 12 months preceding the date of this report.

Transaction fees are not taken into account in the calculation of the TER.

#### Note 9 - Changes in investments

Changes in the composition of the securities portfolio during the current year are available on demand and free of charge:

- from the registered office of the SICAV,
- from the registered office of the Management Company,

#### Additional information (unaudited)

as at 31st December 2018

#### 1 - Risk management

As required by Circular CSSF 11/512, the Board of Directors of the SICAV needs to determine the global risk exposure of the SICAV either by applying the commitment approach or the VaR approach.

In terms of risk management, the Board of Directors of the SICAV decided to adopt the commitment approach as a method of determining the global risk exposure.

#### 2 - Remuneration

From 1st January 2018 until 31st December 2018 (the "Reference Period"), the total amount of wages and salaries paid-in cash and/or restricted securities by RAM Active Investments (Europe) S.A. (formerly RAM Active Investments (Luxembourg) S.A.) (the "Management Company") to its entire staff (composed during the Reference Period in average of 8 employees) was EUR 1,184,387.04.

In particular, during the Reference Period, the total amount of wages and salaries was split into fixed and variable remuneration as follows:

Fixed remuneration: EUR 718,388.82Variable remuneration: EUR 465,998.22

No fees based on the performance of the Fund or carried interest are used to remunerate employees of the Company.

The total amount of remuneration paid to senior management and members of staff (including outsourced staff) of the Company whose actions have a material impact on the risk profile of the Company or falling within the remuneration bracket of senior management and risk takers during the Reference Period was EUR 504,079.81.

Please note that above figures are provided for overall services provided by the Company and they do not represent a breakdown at the level of the Fund.

Details of the remuneration policy of the Management Company, including a description of the key remuneration elements and an overview of how remuneration is determined, is available under www.ram-ai.com.

## 3 - Information concerning the transparency of securities financing transactions and of reuse of cash collateral (regulation EU 2015/2365, hereafter "SFTR")

During the reporting period, the SICAV did not engage in transactions which are subject to the publication requirements of SFTR. Accordingly, no Information concerning the transparency of securities financing transactions and of reuse of cash collateral should be reported.
