Management and statutory bodies

Management Company

Credit Suisse Funds AG, Zürich

Boards of Directors

- Andreas Binder, Chairman (from March 1. 2023, Member from November 2, 2022 until February 28, 2023)
- Luca Diener, Vice President
- Patrick Tschumper, Member (from March 1. 2023, Chairman until February 28, 2023)
- Jürg Roth, Member
Managing Director, Credit Suisse (Schweiz) AG
- Thomas Vonaesch, Member
- Hans Peter Bär, Member (from April 1, 2023)

Executive Board

- Thomas Schärer, CEO
- Markus Hafner, Mitglied, COO (from October 2, 2023)
- Hans Christoph Nickl, Member, COO (until October 1, 2023)
- David Dubach, Member, Oversight & ManCo Services
- Emil Stark, Deputy CEO and Director Fund Solutions AM
- Gilbert Eyb, Member, Legal
- Ralph Warth, Member, Fund Solutions PLF
- Christian Bieri, Member, Real Estate Fund Management
- Naftali Halonbrenner, Member, Fund Services
- Gabriele Wyss, Member, Compliance
- Marcus Eberlein, Member, Performance & Risk Management

Custodian Bank

Credit Suisse (Schweiz) AG, Zürich

Audit Company

PricewaterhouseCoopers AG, Zürich

Information on Third Parties

Transfer of Investment Decisions

Investment decisions are transferred to Credit Suisse Asset Management (Schweiz) AG, Zurich, as the asset manager.

Transfer of Other Specific Tasks

The fund management company has transferred various sub-tasks of fund administration to the following group companies belonging to UBS Group AG:

- Credit Suisse AG, Switzerland: sub-tasks in the areas of legal and compliance consulting, facility management and management information system (MIS).
- Credit Suisse (Switzerland) Ltd., Switzerland: sub-tasks in the areas of compliance consulting, human resources, collateral management, IT services and first line of defence support (FLDS).
- Credit Suisse Asset Management (Switzerland) AG, Switzerland: real estate administration (including fund and property accounting and property management).
- Credit Suisse Services AG, Switzerland: sub-tasks in the areas of compliance consulting, financial management of the fund management and tax consulting.
- Credit Suisse Fund Services (Luxembourg) S.A., Luxembourg: fund accounting sub-tasks as well as assisting in monitoring investment regulations.
- Credit Suisse (Poland) Sp.z.o.o., Poland: Sub-tasks in the areas of fund accounting, information management (including product master data, price publications, factsheet production, Basic Information sheet production and preparation of reports), legal reporting (preparation of the annual report) and other support tasks.

The exact execution of the assignment is governed by a contract concluded between the Fund Management Company and the above group companies. Sub-tasks may be transferred to these companies.

The sub-fund's ESG characteristics are fulfilled through the application of the Sustainable Investing Policy, as described in the sub-fund's prospectus.

Approach	Description
<input checked="" type="checkbox"/> Exclusions	<p>The following three types of exclusion, which may be developed on an ongoing basis, are applied:</p> <ul style="list-style-type: none"> – Standards-based exclusions: Systematic exclusion of companies that do not comply with international treaties on controversial weapons, such as the Convention on Cluster Munitions, the Chemical Weapons Convention, the Biological Weapons Convention and the Treaty on the Non-Proliferation of Nuclear Weapons. Companies that earn revenue through business operations from controversial weapons on account of their potential to inflict military and civilian damage (specifically, nuclear weapons, biological and chemical weapons, anti-personnel mines and landmines) are also systematically excluded, with an overall revenue threshold of 5% applying for pure support services and supply platforms for nuclear weapons. – Value-based exclusions: Exclusion of companies that earn more than 5% of their revenue in the following sectors: conventional weapons and firearms, tobacco production, gambling and adult entertainment. In addition, a revenue threshold of 20% applies to investments in coal (extraction and production of electricity) and to companies that earn more than 20% of their revenue from the sale of tobacco or from support systems and services for conventional weapons. A revenue threshold of 5% applies to Arctic oil and gas, and 10% to oil sands. – Conduct-based exclusions: Companies (1) that systematically violate international standards (specifically, the principles of the United Nations Global (UNGCI)), (2) the breaches of which are particularly serious, or (3) the management of which is not willing to implement the necessary reforms, are included in a watch list and may be excluded from the firm's investment universe. Exclusions are considered as a last resort. Engagement with investee companies should be regarded as a more suitable way of potentially preventing future breaches. Where a company is willing and able to take action, Credit Suisse may agree upon targets and deadlines for improvements as part of a longer-term engagement with company management. Companies operating in areas with increased environmental and social risks are monitored more stringently. Controversial business practices are identified and assessed according to a systematic process, and analysis is carried out on a case-by-case basis drawing on our own research as well as ESG data obtained from specialist providers such as MSCI.
<input type="checkbox"/> Best-in-class / positive screening approach	<p>With regard to equity securities and rights as well as fixed income debt instruments and rights within multi-asset portfolios, ESG factors are incorporated into the investment process in the following stages:</p> <ul style="list-style-type: none"> – Identification of material ESG factors: The asset manager has identified material ESG factors for comparing investments within a mixed investment universe with reference to materiality frameworks of external providers such as MSCI ESG Research LLC. When making direct investments, it relies on the overall ESG assessments by these external providers, which take account of the material ESG factors relevant for each sector or industry. These material ESG factors may change over time. Investments in units or shares of other collective investment schemes are subject to a due diligence process in order to establish whether they take account of ESG factors and are classified as target funds that do not take account of ESG factors or that breach exclusionary criteria, as funds that incorporate ESG factors into the investment process, as funds with a sustainable thematic focus or as impact investments. When doing so a proprietary classification model is applied that, for direct investments, measures the extent to which the asset manager implements its own sustainability approaches within the respective target fund.
<input checked="" type="checkbox"/> ESG integration	

– **ESG portfolio analysis:** The asset manager carries out an analysis for the entire investment universe of an ESG sub-fund, for direct funds according to the respective material ESG factors and for target fund investments according to their classification, in which it relies on the ESG ratings of specialist external providers such as MSCI ESG Research LLC. The research may also incorporate news with ESG relevance, ESG ratings and assessments, ESG controversies and ESG trends.

– **Stock selection and portfolio construction:** Stock selection and portfolio construction that takes account of ESG factors is dependent upon the underlying asset class and market segment and is made up of a combination of mixed investments:

- In the event of direct investment in equity securities and rights as well as fixed-income debt instruments and rights, the incorporation of ESG factors is ensured by limiting the investment universe according to an ESG index, by selecting sustainable securities based on a comparison of material ESG factors (positive screening) (e.g. green/social/sustainable bonds) or by assessing individual stocks in terms of their ESG factors also with reference to integrated research. Integrated research is a complement to traditional research, which covers in particular the business model, the ownership structure, financial figures and corporate valuation using specific ESG data of financial significance obtained from our own data sources or from external data providers in order to systematically expand information relating to ESG factors.
- In the event of investment in units or shares of other collective investment schemes (target funds), depending upon the respective investment objective, it is only possible to invest a fixed portion of the assets of the ESG sub-fund in target funds classified as target funds that do not take account of ESG factors.
- Where available, ESG factors are taken into account for other assets classes and for special investment strategies.

– **Portfolio monitoring:** The asset manager periodically monitors ESG factors with the assistance of its portfolio management system in order to identify material changes in the ESG factors of individual portfolio securities and to reassess the portfolio regularly depending upon any increase or reduction in positions.

Thematic investment

Impact investing

Approach	Description
<input checked="" type="checkbox"/> Stewardship (active ownership)	Voting: The asset manager considers representation at shareholders' meetings and the exercise of voting rights (proxy voting) as a core element of its stewardship responsibility for ESG sub-funds. Voting can be used in order to escalate problems, to voice concerns and to impose one's own views on ESG issues. In order to enable well-founded decisions to be made when voting, the asset manager obtains information from various sources. In order to be able to exercise voting rights at as many investee companies as possible, the asset manager may also avail itself of the services of external proxy voting advisors. Any voting recommendations issued by these proxy voting advisors may also supplement the internal research carried out by the asset manager within the decision making process concerning individual voting issues. In order to ensure the effective and efficient exercise of voting rights, the asset manager may also focus on investments classified as material according to the internal directive ("Proxy voting - Approach and policy summary").
<input type="checkbox"/> Climate focus	Engagement: Monitoring of investee companies with reference to the scope for proactively establishing and pursuing constructive dialogue with them concerning ESG problems (for instance with the board of directors, members of the executive board or investor relations). Issues that may be taken into account within the ambit of such engagement include for instance the business strategy and its implementation, risk management, environmental and social issues, corporate governance aspects (including composition of the control body, the election of independent members of the board of directors and the management compensation policy), compliance, culture and ethics as well as the company's performance and capital structure. The asset manager may also review the positions held by it in individual investee companies at regular investment meetings;
<input type="checkbox"/> Other issues	

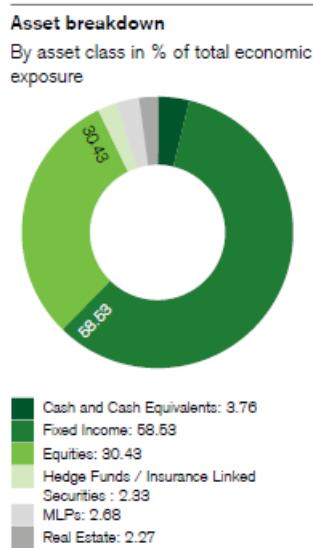

Up to a maximum of 20% of the sub-fund may be invested in assets that do not fulfil the sustainability requirements under the above-mentioned sustainability approaches.

ESG results (quantitative and qualitative descriptions)

- **Exclusions** are complied with by refraining from investing in any securities that have breached the exclusionary criteria or revenue thresholds indicated in the Prospectus.
- The following breakdown of Credit Suisse's proprietary sustainability classification provides a snapshot of the investments contained in the sub-fund's portfolio as at 31 December 2023. It is not an average for the reporting period and is not representative of the portfolio's rating for any other day of the financial year. It represents a component of the ESG securities analysis applied by the investment manager for the purpose of portfolio construction. Therefore, the assessment below does not provide a complete picture of how the CS Sustainable Investing Policy is implemented in concrete terms for this specific sub-fund.

The following results have been obtained on a lookthrough basis and cover both direct investments as well as securities held via investment schemes.

The **firm's proprietary ESG signals** are used according to the Fund Contract within the asset manager's ESG integration approach for fixed-income securities. For the purpose of risk management, the investment manager incorporates ESG factors into securities analysis with the aim of developing an internal company cascade that combines the ESG ratings of multiple data providers. MSCI, Sustainalytics, Inrate, Clarity AI and Refinitiv are used as external data sources. The rating can provide a "positive", "neutral" or "negative" ESG signal. If the external providers do not furnish the necessary data concerning issuers, the ESG signal cannot be determined. These investments are allocated to the "unrated" category. The proprietary methodology applied by the investment manager is not covered by any third-party assurance.

The **company and country ESG ratings provided by MSCI ESG** are ranked on a scale from AAA (highest rating) to CCC (lowest rating). Corporate ESG ratings are based on the issuer's exposure to sector-specific ESG risks as well as its ability to mitigate these risks compared to its competitors. Further information concerning the MSCI methodology can be found at www.msci.com/our-solutions/esg-investing/.

For more information on these ESG disclosures, please see below.

- **Voting** rights are exercised for all eligible funds managed by the asset manager according to a proxy voting policy. A summary in the form of active ownership reports is available online (see link below).

Engagement is conducted holistically for all eligible funds managed by the asset manager. Companies in which engagement can generate an impact are selected on the basis of analysis carried out by the asset manager. Specific funds do not have any direct impact effect as companies are not selected at portfolio level. Engagement activities are presented in an annual report available online.

The most recent reports can be found at: [Active Ownership | Credit Suisse Asset Management \(credit-suisse.com\)](http://Active Ownership | Credit Suisse Asset Management (credit-suisse.com)).

It should also be added that, in the event of investment in a target fund, voting and engagement are only possible if the target fund is also managed by the asset manager.

ESG explanatory notes

The figures included in this section have not been reviewed. For information, statements and valuations relating to environmental, social and governance (ESG) in this report, Credit Suisse may rely in part or in full on publicly available information, internally developed data and/or external sources.

that it believes to be reliable. Credit Suisse's ability to verify such targets may be limited by the reliability of available data on the underlying assets and the status of regulations regarding the tracking and provision of such data. Credit Suisse has not independently verified the information obtained from these publicly available sources or from third parties and cannot make any representations or warranties as to its accuracy, completeness or reliability. There is a possibility that data from ESG data providers may not be accurate, available or fully up-to-date. This is particularly true when Credit Suisse has limited access to data from external parties regarding underlying investments, for example, due to the lack of look-through data. Such a lack of data could lead to an incorrect assessment of a sustainability practice and/or associated sustainability risks and opportunities. Credit Suisse cannot provide any guarantees as to the content or completeness of such ESG disclosures, which are subject to change and cannot be relied upon as a reliable source. In particular, Credit Suisse shall not be liable for any errors or omissions in connection with any ESG data contained herein or for any direct, indirect, consequential, special, punitive or other damages (including loss of profit).

Sustainability-related practices also vary by region, industry, and ESG issues, and are constantly evolving. Consequently, sustainability-related practices may change over time. Similarly, new local sustainability requirements may result in additional compliance costs, disclosure requirements or other restrictions on the subfund. The CS assessment of the appropriate classification may also change over time, including in response to regulatory guidance or changes in the industry-specific approach to classification. A change to the governing classification may require further action, such as additional disclosures or new processes for collecting data, which may result in additional costs.

None of the ESG Parties shall be liable in any way for any errors or omissions in connection with any data contained herein or for any direct, indirect, consequential, special, punitive or other damages (including loss of profit), even if advised of the possibility of such damages.

Note 1: Information on matters of particular economic or legal importance

On 19 March 2023, Credit Suisse Group AG and UBS Group AG signed a merger agreement, which was completed as of 12 June 2023. The Fund uses several of the services of and has banking relationships with consolidated subsidiaries of Credit Suisse Group AG and UBS Group AG. There are plans to merge Credit Suisse Funds AG with UBS Fund Management AG in Q2 of 2024. At this planned point in time, UBS Fund Management AG will take over as the Fund Management Company. This may result in changes in relationships and service providers in future.

Note 2: US sales restrictions

Units of this collective investment scheme may not be offered, sold or distributed within the United States and its territories. Units of this collective investment scheme may not be offered, sold or delivered to US citizens or persons domiciled or resident in the USA and/or other natural persons or legal entities whose income and/or proceeds, regardless of origin, are subject to US income tax, as well as persons who are deemed to be US persons pursuant to provision S of the US Securities Act of 1933 and/or the US Commodity Exchange Act, as amended.

¹ The fund management company has not concluded any fee-sharing agreements or agreements concerning retrocessions in the form of soft commissions.

² The TER (total expense ratio) refers to the sum of all periodically levied costs and commissions charged to the fund assets retrospectively as a percentage of the average fund assets. Any rebates/portfolio maintenance commissions from target funds were credited to the fund and thus reduce the TER. The maximum management commission of the target funds is 3%.

³ Aggregated TER, as more than 10% of net assets were invested in other collective investment schemes (target funds) as of the reporting date. The TER of the target funds can also be obtained from KIIDs, etc.

Note 7: Direct and indirect operational costs and fees from securities lending

Principle borrower setup with Credit Suisse (Switzerland) Ltd. as borrower and Credit Suisse Funds AG – acting on behalf of the sub-funds that generate income from securities lending – as lender. 60% of the income generated from securities lending until 30 April 2023 has been credited to the fund. At least 80% of the income generated from securities lending from 1 May 2023 has been credited to the fund.

Note 8: Portfolio composition

The composition of the portfolio shows portfolio changes without fractions. This may lead to rounding differences in the calculation of the total.

Note 9: Off-balance sheet transactions (commitment approach I)

For currency derivatives, only the net sale requires covering, therefore only the sell side (net) is shown in off-balance sheet transactions as exposure reducing derivatives.

Note 10: Gross/net presentation of off-balance sheet transactions (commitment approach II)

The fund has chosen not to offset derivative positions. The net total exposure from derivatives is therefore the same as the gross total exposure.

Note 11: Sub-funds or unit classes launched during the year – presentation of comparatives

Information on the statement of assets and income of sub-funds or unit classes launched during the current reporting period is shown with zero values in the previous period.

The following unit classes were activated, or deactivated due to redemptions of the entire current portfolio.

Fund name	Unit class	Swiss securities number	Launch date	Liquidation date
Credit Suisse (CH) Interest & Dividend Focus Yield CHF	IA	27 360 265		10.02.2023
Credit Suisse (CH) Privilege 35 CHF	IA25	116 503 644	08.03.2022	

Note 12: Last valuation day

The last valuation day in December (29 December 2023) is not consistent with the effective month-end of 31 December 2023. The investments of the fund were therefore valued as of 29 December 2023 and the last net asset value calculated on this day.

Note 13: Valuation of the fund assets and units

1. The net asset value of each subfund and the share of each class (quotas) is calculated at fair value at the end of the accounting year and in the unit of account of the corresponding subfund for each day on which units are issued or redeemed. For days on which the stock exchanges or markets of the main investment countries of a subfund are closed (e.g. bank and stock exchange holidays), no calculation of the assets of the corresponding subfund takes place.
2. Investments traded on a stock exchange or other regulated market open to the public shall be valued at the current prices paid on the principal market. Other investments or investments for which current prices are not available shall be valued at the price that would probably be obtained by diligent sale at the time of the estimate. In this case, the fund management company applies appropriate valuation models and principles recognised in practice to determine the market value.
3. Open-ended collective investment schemes are valued at their redemption price or net asset value. If they are regularly traded on a stock exchange or on another regulated market open to the public, the fund management company may value them in accordance with Article 2.
4. The value of money market instruments that are not traded on a stock exchange or another regulated market open to the public is determined as follows – the valuation price of such investments, starting from the net acquisition price, is successively adjusted to the redemption price while the investment return calculated therefrom remains constant. In the event of significant changes in market conditions, the valuation basis of the individual investments is adjusted to the new market return. In the absence of a current market price, the valuation is generally based on money market instruments with the same characteristics (quality and domicile of the issuer, issue currency, maturity).
5. Bank balances are measured at their receivable amount plus accrued interest. In the event of significant changes in market conditions or creditworthiness, the valuation basis for bank balances is adjusted to the new circumstances.
6. The net asset value of a unit of a class of a subfund is calculated by dividing the quota attributable to the unit class in question in the market value of the assets of this subfund less any liabilities of this subfund allocated to the unit class in question by the number of units of the corresponding class in circulation. It is rounded to the next smallest unit of account.
7. If the sum of subscriptions and redemptions of units of a subfund results in a net asset inflow or outflow on a valuation day, the net asset value of the respective subfund is increased or reduced (swinging single pricing). The maximum adjustment is 2% of the net asset value. The ancillary costs (namely customary brokerage fees, commissions, taxes and duties) as well as costs for checking and maintaining quality standards for physical investments that arise on average from the investment of the amount paid in or from the sale of a portion of the investments corresponding to the portion terminated are taken into account. The adjustment leads to an increase in the net asset value if the net movement results in an increase in the number of units of the subfund. The adjustment results in a decrease in the net asset value if the net movement causes a decrease in the number of units of the subfund. The net asset value determined using swinging single pricing is thus a modified net asset value in accordance with sentence 1 of this article. The markup or markdown on the net asset value applied in the case of subscriptions or redemptions is based on a flat-rate average value from a period defined in the prospectus in each case.
8. The share of the fair value of the net assets of a subfund (assets of a subfund less liabilities) attributable to the relevant unit classes shall be determined initially upon the first issue of several unit classes (if such issue takes place simultaneously) or that of a further unit class on the basis of the amounts accruing to the relevant subfund for each unit class. The share is recalculated for each of the following events:
 - a) issue and redemption of units;
 - b) the record date for distributions or reinvestments insofar as (i) such distributions or reinvestments only arise on individual unit classes (distribution classes or reinvestment classes) or (ii) the distributions or reinvestments of the various unit classes differ as a percentage of their relevant net asset value or (iii) different commission or cost charges arise regarding the distributions or reinvestments of the various unit classes as a percentage of the distribution or reinvestment;
 - c) the net asset value calculation as part of the allocation of liabilities (including costs and commissions due or accrued) to the various unit classes if the liabilities of the different unit classes differ as a percentage of their respective net asset values, namely where (i) different commission rates are applied to the different unit classes or where (ii) class-specific cost charges are made;
 - d) the net asset value calculation as part of the allocation of income or capital gains to the various unit classes, provided that the income or capital gains arise from transactions occurring only in the interest of one unit class or in the interest of several unit classes but not in proportion to their share of net assets of a subfund.

Note 14: Changes to the Fund Contract with effect from 1 February 2023

In its decision of 1 February 2023, the Swiss Financial Market Supervisory Authority FINMA approved the changes to the Fund Contract requested by the Fund Management Company and the Custodian Bank. The changes took effect from 3 February 2023. The notice on the electronic platform www.swissfunddata.ch on 13 December 2022 reads as follows:

By the notice published on 10 March 2023, the Fund Management Company Credit Suisse Funds AG, Zurich, and the Custodian Bank Credit Suisse (Switzerland) Ltd., Zurich informed investors in CS Fund 1 concerning upcoming amendments to the Fund Contract. In addition to the publication of 10 March 2023, notice is given by this one-time supplemental publication concerning the following changes:

1. Amendment of the prospectus

The Prospectus (but not the Fund Contract) will be amended for the sub-funds indicated below, although Chapter §8 Investment objective and investment policy, Section 4 of the Fund Contract will not be affected for the sub-funds mentioned:

Credit Suisse (CH) Privilege 35 CHF

Credit Suisse (CH) Privilege 45 CHF

Credit Suisse (CH) Privilege 75 CHF

Section 1.10.1 Investment objective and investment policy applicable to the above-mentioned sub-funds will be clarified for the three sub-funds indicated as regards the BVV2 (Ordinance of on Occupational Old Age, Survivors' and Invalidity Pension Provision) linkage for investments in collective investment schemes. The respective wording will now be as follows (changes to the paragraph marked in bold):

Credit Suisse (CH) Privilege 35 CHF

In adopting the following rules, the Fund Management Company has acted largely in line with the requirements set forth in the Swiss Federal Act on Occupational Old Age, Survivors' and Invalidity Pension Provision (Bundesgesetz über die berufliche Alters-, Hinterlassenen- und Invalidenvorsorge, BVG) and the related ordinance (Ordinance of 18 April 1984 on Occupational Old Age, Survivors' and Invalidity Pension Provision, BVV2). **The Fund Management Company assesses the compatibility of collective investment schemes with the BVG/BVV2 without any consideration to the underlying investments based on the fund documentation of the respective collective investment schemes. In particular, the following collective investment schemes qualify under § 8 Investment objective and investment policy, section 4, letter D, Section 2 and Section 3 of the Fund Contract: Collective investment schemes established according to KAG Commitment Approach I; index funds; other collective investment schemes that do not expressly envisage short positions or leverage in their investment policy.** However, when implementing the investment policy the Fund Management Company is obliged to act exclusively in accordance with the requirements set forth in the legislation applicable to collective investment schemes.

Credit Suisse (CH) Privilege 45 CHF

In adopting the following rules, the Fund Management Company has acted largely in line with the requirements set forth in the Swiss Federal Act on Occupational Old Age, Survivors' and Invalidity Pension Provision (Bundesgesetz über die berufliche Alters-, Hinterlassenen- und Invalidenvorsorge, BVG) and the related ordinance (Ordinance of 18 April 1984 on Occupational Old Age, Survivors' and Invalidity Pension Provision, BVV2). The Fund Management Company assesses the compatibility of collective investment schemes with the BVG/BVV2 without any consideration to the underlying investments based on the fund documentation of the respective collective investment schemes. In particular, the following collective investment schemes qualify under § 8 Investment objective and investment policy, section 4, letter E, Section 2 and Section 3 of the Fund Contract: Collective investment schemes established according to KAG Commitment Approach I; index funds; other collective investment schemes that do not expressly envisage short positions or leverage in their investment policy. However, when implementing the investment policy the Fund Management Company is obliged to act exclusively in accordance with the requirements set forth in the legislation applicable to collective investment schemes.

Credit Suisse (CH) Privilege 75 CHF

In adopting the following rules, the Fund Management Company has acted largely in line with the requirements set forth in the Swiss Federal Act on Occupational Old Age, Survivors' and Invalidity Pension Provision (Bundesgesetz über die berufliche Alters-, Hinterlassenen- und Invalidenvorsorge, BVG) and the related ordinance (Ordinance of 18 April 1984 on Occupational Old Age, Survivors' and Invalidity Pension Provision, BVV2). However, the maximum equity component exceeds the category limit for equities prescribed under the BVV 2. The Fund Management Company assesses the compatibility of collective investment schemes with the BVG/BVV2 without any consideration to the underlying investments based on the fund documentation of the respective collective investment schemes. In particular, the following collective investment schemes qualify under § 8 Investment objective and investment policy, section 4, letter F, Section 2 and Section 3 of the Fund Contract: Collective investment schemes established according to KAG Commitment Approach I; index funds; other collective investment schemes that do not expressly envisage short positions or leverage in their investment policy. However, when implementing the investment policy the Fund Management Company is obliged to act exclusively in accordance with the requirements set forth in the legislation applicable to collective investment schemes.

Report of the audit company

Summary report by the auditing company according to the Swiss Collective Investment Schemes Act

**for the Board of Directors of the Fund Management Company Credit
Suisse Funds AG, Zurich**

Summary report on the audit of the financial statements

Audit opinion

We have audited the financial statements of the umbrella fund CS Fund 1 with the sub-fund

- Credit Suisse (CH) Interest & Dividend Focus Yield CHF
- Credit Suisse (CH) Interest & Dividend Focus Balanced CHF
- Credit Suisse (CH) Interest & Dividend Focus Growth CHF
- Credit Suisse (CH) Privilege 35 CHF
- Credit Suisse (CH) Privilege 45 CHF
- Credit Suisse (CH) Privilege 75 CHF
- Credit Suisse (CH) Privilege 20 CHF

comprising the balance sheet as at 31 December 2023, the income statement for the year ended, information concerning the allocation of income and the disclosure of costs as well as other information provided for under Article 89(1)(b)–(h) of the Swiss Collective Investment Schemes Act (Kollektivanlagengesetz, KAG).

In our opinion, the enclosed financial statements (pages 3 and 12 to 168) comply with the Swiss Collective Investment Schemes Act, the related ordinances, the Fund Contract and the Prospectus.

Basis for the audit opinion

We have conducted our audit according to Swiss law and the Swiss Auditing Standards (SA-CH). Our responsibilities under these provisions and standards are described in detail in the section of our report entitled "Responsibilities of the auditing company according to the Swiss Collective Investment Schemes Act for auditing the financial statements". We are independent of the investment fund and the Fund Management Company in accordance with Swiss statutory provisions and the requirements of professional ethics, and we have complied with our other professional rules of conduct in accordance with these requirements.

We take the view that the audit documentation obtained by us is sufficient and suitable to act as a basis for our audit opinion.

Other information

The Board of Directors of the Fund Management Company is responsible for other information. Other information is made up of information contained in the annual report, although not the financial statements and our related report.

PricewaterhouseCoopers AG, Birchstrasse 160, Postfach, 8050 Zurich
Telephone: +41 58 792 44 00, www.pwc.ch

Our audit opinion concerning the financial statements does not apply to other information, and we do not express any audit conclusions in any form whatsoever concerning it.

Within the ambit of our audit, we are responsible for reading the other information and assessing whether the other information features any material discrepancies with the financial statements or the information obtained by us during the course of the audit, or otherwise appears to contain significant misstatements.

If we reach the conclusion, based on the work carried out by us, that this other information contains materially incorrect indications, we are obliged to report on this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund Management Company for the financial statements

The Board of Directors of the Fund Management Company is responsible for drawing up financial statements in accordance with the Swiss Collective Investment Schemes Act, the related ordinances, the Fund Contract and the Prospectus as well as for any internal controls that the Board of Directors considers to be necessary in order to enable the preparation of financial statements that are free from material misstatement due to fraud or error.

Responsibilities of the auditing company according to the Swiss Collective Investment Schemes Act for the auditing of the financial statements

We aim to establish with sufficient certainty whether the financial statements as a whole are free from material misstatement due to fraud or error and to issue a report containing our audit opinion. Sufficient certainty means a high level of certainty but not a guarantee that an audit carried out according to Swiss law and the SA-CH will always discover any material misstatement, should any be present. Misstatements may result from fraud or error and are deemed to be material if, considered individually or as a whole, they could reasonably be expected to influence any financial decisions made by users on the basis of these financial statements.

As part of an audit carried out according to Swiss law and the SA-CH, we exercise all due discretion throughout the entire audit and maintain a critical stance. In addition:

- we identify and assess the risks of material misstatement within the financial statements due to fraud or error, we plan and carry out audit activities in response to these risks and we obtain audit documentation that is sufficient and suitable to act as a basis for our audit opinion. The risk that material misstatements due to fraud may not be discovered is higher than it is for material misstatements due to error as fraudulent acts may include collusion, forgery, intentional incompleteness, misleading statements or the deactivation of internal controls.
- we gain an understanding of the internal control system relevant for the audit in order to plan audit activities that are appropriate under the specific circumstances, although not with the aim of issuing an audit opinion on the efficacy of the investment fund's internal control system.
- we assess the appropriateness of the accounting methods applied as well as the plausibility of any estimated figures reported within the accounts as well as related information.

We liaise with the Board of Directors of the Fund Management Company or its competent committee, amongst other things concerning the planned extent and the scheduling of the audit as well as concerning significant audit findings, including any significant defects within the internal control system identified by us during the course of our audit.
