- USD

Notice of 13 April 2022

1. General changes

The prospectus with integrated fund contract has been modified in line with the provisions of the Swiss Financial Services Act (FinSA), the revised Collective Investment Schemes Act (CISA), the related ordinances and the new model documents based on them.

2. Units and unit classes (§ 6)

In item 4, the following unit classes are now to be described as follows:

"P": Class 'P' units are offered to all investors. There is no minimum subscription or minimum holding. Unit class 'P' differs from unit class 'K-1' in the level of the flat management fee and the initial subscription price (see item 1.1, table in the prospectus). Class 'P' units are issued only in the form of bearer units. The issue and redemption of units through contributions and redemptions in kind (see § 17 item 7) is not permitted for class 'P' units.

'K-1': Class 'K-1' units are offered to all investors. There is no minimum subscription or minimum holding. Investors who wish to invest in this unit class must subscribe to units for an amount equal to the initial subscription price. For further subscriptions, they must subscribe at least the difference between the value of the units they already hold and the initial subscription price. If an investor holds units of the unit class worth the specified initial subscription price, all subsequent subscriptions will be accepted. Unit class 'K-1' differs from unit class 'P' in the level of the flat management fee and the initial subscription price (see item 1.1, table in the prospectus). Class 'K-1' units are issued only in the form of bearer units. The issue and redemption of units through contributions and redemptions in kind (see § 17 item 7) is not permitted for class 'K-1' units.

'Q': Class 'Q' units are exclusively offered to financial intermediaries that make investments for their own account and/or to clients of such financial intermediaries who, in accordance with regulatory requirements, are not permitted to receive a distribution commission and/or who, under written agreements or agreements on fund savings plans with their clients, may only offer them classes without retrocession, if available in the relevant investment fund."

The description of unit classes "I-B", "I-X" and "U-X" is to be expanded with information indicating that the fee schedule set out in the respective agreement with investors may vary depending on the investor.

3. Investment policy (§ 8)

The investment objective for all sub-funds is now to be described in item 2 (a).

The provisions for all sub-funds are to be supplemented as follows in item 2 (b) with regard to their categorization as ESG integration funds:

"UBS Asset Management categorizes this sub-fund as an ESG integration fund. However, it does not promote any particular ESG features or have a specific sustainability or impact objective."

In item 2 (cc) the minimum rating for all sub-funds is to be updated (from A3/A to Baa1/BBB+).

4. Fees and incidental costs charged to the investor (§ 18)

When units are issued, it is to be made possible to charge investors an issuing commission accruing to the fund management company, the custodian bank and/or distribution agents in Switzerland and abroad which in total must not exceed 3% (previously 2%) of the net asset value.

5. Appropriation of net income (§ 22)

§ 22 is to be amended to include the following item 3:

"Any reinvestment can be waived and the entire net income can be carried forward to the new account if:

- the net income of the current financial year and the income carried forward from earlier financial years of the collective investment scheme or a unit class amounts to less than 1% of the net asset value of the collective investment scheme or the unit class, and*
- the net income of the current financial year and the income carried forward from earlier financial years of the collective investment scheme or a unit class amounts to less than one unit of the accounting currency of the collective investment scheme or the unit class."*

The amendments to the fund contract were approved by the Swiss Financial Market Supervisory Authority FINMA on 30 January 2023. The amendments entered into force on 1 February 2023.

Notice of 11 May 2023

1. The investors (§ 5)

In item 9 section b the following is to be added:

"...the investor no longer meets the legal or contractual requirements to participate in a sub-fund. However, if a financial intermediary no longer meets the requirements for the minimum holding of unit class "QL" during the holding period, its clients who have previously invested in the corresponding unit class may retain their units."

2. Units and unit classes (§ 6)

In item 4, the new unit class "QL" is to be added:

"The sub-funds '- EUR', '- USD' and '- CHF' currently have the following unit classes designated as 'P', 'K-1', 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B', 'I-X' and 'U-X'."

In item 4 section B para. a, the comparative features of unit class "Q" are to be adjusted as follows:

"Class 'Q' units are exclusively offered to financial intermediaries that make investments for their own account and/or to clients of such financial intermediaries who, in accordance with regulatory requirements, are not permitted to receive a distribution commission and/or who, under written agreements or agreements on fund savings plans with their clients, may only offer them classes without retrocession, if available in the relevant investment fund.

Unit class 'Q' differs from unit classes 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B', 'I-X' and 'U-X' in the level of commission charged and from unit classes 'F', 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER', 'I-B', 'I-X' and 'U-X' in the commission structure. Furthermore, unit class 'Q' differs from unit classes 'QL', 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER' in that no minimum subscription or minimum holding is required. Finally, unit class 'Q' differs from 'F', 'INSTITUTIONAL', 'I-B', 'I-X' and 'U-X' for the sub-fund '- CHF' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table)..."

In item 4 section B para. b, the new unit class "QL" is to be added:

"QL": Class 'QL' units are offered exclusively to clients of such financial intermediaries who, according to regulatory requirements, are not permitted to receive a distribution commission and/or who, according to written agreements with their clients, are only able to offer classes without retrocession to their clients, provided they are available in the relevant investment fund.

Unit class 'QL' differs from unit classes 'Q', 'INSTITUTIONAL', 'PREFERRED', 'I-B', 'I-X' and 'U-X' for the sub-funds '- EUR' and '- USD' in the level of commission. Furthermore, unit class 'QL' differs from unit classes 'Q', 'F', 'INSTITUTIONAL', 'PREFERRED', 'I-B', 'I-X' and 'U-X' for the sub-fund '- CHF' in the level of commission. Unit class 'QL' also differs from unit classes 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B', 'I-X' and 'U-X' in the commission structure. Unit class 'QL' also differs from unit classes 'Q', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B', 'I-X' and 'U-X' in that a minimum holding is required for clients of the financial intermediary. Finally, unit class 'QL' differs from 'F', 'INSTITUTIONAL', 'I-B', 'I-X' and 'U-X' for the sub-fund '- CHF' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). For the sub-funds '- EUR' and '- USD', unit class 'Q' differs from unit class 'U-X' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). Class 'QL' units are issued only in the form of registered units. The issue and redemption of units through contributions and redemptions in kind (see § 17 item 7) is not permitted for class 'QL' units."

In item 4 section B para. c, the comparative features of unit class "F" are to be adjusted as follows:

"Class 'F' units can only be issued to investors who have entered into a written agreement with group companies of UBS Group AG.

Unit class 'F' differs from unit classes 'Q', 'QL', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B', 'I-X' and 'U-X' in the level of commission. Furthermore, unit class 'F' differs from unit classes 'Q', 'QL', 'I-B', 'I-X' and 'U-X' in the commission structure. Unit class 'F' differs from unit classes 'QL', 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER' in that no minimum subscription or minimum holding is required, and from unit classes 'Q' and 'QL' in that a written agreement is required. Unit class 'F' also differs from 'Q', 'QL', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B', 'I-X' and 'U-X' for the sub-fund '- CHF' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). For the sub-funds '- EUR' and '- USD', unit class 'F' differs from unit class 'U-X' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). Class 'F' units are issued only in the form of registered units. The issue and redemption of units through contributions and redemptions in kind (see § 17 item 7) is not permitted for class 'F' units."

In item 4 section B para. d, the comparative features of unit classes "INSTITUTIONAL", "PREFERRED" and "PREMIER" are to be adjusted as follows:

"To invest in any of these unit classes, a written agreement must be entered into with UBS or one of its authorized contractual partners, or the requirement of a minimum subscription or minimum holding must be met. With the exception of unit classes 'PREMIER' and 'F' of the sub-funds '- EUR' and '- USD' and unit classes 'INSTITUTIONAL' and 'K-1' of the sub-funds '- EUR' and '- CHF', the unit classes differ from each other and from unit classes 'Q', 'QL', 'F', 'I-B', 'I-X' and 'U-X' in the level of commission. Furthermore, unit classes 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER' differ from each other and from unit classes 'Q', 'QL', 'I-B', 'I-X' and 'U-X' in the commission structure. Unit classes 'QL', 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER' also differ from unit classes 'Q', 'F', 'I-B', 'I-X' and 'U-X' in that they require a minimum subscription or minimum holding. Finally, with the exception of unit classes 'Q', 'QL', 'PREFERRED' and 'PREMIER', unit classes 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER' differ from 'F', 'I-B', 'I-X' and 'U-X' for the sub-fund '- CHF' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). An exception applies in relation to unit classes 'Q', 'QL', 'P', 'PREFERRED' and 'PREMIER', whose initial subscription price is the same. For the sub-funds '- EUR' and '- USD', unit classes 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B' and 'I-X' differ from unit classes 'U-X' and 'K-1' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). These classes of units are issued only in the form of registered units. The issue and redemption of units through contributions and redemptions in kind (see § 17 item 7) is not permitted for unit classes 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER'."

"Unit class 'I-B' differs from unit classes 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-X' and 'U-X' in the level and structure of the commission, from unit classes 'QL', 'INSTITUTIONAL', 'PREFERRED' and 'PREMIER' in that there is no minimum subscription or minimum holding, and from unit classes 'Q' and 'QL' in that a written agreement with UBS Asset Management Switzerland AG or one of its authorized contractual partners is required for the purposes of

investing in one or more of the sub-funds of this investment fund. Finally, unit class 'I-B' differs from 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-X' and 'U-X' for the sub-fund '- CHF' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). For the sub-funds '- EUR' and '- USD', unit class 'I-B' differs from unit class 'U-X' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). Class 'I-B' units are issued only in the form of registered units."

In item 4 section B para. f, the comparative features of unit class "I-X" are to be adjusted as follows:

"I-X": Class 'I-X' units are exclusively available to qualified investors in accordance with Art. 10 para. 3 to 3ter CISA who have signed a written agreement with UBS AG or one of its authorized contractual partners for the purposes of investing in one or more of the sub-funds of this investment fund. The costs for the asset management and fund administration (including fund management company, administrator and custodian bank) and for distribution are charged to the investor under the written agreement. The fee schedule set out in this agreement may vary depending on the investor (see item. 1.11.3 of the prospectus).

Unit class 'I-X' differs from unit classes 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER' and 'I-B' in the level and structure of the commission, from unit classes 'QL', 'INSTITUTIONAL', 'PREFERRED', and 'PREMIER' in that no minimum subscription or minimum holding is required and from unit classes 'Q' and 'QL' in that a written agreement with UBS Asset Management Switzerland AG or one of its authorized contractual partners is required for the purposes of investing in one or more of the sub-funds of this investment fund. Finally, unit class 'I-X' differs from 'QL', 'Q', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B' and 'U-X' for the sub-fund '- CHF' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). For the sub-funds '- EUR' and '- USD', unit class 'I-X' differs from unit class 'U-X' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). Class 'I-X' units are issued only in the form of registered units."

In item 4 section B para. g, the comparative features of unit class "U-X" are to be adjusted as follows:

"Class 'U-X' units are exclusively available to qualified investors in accordance with Art. 10 para. 3 to 3ter CISA who have signed a written agreement with UBS or one of its authorized contractual partners for the purposes of investing in one or more of the sub-funds of this investment fund. The costs for the asset management and fund administration (including fund management company, administrator and custodian bank) and for distribution are charged to the investor under the written agreement. The fee schedule set out in this agreement may vary depending on the investor (see item. 1.11.3 of the prospectus). This unit class is exclusively geared towards financial products (i.e. funds of funds or other pooled structures pursuant to different legislation in various countries).

Unit class 'U-X' differs from unit classes 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER' and 'I-B' in the level and structure of the commission, from unit classes 'QL', 'INSTITUTIONAL', 'PREFERRED', and 'PREMIER' in that no minimum subscription or minimum holding is required and from unit classes 'Q' and 'QL' in that a written agreement with UBS Asset Management Switzerland AG or one of its authorized contractual partners is required for the purposes of investing in one or more of the sub-funds of this investment fund. Finally, unit class 'U-X' differs from unit classes 'Q', 'QL', 'F', 'INSTITUTIONAL', 'PREFERRED', 'PREMIER', 'I-B' and 'I-X' for the sub-funds '- CHF', '- EUR' and '- USD' with regard to the initial subscription price, as specified in the prospectus (item 1.5, table). Class 'U-X' units are issued only in the form of registered units."

In item 6, the following is to be added:

"...If the investor fails to comply with this request, the fund management company, in conjunction with the custodian bank, must proceed either with a forced conversion into another class of units in the respective sub-fund or, where this is not possible, with forced redemption of the units in question in accordance with § 5 item 9. If a financial intermediary no longer meets the requirements for the minimum holding of unit class 'QL' during the holding period, its clients who have previously invested in the corresponding unit class may retain their units. However, the subscription of new units remains excluded under these circumstances."

3. Fees and incidental costs charged to the investor (§ 18)

When units are issued, it is to be made possible to charge investors an issuing commission accruing to the fund management company, the custodian bank and/or distribution agents in Switzerland and abroad which in total must not exceed 3% (previously 2%) of the net asset value.

4. Fees and incidental costs charged to the sub-funds' assets (§ 19)

Unit class "QL" is to be added to the table as follows:

"Class 'QL' units

Flat management fee of the fund management company for management, asset management and for remuneration of the custodian bank (p.a.): 0.15%"

The amendments to the fund contract were approved by the Swiss Financial Market Supervisory Authority FINMA on 15 June 2023. The amendments entered into force on 16 June 2023.

¹ Purchases include the following transactions: allotment from subscription / allotment from option rights / option rights / allotment of subscription rights from underlying stocks / bonus securities / change of corporate names / conversions / purchases / share exchange between companies / stock splits / stock dividends / optional dividends / transfers / transfer due to redenomination in euro / subscriptions in kind

² Sales include the following transactions: cancellation as a result of expiry / draws by lot / exercise of rights / options / repayments / reverse-splits / sales / share exchange between companies / transfers / transfer due to redenomination in euro / redemptions in kind

³ Divergences in the totals may be attributed to rounding differences

* valued at prices paid on the main market (art. 88 para. 1 CISA)

** valuation based on market-observed parameters

Supplementary information

Derivative financial instruments

Risk assessment process Commitment approach II:
Art. 35ff CISO-FINMA

There were no contracts in derivative financial instruments open at balance sheet date.

Securities Lending

The fund management company does not at present conduct any securities lending transactions.

Repurchase agreements

The fund management company does not at present conduct any repo transactions.

Remuneration of the Fund Management

Flat fee

– Actual flat fee:

– Class I-B	0.035% p.a.; ¹
– Class INSTITUTIONAL	0.18% p.a.; ¹
– Class PREFERRED	0.05% p.a.;
– Class PREMIER	0.05% p.a.;
– Class I-X	0.00% p.a.;
– Class P	0.50% p.a.;
– Class Q	0.24% p.a.; ²
– Class QL	0.10% p.a.

– Maximum flat fee as specified in the fund contract:

– Class I-B	0.07% p.a.;
– Class INSTITUTIONAL	0.28% p.a.;
– Class PREFERRED	0.25% p.a.;
– Class PREMIER	0.22% p.a.;
– Class I-X	0.00% p.a.;
– Class P	0.92% p.a.;
– Class Q	0.24% p.a.;
– Class QL	0.15% p.a.

based on the average net fund assets.

Soft Commission Arrangements

The fund management company has not concluded any arrangements in the form of "soft commission arrangements".

¹ During the year, the actual flat fee was adjusted from 0.05% to 0.18%.

² During the year, the actual flat fee was adjusted several times from 0.05% to 0.24%.

Total Expense Ratio (TER)

This ratio was calculated in accordance with the AMAS's "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" in the current version and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

– Class I-B	0.04%
– Class INSTITUTIONAL	0.15%
– Class I-X	0.00%

TER annualized:

– Class PREFERRED	0.14%
– Class PREMIER	0.09%
– Class P	0.48%
– Class Q	0.21%
– Class QL	0.12%

Issue and redemption price

If, on any one order day, the sum of subscriptions and redemptions of units in a sub-fund results in a net inflow or outflow, the sub-fund's valuation net asset value will be increased or reduced accordingly (swinging single pricing). The maximum adjustment level generally amounts to 2% of the valuation net asset value. However, in exceptional circumstances, the fund management company may decide to temporarily apply an adjustment of more than 2% of the prevailing net asset value for each sub-fund and/or valuation day, if it has sufficient grounds to believe that the adjustment is justified in view of prevailing market conditions and in the best interests of investors. A temporary adjustment will be calculated in accordance with the procedure set out by the fund management company. Existing and new investors will be informed of the sufficiently substantiated decision on the application of this temporary measure and of its expiry by announcement in the umbrella fund's official medium of publication. The supervisory authority will also be notified. A modified valuation net asset value covers incidental costs (bid/ask spread, brokerage at standard market rates, commissions, duties, etc.) that accrue to the fund on average from the investment of a net inflow or from the sale of a portion of investments corresponding to the net outflow. The adjustment results in an increase of the valuation net asset value if net movements result in an increase in the number of units in the sub-fund. Conversely, the adjustment results in a reduction of the valuation net asset value if net movements lead to a reduction in the number of units. The valuation net asset value calculated on the basis of swinging single pricing is thus a modified, or "swung", valuation net asset value.

Valuation of the sub-fund's assets and calculation of the net asset value

See in the appendix of the supplementary information.

¹ The sub-fund (in accordance with the Fund Contract) does not have a benchmark, which means that the performance of the fund cannot be compared with a benchmark.

² Due to the launch of the unit class during the financial year, no historical performance data is available.

Historical performance is no indicator of current or future performance.

The performance data does not take account of any commissions and costs charged when subscribing and redeeming units.

Structure of the securities portfolio

³ Divergences in the totals may be attributed to rounding differences

* valued at prices paid on the main market (art. 88 para. 1 CISA)

** valuation based on market-observed parameters

Supplementary information

Derivative financial instruments

Risk assessment process Commitment approach II:
Art. 35ff CISO-FINMA

There were no contracts in derivative financial instruments open at balance sheet date.

Securities Lending

The fund management company does not at present conduct any securities lending transactions.

Repurchase agreements

The fund management company does not at present conduct any repo transactions.

Remuneration of the Fund Management

Flat fee

– Actual flat fee:	
– Class F	0.10% p.a.;
– Class INSTITUTIONAL	0.18% p.a.; ¹
– Class PREFERRED	0.14% p.a.; ²
– Class PREMIER	0.10% p.a.;
– Class I-X	0.00% p.a.;
– Class K-1	0.24% p.a.; ³
– Class P	0.50% p.a.; ⁴
– Class Q	0.24% p.a.; ⁵
– Class QL	0.10% p.a.
– Maximum flat fee as specified in the fund contract:	
– Class F	0.30% p.a.;
– Class INSTITUTIONAL	0.28% p.a.;
– Class PREFERRED	0.25% p.a.;
– Class PREMIER	0.22% p.a.;
– Class I-X	0.00% p.a.;
– Class K-1	0.34% p.a.;
– Class P	0.92% p.a.;
– Class Q	0.24% p.a.;
– Class QL	0.15% p.a.

based on the average net fund assets.

Soft Commission Arrangements

The fund management company has not concluded any arrangements in the form of "soft commission arrangements".

¹ The actual flat fee increased from 0.12% to 0.18% p.a. as a result of adjustments made during the year.

² The actual flat fee increased from 0.12% to 0.14% p.a. as a result of adjustments made during the year.

³ The actual flat fee increased from 0.12% to 0.24% p.a. as a result of adjustments made during the year.

⁴ The actual flat fee increased from 0.12% to 0.50% p.a. as a result of adjustments made during the year.

⁵ The actual flat fee increased from 0.12% to 0.24% p.a. as a result of adjustments made during the year.

Total Expense Ratio (TER)

This ratio was calculated in accordance with the AMAS's "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" in the current version and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

– Class F	0.10%
– Class INSTITUTIONAL	0.18%
– Class PREFERRED	0.14%
– Class PREMIER	0.10%
– Class I-X	0.00%
– Class K-1	0.24%
– Class P	0.45%
– Class Q	0.24%

TER annualized:

– Class QL	0.12%
------------	-------

Issue and redemption price

If, on any one order day, the sum of subscriptions and redemptions of units in a sub-fund results in a net inflow or outflow, the sub-fund's valuation net asset value will be increased or reduced accordingly (swinging single pricing). The maximum adjustment level generally amounts to 2% of the valuation net asset value. However, in exceptional circumstances, the fund management company may decide to temporarily apply an adjustment of more than 2% of the prevailing net asset value for each sub-fund and/or valuation day, if it has sufficient grounds to believe that the adjustment is justified in view of prevailing market conditions and in the best interests of investors. A temporary adjustment will be calculated in accordance with the procedure set out by the fund management company. Existing and new investors will be informed of the sufficiently substantiated decision on the application of this temporary measure and of its expiry by announcement in the umbrella fund's official medium of publication. The supervisory authority will also be notified. A modified valuation net asset value covers incidental costs (bid/ask spread, brokerage at standard market rates, commissions, duties, etc.) that accrue to the fund on average from the investment of a net inflow or from the sale of a portion of investments corresponding to the net outflow. The adjustment results in an increase of the valuation net asset value if net movements result in an increase in the number of units in the sub-fund. Conversely, the adjustment results in a reduction of the valuation net asset value if net movements lead to a reduction in the number of units. The valuation net asset value calculated on the basis of swinging single pricing is thus a modified, or "swung", valuation net asset value.

Valuation of the sub-fund's assets and calculation of the net asset value

See in the appendix of the supplementary information.

Derivative financial instruments

Risk assessment process Commitment approach II:
Art. 35ff CISO-FINMA

There were no contracts in derivative financial instruments open at balance sheet date.

Securities Lending

The fund management company does not at present conduct any securities lending transactions.

Repurchase agreements

The fund management company does not at present conduct any repo transactions.

Remuneration of the Fund Management

Flat fee

- Actual flat fee:
 - Class F 0.10% p.a.;¹
 - Class I-B 0.035% p.a.;
 - Class INSTITUTIONAL 0.18% p.a.;²
 - Class PREFERRED 0.14% p.a.;
 - Class PREMIER 0.10% p.a.;
 - Class I-X 0.00% p.a.;
 - Class P 0.50% p.a.;
 - Class Q 0.24% p.a.;
 - Class QL 0.10% p.a.
- Maximum flat fee as specified in the fund contract:
 - Class F 0.30% p.a.;
 - Class I-B 0.07% p.a.;
 - Class INSTITUTIONAL 0.28% p.a.;
 - Class PREFERRED 0.25% p.a.;
 - Class PREMIER 0.22% p.a.;
 - Class I-X 0.00% p.a.;
 - Class P 0.92% p.a.;
 - Class Q 0.24% p.a.;
 - Class QL 0.15% p.a.

based on the average net fund assets.

Soft Commission Arrangements

The fund management company has not concluded any arrangements in the form of "soft commission arrangements".

¹ During the year, the actual flat fee was adjusted several times from 0.05% to 0.10%.

² During the year, the actual flat fee was adjusted several times from 0.05% to 0.18%.

³ During the year, the actual flat fee was adjusted several times from 0.05% to 0.14%.

⁴ During the year, the actual flat fee was adjusted several times from 0.05% to 0.10%.

⁵ During the year, the actual flat fee was adjusted several times from 0.05% to 0.50%.

⁶ During the year, the actual flat fee was adjusted several times from 0.05% to 0.24%.

Total Expense Ratio (TER)

This ratio was calculated in accordance with the AMAS's "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" in the current version and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

– Class F	0.05%
– Class I-B	0.04%
– Class INSTITUTIONAL	0.05%
– Class I-X	0.00%

TER annualized:

– Class PREFERRED	0.10%
– Class PREMIER	0.09%
– Class P	0.42%
– Class Q	0.21%
– Class QL	0.10%

Issue and redemption price

If, on any one order day, the sum of subscriptions and redemptions of units in a sub-fund results in a net inflow or outflow, the sub-fund's valuation net asset value will be increased or reduced accordingly (swinging single pricing). The maximum adjustment level generally amounts to 2% of the valuation net asset value. However, in exceptional circumstances, the fund management company may decide to temporarily apply an adjustment of more than 2% of the prevailing net asset value for each sub-fund and/or valuation day, if it has sufficient grounds to believe that the adjustment is justified in view of prevailing market conditions and in the best interests of investors. A temporary adjustment will be calculated in accordance with the procedure set out by the fund management company. Existing and new investors will be informed of the sufficiently substantiated decision on the application of this temporary measure and of its expiry by announcement in the umbrella fund's official medium of publication. The supervisory authority will also be notified. A modified valuation net asset value covers incidental costs (bid/ask spread, brokerage at standard market rates, commissions, duties, etc.) that accrue to the fund on average from the investment of a net inflow or from the sale of a portion of investments corresponding to the net outflow. The adjustment results in an increase of the valuation net asset value if net movements result in an increase in the number of units in the sub-fund. Conversely, the adjustment results in a reduction of the valuation net asset value if net movements lead to a reduction in the number of units. The valuation net asset value calculated on the basis of swinging single pricing is thus a modified, or "swung", valuation net asset value.

Valuation of the sub-fund's assets and calculation of the net asset value

See in the appendix of the supplementary information.

Appendix to Supplementary information

Valuation of the sub-fund's assets and calculation of the net asset value

Valuation of the sub-fund's assets

1. Each sub-fund's net asset value (valuation net asset value) and the proportions of the individual classes (percentages) shall be calculated in the currency units of the respective sub-fund at market value as of the close of the financial year and for each day on which units are issued or redeemed. The individual sub-fund's assets are not calculated on days when the stock exchanges or markets in the sub-fund's main investment countries are closed (e.g. bank and stock exchange holidays). However, the fund management company may also calculate the net asset value of a unit ("non-tradable net asset value") on days on which no units are issued or redeemed (cf. 1.7 of the prospectus). Such non-tradable NAVs may be published, but may only be used for the calculation of performance statistics or commissions. Under no circumstances may they be used as a basis for subscription or redemption orders.
2. Investments listed on a stock exchange or traded on another regulated market open to the public are valued at the current prices paid on the main market. Other investments or investments for which no current market price is available shall be valued at the price likely to be obtained if a sale were conducted with proper care at the time of the valuation. In such cases the fund management company shall use appropriate and recognised valuation models and principles to determine the market value.
3. Open-end collective investment schemes are valued using their redemption price or net asset value. If they are listed on a stock exchange or regularly traded on another regulated market open to the public, the fund management company may value them pursuant to prov. 2.
4. The value of money market instruments which are not listed on a stock exchange or traded on another regulated market open to the public is calculated as follows: The valuation price of such investments is based on the respective interest rate curve. The valuation based on the yield curve comprises the two components of interest rate and spread. The following principles are applied: For each money market instrument, the next rates of interest in respect of the residual term are extrapolated. The rate of interest thus established is converted into a market rate, adding a spread which reflects the creditworthiness of the underlying borrower. This spread is adjusted in the event of a significant change in the borrower's credit rating.
5. Bank deposits shall be valued using their exposure amount plus accrued interest. In the event of significant changes in market conditions or the credit rating, the valuation basis for bank deposits on demand is adjusted in line with the new conditions.
6. Derivative financial instruments traded on a stock market or on any other regulated market open to the public, are valued at the current prices paid on the main market. Derivative financial instruments which are not traded on a stock market or on any other regulated market open to the public (OTC derivatives), are valued at the price which would likely be obtained through careful sale at the time of the estimation. In this case, the fund management uses

appropriate and approved evaluation models and principles to determine the current market value.

7. The percentages of the market value of a sub-fund's net assets (sub-funds assets less liabilities) which are to be attributed to the respective unit classes are determined for the first time with the initial issue of multiple unit classes (if they are issued simultaneously) or the initial issue of an additional unit class, on the basis of the inflows to the sub-fund for each unit class. The percentage will be recalculated in any of the following events:
 - a) upon the issue and redemption of units;
 - b) on the cut-off date for distributions, provided (i) such distributions accrue only to individual unit classes (distribution classes) or provided (ii) the distributions of various unit classes as a percentage of the respective net asset value differ, or provided (iii) different commission or cost charges accrue on the distributions of various unit classes as a percentage of the distribution;
 - c) for the calculation of the net asset value, in the context of the allocation of liabilities (including costs and commissions which are due or have accrued) to the various unit classes, provided the liabilities of the various unit classes vary as percentages of their respective net asset values, namely if (i) different commission rates are applied for the different unit classes or if (ii) class-specific cost charges arise;
 - d) for the calculation of net asset value, in terms of the allocation of income or investment income to the various unit classes, provided the income or investment income accrues from transactions which were carried out in the interest of one unit class or in the interest of several unit classes, but not in proportion to their share of net fund assets.

Calculation of the net asset value

The net asset value of a unit of a sub-fund class represents the percentage of the unit class concerned in the market value of a sub-fund's assets, less all the liabilities of this sub-fund allocated to the respective unit class, divided by the number of units of the relevant class in circulation. This is rounded to the smallest unit of the accounting currency of the individual sub-fund.

Basel, 25 January 2024

Short report by the statutory auditors

To the Board of Directors of the fund management company on the annual financial statements of

UBS (CH) Money Market Fund, Basel

Report on the audit of the annual financial statements

Auditor's opinion

We have audited the annual financial statements of the investment fund

UBS (CH) Money Market Fund

with the sub-funds

- ▶ EUR
- ▶ USD
- ▶ CHF

consisting of the statements of assets as at 30 September 2023, the income statements for the year ending on that date, information on the appropriation of net profit and the disclosure of costs, as well as further details in accordance with Art. 89, para. 1 b-h of the Swiss Federal Act on Collective Investment Schemes (CISA).

In our opinion, the annual financial statements (pages 3 until 53) have been prepared in accordance with the Swiss Federal Act on Collective Investment Schemes, its related ordinances and the fund contract and the prospectus.

Basis for the opinion

We conducted our audit in accordance with Swiss law and Swiss auditing standards (SA-CH). Our responsibilities under these provisions and standards are described in more detail in the section "Responsibilities of the statutory auditors for audit of the annual financial statements" of our report. We are independent of the investment fund and the fund management company in accordance with the Swiss legal provisions and the requirements of the profession, and have met our other professional code of conduct obligations in accordance with these requirements.

We believe that our audit evidence is sufficient and appropriate to provide a basis for our opinion.

Other information

The fund management company's Board of Directors is responsible for other information. Other information comprises the information that is contained in an annual report but not in the annual financial statements and our associated report.

Our opinion of the annual financial statements does not cover the other information and we do not express any form of audit conclusion on this.

In connection with our audit, we are responsible for reading the other information and acknowledging whether the other information is materially inconsistent with the financial statements or the knowledge we obtained in the audit of the financial statements, or otherwise appears to be materially misstated.

If we conclude, on the basis of the work we have performed, that there has been a material misstatement of this other information, we are required to report on this fact. We have nothing to report in this context.

Responsibilities of the Board of Directors of the fund management company for the annual financial statements

The Board of Directors of the fund management company is responsible for preparing the annual financial statements in accordance with the Swiss Federal Act on Collective Investment Schemes, the related ordinances and the fund contract and the prospectus, and for the internal controls that the Board of Directors deems necessary to enable the preparation of financial statements that are free from material misstatements whether due to fraud or error.

Responsibilities of the statutory auditors for audit of the annual financial statements

Our objectives are to obtain reasonable assurance as to whether the annual financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue a report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Swiss law and SA-CH will always detect a material misstatement, if any. Misstatements may result from fraud or error and are considered material if they could reasonably be expected individually or collectively to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with Swiss law and SA-CH, we exercise professional judgment and maintain professional skepticism throughout the audit. In addition:

- ▶ We identify and assess the risks of material misstatements in the annual financial statements whether due to fraud or error, plan and perform audit procedures responsive to these risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- ▶ We obtain an understanding of the internal control system relevant to the audit in order to plan audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control system.
- ▶ We evaluate the appropriateness of accounting methods used and the reasonableness of accounting estimates and related disclosures.

We communicate with the Board of Directors of the fund management company about, among other things, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control system that we identify during our audit.

This report is an English translation of the original German version. In case of discrepancies the original version takes precedence.

Other information

UBS (CH) Money Market Fund – EUR

During the financial year, from 01 October 2022 to 30 September 2023, the ECB increased the official rates in several steps by 325bp to 4%.

The rate hikes by the ECB have been done to counter the high inflation numbers in the Eurozone. The ECB is currently much more focused on inflation than on a potential growth slowdown.

The performance of the fund was positive for the reporting year, consistent with both the EUR money market yield environment and the performance of defensive money market investments. The average maturity was around 75 days at the end of the reporting year.

UBS (CH) Money Market Fund – USD

During the financial year, from 01 October 2022 to 30 September 2023, the FED continued its tightening policy in order to get inflation back under control. In total the FED increased the Fed Fund target by 2.25% in six steps. The overall inflation rate came down from a peak of 9.1% to 3.7% in September 2023, still well above the 2% maximum inflation target.

The performance of the fund was positive for the reporting year, consistent with both the USD money market yield environment and the performance of defensive money market investments. The average maturity was around 70 days at the end of the reporting year.

UBS (CH) Money Market Fund – CHF

During the financial year, from 01 October 2022 to 30 September 2023, the Swiss National Bank continued tightening monetary policy, lifting the Target Rate to 1.75% in order to get inflation back under control. The SNB sees inflation for both 2023 and 2024 at 2.2% and at 1.9% for 2025, and they characterized inflation as being just within the range of price stability on their forecast horizon.

The performance of the fund was positive for the reporting year, consistent with both the CHF money market yield environment and the performance of defensive money market investments. The average maturity was around 100 days at the end of the reporting year.
