Directors and other information (concluded)

The names of the Funds of the Company changed, as noted below, during the financial year ended 31 August 2022. The name changes became effective 31 January 2022, the date the Prospectus and Fund supplements of the Company were updated to reflect the new name of the Funds. For the purposes of these financial statements, the Funds shall be referred to by the new names.

Old Fund Name

UBS (Irl) Select Money Market Fund—USD
UBS (Irl) Select Money Market Fund—EUR
UBS (Irl) Select Money Market Fund—GBP

New Fund Name

UBS (Irl) Select Money Market Fund—USD Sustainable
UBS (Irl) Select Money Market Fund—EUR Sustainable
UBS (Irl) Select Money Market Fund—GBP Sustainable

The name of UBS (Irl) Select Money Market Fund—US Treasury Fund was not amended and remained unchanged.

Shareholders may obtain the prospectus, the Key Investor Information Documents (KIIDs), the latest annual and semiannual reports, the changes in the composition of the securities portfolio during the reporting period and copies of the Memorandum and Articles of Association free of charge from the registered office of the Manager, the administrator, or the local representatives in the countries where the Company is registered and in Switzerland at UBS Switzerland AG, Bahnhofstrasse 45, 8098 Zurich, Switzerland.

Report of the directors

The directors of UBS (Irl) Fund plc (the "Company") submit their report together with the audited financial statements for the financial year ended 31 August 2022.

Principal activities

The Company is incorporated as an investment company with variable capital under the laws of Ireland as a public limited company pursuant to the Companies Act 2014 (as amended) (the "Act") and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations').

The Company is organised in the form of an umbrella fund with segregated liability between sub-funds. During the financial year 31 August 2022 the Company had four constituent funds (each a "Fund" or collectively the "Funds"):

- UBS (Irl) Select Money Market Fund—USD Sustainable ("Select Money Market Fund—USD Sustainable")
- UBS (Irl) Select Money Market Fund—EUR Sustainable ("Select Money Market Fund—EUR Sustainable")
- UBS (Irl) Select Money Market Fund—GBP Sustainable ("Select Money Market Fund—GBP Sustainable").
- UBS (Irl) Select Money Market Fund—US Treasury ("Select Money Market Fund—US Treasury").

Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable, Select Money Market Fund—GBP Sustainable and Select Money Market Fund—US Treasury commenced operations on 17 September 2002, 7 May 2015, 11 September 2015 and 14 November 2018 respectively.

The Company is subject to the EU Money Market Fund Reform Regulation effective from 21 January 2019. Effective from 4 March 2019 the following Funds fully transitioned to a Low Volatility Net Asset Value Money Market Fund ("LVNAV MMF"): Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable and Select Money Market Fund—GBP Sustainable. Select Money Market Fund—US Treasury transitioned to a Public Debt Constant Net Asset Value Money Market Fund ("CNAV MMF").

The investment objective of Select Money Market Fund—USD Sustainable is to earn maximum current income in US Dollar terms consistent with liquidity and the preservation of capital.

The investment objective of Select Money Market Fund—EUR Sustainable is to earn maximum current income in Euro terms consistent with liquidity and the preservation of capital.

The investment objective of Select Money Market Fund—GBP Sustainable is to earn maximum current income in Sterling terms consistent with liquidity and the preservation of capital.

The investment objective of Select Money Market Fund—US Treasury is to earn maximum current income in US Dollar terms consistent with liquidity and the preservation of capital.

Corporate governance statement

The directors have voluntarily adopted the Corporate Governance Code for Collective Investment Schemes and Management Companies as published by Irish Funds (the "Code"), as the Company's corporate governance code. The directors have assessed the measures included in the Code as being consistent with the Company's corporate governance practices and procedures for the financial year. The Code is available for inspection at the request of any shareholder from the administrator free of charge.

Financial reporting process—description of main features

The directors are responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The directors have procedures in place to ensure that all adequate accounting records are maintained and are readily available, including production of annual and half-yearly financial statements. The annual and half-yearly financial statements of the Company are required to be approved by the board of directors (the "Board") of the Company and

Report of the directors (continued)

Corporate governance statement (continued)

Financial reporting process—description of main features (continued)

be filed with the Central Bank of Ireland (the “Central Bank”). The statutory financial statements are required to be audited by independent auditors who report annually to the board on their findings. The board evaluates and discusses significant accounting and reporting issues as the need arises.

State Street Fund Services (Ireland) Limited (the “Administrator”), an independent administrator, has been appointed by the Company to maintain the books and records of the Company. The Administrator is authorised and regulated by the Central Bank and must comply with the rules imposed by the Central Bank. The directors evaluate and discuss significant accounting and reporting issues as the need arises. From time to time the directors or their delegates also examine and evaluate the Administrator’s financial accounting and reporting routines and monitor and evaluate the external auditors’ performance, qualifications and independence. The Administrator has operating responsibility in respect of its internal controls in relation to the financial reporting.

Risk assessment

The directors are responsible for assessing the risk of irregularities whether caused by fraud or error in financial reporting and for ensuring that processes are in place for the timely identification of internal and external matters with a potential effect on financial reporting. The directors have also put in place processes to identify changes in accounting rules and recommendations and to ensure that these changes are accurately reflected in the Company’s financial statements.

Control activities

The Administrator maintains control systems and procedures to manage the risks within financial reporting. These control structures include appropriate division of responsibilities and specific control activities aimed at detecting or preventing the risk of significant deficiencies in financial reporting for every significant account in the financial statements and the related notes in the annual report of the Company. Examples of control activities exercised by the Administrator include analytical review procedures, reconciliations and automatic controls in information technology systems.

Information and communication

The Company’s policies and the directors’ instructions with relevance for financial reporting are updated and communicated via appropriate channels, such as e-mail, correspondence and meetings, to ensure that all financial reporting information requirements are met in a complete and accurate manner.

Monitoring

The directors receive regular presentations and review reports from the depositary, the Investment Manager and the Administrator. The directors also have an annual process to ensure that appropriate measures are taken to consider and address the shortcomings identified and measures recommended by the independent auditors.

Capital structure

No person has a significant direct or indirect holding of securities in the Company. No person has any special rights of control over the Company’s share capital. There are no restrictions on voting rights. With regard to the appointment and replacement of directors, the Company is governed by its articles of association (the “Articles of Association”), the Companies Act 2014 (as amended), the UCITS Regulations and the Central Bank UCITS Regulations. The Articles of Association may be amended by special resolution of the shareholders.

Powers of the directors

The directors are responsible for managing the business of the Company in accordance with the Articles of Association. The directors may delegate certain functions to the Administrator and other parties, subject to the supervision and direction by the directors. The directors have delegated the day-to-day administration of the Company to the Administrator and the investment management function to UBS Asset Management (Americas) Inc. and UBS Asset Management Switzerland AG (the “Investment Managers”). The Articles of Association provide that the directors may exercise all the powers of the Company to borrow money, to mortgage or charge its undertaking, property or any part thereof and may delegate these powers to the Investment Managers. However, the amount and circumstances in which the Company may borrow are limited by the UCITS Regulations.

Report of the directors (continued)

Corporate governance statement (continued)

Powers of the directors (continued)

The directors at any time and from time to time may temporarily suspend the calculation of the Net Asset Value (“NAV”) of a particular fund and issue, repurchase and conversion of shares in certain instances more particularly described in the prospectus. Shares may be transferred by instrument in writing in a form approved by the directors subject to the requirements of the Articles of Association.

Shareholder meetings

All general meetings of the Company shall be held in Ireland. In each financial year the Company shall hold a general meeting of the Company as its annual general meeting. Twenty-one days’ notice (excluding the day of mailing and the day of the meeting) shall be given in respect of each general meeting of the Company. The notice shall specify the venue and time of the meeting, the business to be transacted at the meeting and that a proxy may attend and vote on behalf of any shareholder. The requirements for quorum and majorities at all general meetings are set out in the Articles of Association.

An ordinary resolution is a resolution passed by a simple majority of the votes cast and a special resolution is a resolution passed by a majority of 75% or more of the votes cast, the Articles of Association provide that matters may be determined at a meeting of shareholders on a show of hands unless a poll is requested by shareholders holding 10% or more of the shares in number or by value or unless the chairman of the meeting requests a poll. Each share gives the holder one vote in relation to any matters relating to the Company which are submitted to shareholders for a vote by poll. Each shareholder present at a meeting has one vote in relation to any matters relating to the Company which are submitted to shareholders for a vote by show of hands. All shares of each class have equal voting rights, except that in matters affecting only a particular class, only shares of that class shall be entitled to vote.

Composition and operation of the board of directors and committees

Unless otherwise determined by the Company by ordinary resolution, the number of the directors shall not be less than two or more than twelve. Currently, the board of the Company is comprised of three directors two of which are not employees of the Investment Manager, being those listed as independent in the directory in these financial statements.

The business of the Company is managed by the directors, who exercise all such powers of the Company as are not by the Act, the UCITS Regulations or the Articles of Association required to be exercised by the Company in general meeting. The directors may meet together for the dispatch of business, adjourn and otherwise regulate their meetings as they think fit. Questions arising at any meeting shall be determined by a majority of votes. In case of an equality of votes, the chairman shall have a second or casting vote. A director may, and the company secretary on the requisition of a director shall, at any time summon a meeting of the directors. The quorum necessary for the transaction of business of the directors may be fixed by the directors, and unless so fixed at any other number shall be two.

The directors have decided not to establish an audit committee pursuant to section 167(2) of the Act based on (a) the nature, scale and complexity of the Company’s business and the range of services and activities undertaken in the course of that business; (b) the resources available to the Company and the resources and expertise of the various third parties engaged to support the Company and carry out certain functions on its behalf; and (c) the procedures in place for the review, approval and circulation of the audited financial accounts and statements which are appropriate for an investment company pursuant to the UCITS Regulations.

Each director has entered into an engagement letter with the Company which constitutes a contract for services but not a contract of employment. The Articles of Association do not provide for retirement of directors by rotation. However, the directors may be removed by the shareholders by ordinary resolution in accordance with the procedures established under the Act.

Transactions with connected parties

Regulation 43(1) of the Central Bank UCITS Regulations states that “a responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm’s length; and b) in the best interest of the unitholders of the UCITS”.

Report of the directors (continued)

Transactions with connected parties (continued)

As required under Regulation 81(4) of the Central Bank UCITS Regulations the Manager, as a responsible person, is satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43(1) of the Central Bank UCITS Regulations are applied to all transactions with a connected party; and all transactions with a connected parties that were entered into during the year ended 31 August 2022 complied with the obligations that are prescribed by Regulation 43(1) of the Central Bank UCITS Regulations.

Relevant audit information

So far as the directors are aware, there is no relevant audit information of which the Company's auditors are unaware and the directors have taken all the steps that should have been taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Directors fees

The charge for directors' remuneration, which relate solely to qualifying services, during the financial year ended 31 August 2022 amounted to US\$77,513 (31 August 2021: US\$79,929), of which US\$23,827 (31 August 2021: US\$27,669) was payable at the financial year end.

Review of the business

The business of the Company is reviewed in detail in the Investment Managers' reports.

Risk management objectives and policies

A review of the principle risks and main management is included in Note 8 of the financial statements along with details of the exposure of the Company to identified risks.

Results

The results for the financial year are stated on page 33 of the financial statements. Particulars relating to the issue and redemption of shares are set out in Note 12 of the financial statements.

Significant events during the financial year

New prospectus and supplements for the Funds were issued on 31 January 2022.

Russia/Ukraine situation

The war in Ukraine had and still has a material impact on financial markets, first and foremost on Russian and Ukrainian securities but also on the wider markets globally. The situation remains very volatile and the Investment Manager is closely monitoring in order to quickly take appropriate action to protect the interest of investors in the Sub-Funds. It has put in place the necessary measures to at all times comply with applicable laws and regulations, in particular but not limited to the most recently enacted sanction regimes in the EU, Switzerland, UK and US. Also, further to the assessment made by the Management of the Fund, neither the Fund's and any of its sub-funds' performance and going concern nor operations, at the date of this report, have been significantly impacted by the above.

The other significant events which occurred during the financial year are set out in Note 15 of the financial statements.

Significant events since the financial year end

The significant events which have occurred since the statement of financial position date are set out in note 16 of the financial statements.

Going concern

The financial statements have been prepared on a going concern basis as the Directors are of the view that the Company can continue in operational existence for twelve months from the date of approval of these financial statements (the period of assessment). The Directors anticipate the financial assets will continue to generate enough cash flows on an ongoing basis to meet the Company's liabilities as they fall due. In making this assessment, the Directors considered the potential impact of COVID-19 and the Russia/Ukraine conflict on the Company's business over the period of assessment.

Report of the directors (concluded)

Dividends

The dividend policy for the Company is detailed in Note 2(c) of the financial statements. The amount of dividends paid to holders of redeemable participating shares is recognised in the statement of comprehensive income as a finance cost.

Directors

The following Directors held office on 31 August 2022 and throughout the financial year then ended.

Mr. Adrian Waters (Ireland) (Chairman)
Ms. Eimear Cowhey (Ireland)*
Joseph Abed (United States)**

Directors' interests

None of the directors nor the company secretary, at the date of this report, hold or held, since the date of his/her appointment or at 31 August 2022, any interest in the shares of the Company.

Accounting records

The directors ensure compliance with the Company's obligation to maintain adequate accounting records by appointing competent persons to be responsible for them. The accounting records are kept by the Administrator at 78 Sir John Rogerson's Quay, Dublin D02 HD32, Ireland.

Independent auditors

The independent auditors, Ernst & Young, were appointed on 6 October 2015 in accordance with Section 380 (1) of the Act. Ernst & Young have indicated their willingness to remain in office in accordance with Section 383 (2) of the Companies Act 2014 (as amended).

Political donations

There were no political donations made during the financial year ended 31 August 2022 or 31 August 2021.

Directors compliance statement

It is the policy of the Company to comply with its relevant obligations (as defined in the Act). As required by Section 225(2) of the Act, the directors acknowledge that they are responsible for securing the Company's compliance with the relevant obligations. The directors have drawn up a compliance policy statement as defined in Section 225(3)(a) of the Act and a compliance policy which refers to the arrangements and structures that are in place and which are, in the directors' opinion, designed to secure material compliance with the Company's relevant obligations. These arrangements and structures were reviewed by the Company during the financial year ended 31 August 2022. In discharging their responsibilities under Section 225 of the Act, the directors relied upon, among other things, the services provided, advice and/or representations from third parties whom the directors believe have the requisite knowledge and experience in order to secure material compliance with the Company's relevant obligations.

** Non Executive Director

Statement of directors' responsibilities

The directors are responsible for preparing the report of the directors and the financial statements in accordance with applicable Irish law and regulations.

The directors are responsible for preparing the Annual Report and the financial statements in accordance with Financial Reporting Standard ("FRS") 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and applicable Irish Law. The Company previously applied Generally Accepted Accounting Practice in Ireland including the accounting standards issued by the Financial Reporting Council and published by the Institute of Chartered Accountants in Ireland.

Under the Act, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company as at the financial year end date, the profit or loss and its changes in net assets attributable to holders of redeemable participating shares for that financial year and otherwise comply with the Act.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in the notes to the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for ensuring that the Company keeps adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Company;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Company to be determined with reasonable accuracy; and
- enable the directors to ensure that the financial statements comply with the Act and the UCITS Regulations and enable the financial statements to be audited.

The directors believe that they have complied with the requirement to maintain adequate accounting records by employing an experienced Administrator for the purpose of maintaining adequate accounting records.

The financial statements have been prepared on a going concern basis as the Directors are of the view that the Company can continue in operational existence for twelve months from the date of approval of these financial statements (the period of assessment). The Directors anticipate the financial assets will continue to generate enough cash flows on an ongoing basis to meet the Company's liabilities as they fall due. In making this assessment, the Directors considered the potential impact of COVID-19 and the Russia/Ukraine conflict on the Company's business over the period of assessment.

The directors are responsible for safeguarding the assets of the Company. In this regard they have entrusted the assets of the Company to State Street Custodial Services (Ireland) Limited (the "Depositary"), who has been appointed as depositary to the Company pursuant to the terms of a depositary agreement. The directors are also responsible for taking reasonable steps for the prevention and detection of fraud and of other irregularities.

As at the date this Directors' Report was approved and signed (set out below), each director is satisfied that:

- (a) there is no relevant audit information of which the Company's statutory auditors are unaware; and
- (b) s/he has taken all the steps that he or she ought to have taken as a director in order to make herself or himself aware of any relevant audit information and to establish that the Company's statutory auditors are aware of that information; where "relevant audit information" means information needed by the Company's statutory auditors in connection with preparing their report.

UBS (Irl) Select Money Market Fund—USD Sustainable

Report of the Investment Manager

4 October 2022

Dear Shareholder,

We present you with the annual report for UBS (Irl) Select Money Market Fund—USD Sustainable (the “Fund”) for the 12 months ended 31 August 2022 (the “reporting period”).

Performance

The seven-day current yield for the Fund’s Institutional (Dist.) share class was 2.30% (after fee waivers) on 31 August 2022, versus 0.04% on 31 August 2021 (after fee waivers).

Given elevated and persistent inflation, the US Federal Reserve Board (the “Fed”)

pivoted from an accommodative to tightening monetary policy during the

reporting period. Against this backdrop, the Fed raised the federal funds rate in March, May, June and July 2022. The federal funds rate, or the “fed funds rate”, is the rate US banks charge one another for funds they borrow on an overnight basis. (For more details on the Fed’s actions, see below.) As a result of these rate hikes, short-term yields moved higher and the Fund’s yield rose during the reporting period.

An interview with Portfolio Manager Robert Sabatino

Q. How would you describe the economic environment during the reporting period?

A. The US economy moved in fits and starts, as it was impacted by COVID-19 and its variants, 40-year high inflation, supply chain shortages, rising interest rates and the repercussions from the war in Ukraine. These headwinds were at times offset continued fiscal spending, robust job growth and overall solid consumer spending. Looking back, third quarter 2021 US annualized gross domestic product (“GDP”) was 2.3%. The economy then expanded 6.9% over the fourth quarter of the year. GDP then contracted 1.6% over the first quarter of 2022. Finally, the Commerce Department reported that second quarter annualized GDP was -0.6%.

Q. How did the Fed react to the economic environment?

A. The US Federal Reserve Board (the “Fed”) held the federal funds rate in a record-low range between 0.00% and 0.25% during the first half of the reporting period. However, with inflation reaching a four decade high, the Fed pivoted and in March 2022 raised the federal funds rate to a range between 0.25% and 0.50%. This was the central bank’s first rate hike since 2018. The Fed again raised rates at its meetings in May, June and July 2022. These hikes pushed the federal funds rate to a range between 2.25% and 2.50%. Finally, in September—after the reporting period ended—the federal funds rate was increased to a range between 3.00% and 3.25%.

Q. How did you position the Fund over the reporting period?

A. We tactically adjusted the Fund’s weighted average maturity (WAM) throughout the 12 month review period. When the reporting period began, the Fund had a WAM of 50 days. The Fund’s WAM ended the period at 11 days.

Q. What level of portfolio diversification did you maintain during the reporting period?

A. At the issuer level, we continued to maintain a high level of diversification, investing in smaller positions with the goal of reducing risk and keeping the Fund highly liquid. To that end, we typically purchased up to 3% in single nongovernment issuers throughout the reporting period.

Q. What types of securities did you emphasize over the period?

A. Several adjustments were made to the Fund’s sector positioning during the 12-month period. We significantly increased the Fund’s allocation to floating rate notes and modestly added to its allocation to time deposits. Elsewhere, we initiated a small position in Treasury bills. Conversely, we meaningfully reduced the Fund’s allocation to commercial paper.

UBS (Irl) Select Money Market Fund—USD Sustainable

Investment Goal:

Maximum current income in US dollar terms consistent with liquidity and preservation of capital

Portfolio Manager:

Robert Sabatino
UBS Asset Management (Americas) Inc.

UBS (Irl) Select Money Market Fund—USD Sustainable

Q. What factors do you believe will affect the Fund over the coming months?

A. We are closely monitoring a number of factors, including the impact of aggressive Fed rate hikes on the economy, persistent inflation, supply chain shortages and the health of the labor market. Against this backdrop, we expect to continue managing the Fund with a focus on risk and liquidity.

As always, we thank you for your continued support and welcome any comments or questions you may have.

Robert Sabatino
Portfolio Manager
UBS (Irl) Select Money Market Fund—USD Sustainable
Managing Director
UBS Asset Management (Americas) Inc.

This letter is intended to assist shareholders in understanding how the Fund performed during the 12 months ended 31 August 2022. The views and opinions in the letter were current as of 4 October 2022. They are not guarantees of future performance or investment results and should not be taken as investment advice. Investment decisions reflect a variety of factors, and we reserve the right to change our views about individual securities, sectors and markets at any time. As a result, the views expressed should not be relied upon as a forecast of the Fund's future investment intent. We encourage you to consult your financial advisor regarding your personal investment program.

UBS (Irl) Select Money Market Fund—EUR Sustainable

Report of the Investment Manager

4 October 2022

Dear Shareholder,

We present you with the annual report for UBS (Irl) Select Money Market Fund—EUR Sustainable (the “Fund”) for the 12 months ended 31 August 2022.

Performance

The seven-day current yield for the Fund’s Premier share class was -0.15% on 31 August 2022, versus -0.62% on 31 August 2021 (after fee waivers).

Given elevated and persistent inflation, the European Central Bank (“ECB”) pivoted from an accommodative to tightening monetary policy during the reporting period. Against this backdrop, the BoE raised rates at its meeting in July 2022. As a result, the yields on a wide range of short-term investments increased. As a result, the Fund’s yield moved higher during the reporting period.

An interview with Portfolio Manager Robbie Taylor

Q. How would you describe the economic environment during the reporting period?

A. In its July 2022 World Economic Outlook Update, the International Monetary Fund (“IMF”) said, “A tentative recovery in 2021 has been followed by increasingly gloomy developments in 2022. Performance was slightly better than expected in the first quarter, but world real GDP is estimated to have shrunk in the second quarter—the first contraction since 2020—owing to economic downturns in China and Russia.” The IMF expects 2022 growth in eurozone to be 2.6% in 2022, versus 5.4% in 2021.

Q. How did the European Central Bank (“ECB”) react to the economic environment?

A. For much of the reporting period, the ECB maintained its accommodative monetary policy. However, in December 2021, ECB President Christine Lagarde said, “It is very unlikely that we will raise interest rates in the year 2022,” as the eurozone’s economy was still below its pre-pandemic level and the Omicron variant was threatening growth in the region. The ECB then raised rates a larger-than expected 0.50% in July 2022, the first increase in 11 years. This took Europe’s main rate back to zero after being in negative territory since 2014. In September 2022, after the reporting period ended, the ECB raised rates another 0.75%, its single largest rate hike since 1999.

Q. How did you position the Fund over the reporting period?

A. We tactically adjusted the Fund’s weighted average maturity (WAM) throughout the 12 month review period. When the reporting period began, the Fund had a WAM of 41 days. The Fund’s WAM ended the period at 34 days.

Q. What level of portfolio diversification did you maintain during the reporting period?

A. At the issuer level, we continued to maintain a high level of diversification, investing in smaller positions with the goal of reducing risk and keeping the Fund highly liquid. To that end, we typically purchased up to 3% in single nongovernment issuers throughout the reporting period.

Q. What types of securities did you emphasize over the period?

A. Several adjustments were made to the Fund’s sector positioning during the 12-month period. We modestly increased the Fund’s allocations to commercial paper, corporate bonds, certificates of deposit and Treasury bills. We also initiated a small position in international bonds. In contrast, we modestly added to its exposure to time deposits.

UBS (Irl) Select Money Market Fund—EUR Sustainable

Investment Goal:

Maximum current income in Euro terms consistent with liquidity and preservation of capital

Portfolio Manager:

Robbie Taylor
UBS Asset Management

UBS (Irl) Select Money Market Fund—EUR Sustainable

Q. What factors do you believe will affect the Fund over the coming months?

A. We are closely monitoring a number of factors, including the impact of ECB rate hikes on the economy, persistent inflation, supply chain shortages and the health of the labor market. Against this backdrop, we expect to continue managing the Fund with a focus on risk and liquidity.

As always, we thank you for your continued support and welcome any comments or questions you may have.

UBS (Irl) Select Money Market Fund—GBP Sustainable

Report of the Investment Manager

4 October 2022

Dear Shareholder,

We present you with the annual report for UBS (Irl) Select Money Market Fund—GBP Sustainable (the “Fund”) for the for the 12 months ended 31 August 2022.

Performance

The seven-day current yield for the Fund’s Institutional (Dist.) share class was 1.64% (after fee waivers) on 31 August 2022, versus 0.01% on 31 August 2021.

Given elevated and persistent inflation, the Bank of England (“BoE”) pivoted from an accommodative to tightening monetary policy during the reporting period. Against this backdrop, the BoE raised rates five times during the reporting period. As a result, the yields on a wide range of short-term investments increased. As a result, the Fund’s yield moved higher during the reporting period.

An interview with Portfolio Manager Robbie Taylor

Q. How would you describe the economic environment during the reporting period?

A. In its July 2022 World Economic Outlook Update, the International Monetary Fund (“IMF”) said, “A tentative recovery in 2021 has been followed by increasingly gloomy developments in 2022. Performance was slightly better than expected in the first quarter, but world real GDP is estimated to have shrunk in the second quarter—the first contraction since 2020—owing to economic downturns in China and Russia.” The IMF expects 2022 GDP growth in UK to be 3.2% in 2022, versus 7.4% in 2021.

Q. How did the Bank of England (“BoE”) react to the economic environment?

A. The BoE was among the first developed country central banks to raise interest rates during the reporting period. With inflation surging higher, the “BoE” surprised the market in December 2021 and raised its base rate for the first time since COVID-19 began. The BoE again raised rates at its meetings in February, March, May and June, and again in August (after the reporting period ended). The BoE’s 0.50% rate hike in August was the largest single increase since 1995 and pushed the base rate to 1.75%, its highest level since 2008. In September, after the reporting period ended, the BoE raised the base rate to 2.25%, the highest level since 2008.

Q. How did you position the Fund over the reporting period year?

A. We tactically adjusted the Fund’s weighted average maturity (WAM) throughout the 12-month review period. When the reporting period began, the Fund had a WAM of 35 days. The Fund’s WAM ended the period at 35 days.

Q. What level of portfolio diversification did you maintain during the reporting period?

A. At the issuer level, we continued to maintain a high level of diversification, investing in smaller positions with the goal of reducing risk and keeping the Fund highly liquid. To that end, we typically purchased up to 3% in single nongovernment issuers throughout the reporting period.

Q. What types of securities did you emphasize over the period?

A. Several adjustments were made to the Fund’s sector positioning during the 12-month period. We increased the Fund’s allocation to certificates of deposit and, to a lesser extent, time deposits. We also initiated a position in corporate bonds. In contrast, we reduced the Fund’s allocation to floating rate notes.

UBS (Irl) Select Money Market Fund—US Treasury

Report of the Investment Manager

4 October 2022

Dear Shareholder,

We present you with the annual report for UBS (Irl) Select Money Market Fund—US Treasury (the “Fund”) for the 12 months ended 31 August 2022 (the “reporting period”).

Performance

The seven-day current yield for the Preferred (Dist.) share class was 1.93% on 31 August 2022 (after fee waivers), versus 0.04% on 31 August 2021.

Given elevated and persistent inflation, the US Federal Reserve Board (the “Fed”) pivoted from an accommodative to tightening monetary policy during the reporting period. Against this backdrop, the Fed raised the federal funds rate in March, May, June and July 2022. The federal funds rate, or the “fed funds rate,” is the rate US banks charge one another for funds they borrow on an overnight basis. (For more details on the Fed’s actions, see below.) As a result of these rate hikes, short-term yields moved higher and the Fund’s yield rose during the reporting period.

An interview with Portfolio Manager Robert Sabatino

Q. How would you describe the economic environment during the reporting period?

A. The US economy moved in fits and starts, as it was impacted by COVID-19 and its variants, 40-year high inflation, supply chain shortages, rising interest rates and the repercussions from the war in Ukraine. These headwinds were at times offset continued fiscal spending, robust job growth and overall solid consumer spending. Looking back, third quarter 2021 US annualized gross domestic product (“GDP”) was 2.3%. The economy then expanded 6.9% over the fourth quarter of the year. GDP then contracted 1.6% over the first quarter of 2022. Finally, the Commerce Department reported that second quarter annualized GDP was -0.6%.

Q. How did the Fed react to the economic environment?

A. The US Federal Reserve Board (the “Fed”) held the federal funds rate in a record-low range between 0.00% and 0.25% during the first half of the reporting period. However, with inflation reaching a four decade high, the Fed pivoted and in March 2022 raised the federal funds rate to a range between 0.25% and 0.50%. This was the central bank’s first rate hike since 2018. The Fed again raised rates at its meetings in May, June and July 2022. These hikes pushed the federal funds rate to a range between 2.25% and 2.50%. Finally, in September—after the reporting period ended—the federal funds rate was increased to a range between 3.00% and 3.25%.

Q. How did you position the Fund over the reporting period?

A. We tactically adjusted the Fund’s weighted average maturity (WAM) throughout the 12 month review period. When the reporting period began, the Fund had a WAM of 49 days. The Fund’s WAM ended the period at 32 days.

Q. What level of portfolio diversification did you maintain during the reporting period?

A. At the issuer level, we continued to maintain a high level of diversification, investing in smaller positions with the goal of reducing risk and keeping the Fund highly liquid. To that end, we typically purchased up to 3% in single nongovernment issuers throughout the reporting period.

Q. What types of securities did you emphasize over the period?

A. Several adjustments were made to the Fund’s sector positioning during the period. We modestly increased the Fund’s allocation to Treasury bills, while slightly reducing its allocations to fixed rate notes and repurchase agreements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF UBS (IRL) FUND PLC

Report on the audit of the financial statements

Opinion

We have audited the financial statements of UBS (Irl) Fund plc ('the Company') for the year ended 31 August 2022, which comprise the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares and notes to the financial statements, including the summary of significant accounting policies set out in Note 2. The financial reporting framework that has been applied in their preparation is Irish Law and Accounting Standards including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued in the United Kingdom by the Financial Reporting Council.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 August 2022 and of its loss for the year then ended;
- have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations').

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF UBS (IRL) FUND PLC (CONTINUED)

Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2014

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on pages 9-10, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

**Building a better
working world**

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF UBS (IRL) FUND PLC (CONTINUED)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf.

This description forms part of our auditor's report.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Ernst & Young Chartered Accountants and Statutory Audit Firm

Dublin, 28 November 2022

Report of the Depositary to the shareholders

We have enquired into the conduct of UBS (Irl) Fund plc, (the “Company”) for the financial year ended 31 August 2022, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, (the “UCITS Regulations”), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company’s Memorandum and Articles of Association and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Company’s Memorandum and Articles of Association and the UCITS Regulations and (ii) otherwise in accordance with the Company’s constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the financial year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Memorandum and Articles of Association, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the “Central Bank UCITS Regulations”); and
- (ii) otherwise in accordance with the provisions of the Memorandum & Articles of Association, the UCITS Regulations and the Central Bank UCITS Regulations.

Notes to the financial statements for the financial year ended 31 August 2022

1. Organisation

UBS (Irl) Fund plc (the “Company”) is organised as an investment company with variable capital under the laws of Ireland as a public limited company pursuant to the Companies Act 2014 (as amended) (the “Act”). It has been authorised as an Undertaking for Collective Investment in transferable Securities (“UCITS”) pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the “UCITS Regulations”) and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (‘the Central Bank UCITS Regulations’).

The Company was incorporated on 30 October 1992 under registration number 195061 and authorised on 9 November 1992. The registered office of the Company is Second Floor, 5 Earlsfort Terrace, Dublin, D02 CK83, Ireland.

The Company is organised in the form of an umbrella fund with segregated liability between sub-funds and at 31 August 2022 the Company comprised of four active sub-funds: Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable, Select Money Market Fund—GBP Sustainable and Select Money Market Fund—US Treasury (each a “Fund” or collectively the “Funds”).

Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable, Select Money Market Fund—GBP Sustainable and Select Money Market Fund—US Treasury commenced operations on 17 September 2002, 7 May 2015, 11 September 2015 and 14 November 2018 respectively.

Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable, Select Money Market Fund—GBP Sustainable and Select Money Market Fund—US Treasury have in issue seventeen, eleven, ten and six classes of shares respectively. Details of new shares issued during the financial year ended 31 August 2022 can be seen in Note 12 analysis of changes in financial situation.

The investment objective of Select Money Market Fund—USD Sustainable is to earn maximum current income in US Dollar terms consistent with liquidity and the preservation of capital.

The investment objective of Select Money Market Fund—EUR Sustainable is to earn maximum current income in Euro terms consistent with liquidity and the preservation of capital.

The investment objective of Select Money Market Fund—GBP Sustainable is to earn maximum current income in Sterling terms consistent with liquidity and the preservation of capital.

The investment objective of Select Money Market Fund—US Treasury is to earn maximum current income in U.S. Dollar terms consistent with liquidity and the preservation of capital.

All of the Funds are short-term money market funds. The Company has appointed UBS Fund Management (Luxembourg) S.A. as Manager of the Company pursuant to the management company agreement. The Manager was incorporated as a public limited company in Luxembourg and has obtained the necessary passport and permissions to act as a UCITS management company of the Company.

2. Significant accounting policies

These annual financial statements have been prepared for the financial year ended 31 August 2022.

The financial statements are prepared under the historical cost convention modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss. The Company’s management has made an assessment of the Company’s ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Company’s ability to continue as a going concern. The financial statements are thus prepared on a going concern basis.

These financial statements for the financial year ended 31 August 2022 have been prepared in accordance with the Financial Reporting Standard 102 (“FRS 102”), the Companies Act, 2014 (as amended) and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

2. Significant accounting policies (continued)

“UCITS Regulations”); and under the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the “UCITS Regulations”). References to statutes, regulations and laws shall include any amendments thereto.

The Company has availed of the exemption available to open-ended investment funds under FRS 102 and is not presenting a cash flow statement.

The format and wording of certain line items on the primary statements contains departures from the guidelines set out in the Act to reflect the Company’s structure as an investment fund.

All references to net assets throughout the documents refers to net assets attributable to holders of Redeemable Participating Shares unless otherwise stated.

a) Valuation of investments

Financial assets and financial liabilities at fair value through profit or loss

This category has two sub-categories: financial assets and liabilities held for trading and those designated by the directors at fair value through profit and loss at inception. All instruments in the portfolios of investments are classified as held for trading.

For the four Funds, commercial paper, certificates of deposit, government agency obligations, fixed and floating rate notes, time deposits, corporate bonds and treasury bills are held in the financial statements at fair value.

For purposes of determining the redemption value of the redeemable participating shares in Select Money Market Fund—US Treasury, a Public Debt Constant Net Asset Value Money Market Fund (“CNAV MMF”), the financial assets held are valued using amortised cost which approximates fair value. Effective 4 March 2019, investments of the Low Volatility Net Asset Value Money Market Funds (“LVNAV MMF”): Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable and Select Money Market Fund—GBP Sustainable, that have a residual maturity of more than 75 days or whose mark-to-market value is not within 10 basis points of the amortised cost value are valued by using bid prices. Under FRS 102, in accounting for all of its financial instruments, an entity is required to apply one of the following:

- a) the full provisions of section 11 “Basis Financial Instruments” and section 12 “Other Financial Instruments” of FRS 102; or
- b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of Sections 11 and 12 of FRS 102; or
- c) the recognition and measurement provisions of International Financial Reporting Standards (“IFRS”) 9 “Financial Instruments” (“IFRS 9”) and the disclosure requirements of Sections 11 and 12 of FRS 102.

The Company has chosen to implement the recognition and measurement provisions of IAS 39 and only the disclosure requirements of Sections 11 and 12 of FRS 102.

Where market quotations are readily available, portfolio securities are valued in the financial statements based upon market quotations, provided such quotations adequately reflect, in the judgement of the relevant Investment Manager’s, the fair value of securities. Where market quotations are not readily available, securities are valued based upon appraisals received from a pricing service which utilizes a computerised matrix pricing system or based upon appraisals derived from information concerning those securities or similar securities received from recognized dealers in those securities. There were no such valuations at 31 August 2022 or 31 August 2021.

All other assets are valued in the financial statements at fair value as determined in good faith by or under the direction of the Company’s board of directors. Discounted debt obligations are valued at fair value, with the discount on purchases being amortized to income over the financial year from purchase date to maturity date.

Subsequent to the initial recognition, all instruments classified at fair value through profit or loss are measured at fair value with changes in their fair value recognized in the statement of comprehensive income.

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

2. Significant accounting policies (continued)

a) Valuation of investments (continued)

Amortised cost

The Fund measures financial assets at amortised cost if both of the following conditions are met:

- It is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- Its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Fund includes in this category reverse repurchase agreements.

b) Investment transactions and investment income

Investment transactions are recorded on the trade date. Realized gains and losses from investment transactions are calculated using the "first-in first-out" (FIFO) method.

Interest income is recognized for all debt instruments using the effective interest method. The effective interest method is a method of calculating the amortized cost of a financial asset or financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Company estimates cash flows considering all contractual terms of the financial instruments but does not consider future credit losses. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Income, expenses (excluding class specific expenses) and realized/unrealized gains/losses pertaining to the Funds are allocated proportionately to each class of shares based upon the relative Net Asset Value ("NAV") of outstanding shares of each class at the beginning of the day (after adjusting for subscriptions, repurchases and distributions affecting the respective classes). Class-specific expenses are charged directly to the applicable class of shares.

c) Distributions payable to holders of redeemable participating shares

Dividends and distributions to shareholders are recorded on the ex-dividend date. Except for Accumulating Shares, dividends from net investment income are declared daily and paid monthly for the four Funds. Net investment income and net realized capital gains attributable to the Accumulating Shares of each Fund were accumulated and were not distributed. Proposed distributions to holders of redeemable participating shares are recognized in the statement of comprehensive income when the Fund incurs a legal or constructive obligation to pay such a distribution. The distribution on these redeemable participating shares is recognized in the statement of comprehensive income as a finance cost.

d) Functional and presentation currency

Items included in the Company's financial statements are measured using the currency of the primary economic environment in which it operates ("the functional currency"). The functional currency of Select Money Market Fund—USD Sustainable and Select Money Market Fund—US Treasury is the US Dollar, denoted by the symbol \$ or US\$. The functional currency of Select Money Market Fund—EUR Sustainable is the Euro, denoted by the symbol € or EUR. The functional currency of Select Money Market Fund—GBP Sustainable is the British Pound Sterling, denoted by the symbol £ or GBP. For aggregation purposes, all assets and liabilities, together with income and expenses for all classes of shares, are translated into US Dollars, being the presentation currency of the Company, at the financial period-end exchange rate for the statement of financial position and at the average rate for the financial period for the statement of comprehensive income and for the statement of changes in net assets attributable to holders of redeemable participating shares. The difference arising from translation of the primary

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

2. Significant accounting policies (continued)

d) Functional and presentation currency (continued)

financial statements at different exchange rates, for the purpose of producing the financial statements of the Company, is included as a foreign currency translation adjustment in the statement of changes in net assets attributable to holders of redeemable participating shares. This adjustment is not attributable to any particular Fund.

e) Subscriber shares

There are seven subscriber shares of no par value, three held on trust by Attleborough Limited and four held on trust by Fand Limited, in each case for the benefit of UBS Asset Management (Americas) Inc. as at 31 August 2022 and 31 August 2021. The shares do not form part of the NAV of the Funds and are thus disclosed in the financial statements by way of this note only. The subscriber shares entitle the holders to attend and vote at all meetings of the Company but not at any meetings of the Funds.

f) Redeemable shares

The Company issues redeemable participating shares, which are redeemable at the holder's option. Redeemable participating shares can be redeemed at any time subject to the Articles of Association for cash equal to a proportionate share of the relevant Class's NAV. The redeemable participating shares are carried at the redemption amount that is payable at the statement of financial position date if the holder exercises the right to redeem their shares. Redeemable participating shares are issued and redeemed at the holder's option at prices based on the relevant NAV per share at the time of issue or redemption. The NAV of each Class shall be determined by calculating the amount of the NAV attributable to each Class, less its liabilities by the number of Shares in issue in that Class. The amount of the NAV of a Fund attributable to a Class shall be determined by establishing the proportion of the assets of the Class as at the most recent NAV calculation or the close of the Initial Offer Period in the case of an initial offer of a Class, adjusted to take account of any subscription orders (after deduction of any redemption orders) and by allocating relevant expenses and fees to the Class and making appropriate adjustments to take account of distributions paid, if applicable, and apportioning the NAV accordingly.

g) Critical accounting estimates and judgements

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise its judgement in applying the Company's accounting policies. The resulting accounting estimates will, by definition, seldom equal the actual results.

h) Cash and cash equivalents

Cash and cash equivalents are comprised of cash balances held with the Depositary at the financial year end. Cash and cash equivalents are carried at amortised cost which approximates its fair value.

i) Reverse repurchase agreements

Reverse repurchase agreements are transactions in which a Fund purchases securities from a bank or recognised securities dealer and simultaneously commits to resell the securities to the bank or dealer at an agreed-upon date and price or upon demand reflecting a market rate of interest unrelated to the coupon rate or maturity of the purchased securities. Although reverse repurchase agreements carry certain risks not associated with direct investments in securities, a Fund which intends to enter into a reverse repurchase agreement will do so only with banks and dealers in transactions believed by the Manager or the relevant Investment Manager to present minimal credit risks. The relevant Fund will bear a risk of loss in the event that the other party to the transaction defaults on its obligation and the relevant Fund is delayed or prevented from exercising its rights to dispose of the underlying securities. The Fund will, in particular, be subject to the risk of a possible decline in the value of the underlying securities during the period in which the Fund seeks to assert its right to them, the risk of incurring expenses associated with asserting those rights and the risk of losing all or a part of the income from the agreement. As at 31 August 2022, Select Money Market Fund—US Treasury held reverse repurchase agreements (31 August 2021: Select Money Market Fund—USD Sustainable and Select Money Market Fund—US Treasury).

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

2. Significant accounting policies (concluded)

j) Securities collateral received for repurchase agreements

Collateral received is in the form of securities and is held with the Depository. Collateral is held subject to the terms of the bilateral agreement with the counterparty. The re-use of stock collateral, whether selling, pledging, investing or otherwise, is not permitted. The collateral is marked-to-market daily to ensure that the market value of the underlying assets remains sufficient to protect the Fund in the event of default by the seller. If the seller defaults or enters into insolvency proceedings and the value of the collateral declines, recovery of cash by the Fund may be delayed or limited. Further details on securities collateral is disclosed within the Schedule of Collateral on page 97.

k) Interest expense

Interest expense on cash and bank overdrafts are recognised in the Finance Costs section of the Statement of Comprehensive Income.

l) Income Equalisation

Income equalisation arrangements are applied in the case of subscriptions to and redemptions from certain Funds. The NAV per redeemable participating share as calculated on each Dealing Day has an income element and a capital element. In relation to any subscription or redemption, the monies received or paid are allocated proportionately to or from income and capital in a Fund. These arrangements are intended to ensure that the income per redeemable participating share, which is distributed in respect of any distribution year for which a distribution is made, is not affected by changes in the number of redeemable participating shares in issue during that year and to ensure dividend distributions are paid to shareholders at the same rate. The calculation of equalisation is based on net income. Income equalisation is included in the Capital share transaction section of the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, for all Funds.

3. Fees and expenses

Each Fund pays all of its expenses and such proportion of the Company's expenses as is allocated to that Fund, other than those expressly absorbed by the Manager. The directors or their delegate shall allocate expenses among the Funds and their classes as they deem equitable.

Directors' fee

The directors are entitled to a fee in remuneration for their services at a rate to be determined from time to time by the directors. It is intended that none of the directors who are affiliated with the Investment Manager or its affiliates will receive a director's fee. It is expected that the fees payable by the Company per director will not exceed €20,000 each financial year. In addition, the Company shall pay all costs incurred in organising directors' meetings, including the directors' travel expenses.

Directors' fees, which relate solely to qualifying services, charged to the Company for the financial year ended 31 August 2022 were US\$77,513 (31 August 2021: US\$79,929). Amounts outstanding at financial year end were US\$23,827 (31 August 2021: US\$27,669).

Transaction costs

Transaction costs are defined as the incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. There were no transaction costs for the financial year ended 31 August 2022 (financial year ended 31 August 2021: Nil).

Voluntary cap on annual expenses

The Investment Manager has undertaken to limit the Annual Expenses (as defined in the prospectus) attributable to each class of share as set out below, for each Fund and for each share class that has launched. Each figure is expressed as a percentage per annum of the average daily net assets of the particular share class. The Annual Expenses will accrue daily and will generally be paid monthly in arrears. To achieve this, the Investment Manager will absorb, either directly by waiving a portion of its investment management fee or by reimbursement to the account of the relevant class of the Fund, any Annual Expenses over the applicable Voluntary Cap (as defined in the prospectus) that may arise. As each Voluntary Cap has been agreed to by the Investment Manager on a voluntary basis, the

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

3. Fees and expenses (continued)

Voluntary cap on annual expenses (continued)

Investment Manager may from time to time increase or decrease the Voluntary Cap in respect of any particular class of the Fund, subject to a maximum of 1.00% per annum in each class of the Fund, by notice in writing to the Company in which case the Company will notify the shareholders of the relevant class in the financial statements and, in the case of an increase, will also notify them in writing prior to implementation. The 1.00% per annum maximum charge may be increased only with the prior approval of shareholders by ordinary resolution of the relevant class.

The Voluntary Cap on Annual Expenses for each class in each Fund is as follows:

Total amounts due from the Investment Manager amounted to US\$Nil at year ended 31 August 2022 (31 August 2021:Nil)

Manager fees

The Manager is entitled to receive from each Fund or Class such fee. The Manager may differentiate between the Shareholders by waiving or reducing the annual management fees charged to certain Shareholders. The Manager shall also be entitled to reimbursement by the relevant Fund of all reasonable out-of-pocket expenses incurred by it in the performance of their respective obligations. The relevant Fund shall bear the cost of any value added tax applicable to any fees or other amounts payable to or by the Manager in the performance of its duties.

Investment management fees

The Investment Managers receive an annual fee (the "Investment Management Fee") in respect of each Fund for investment management services, subject to the Voluntary Cap as set out above for each Fund. All Investment management fees are calculated daily and paid monthly in arrears. Notwithstanding the foregoing, the Investment Managers, in their discretion, may waive payment or reduce its portion of the Investment Management Fee at any time. In addition, the Investment Managers may rebate a portion of its Investment Management Fee to certain sales intermediaries who may be affiliates of the Investment Managers who assist in the placement of the shares. The Investment Managers shall discharge, out of the Investment Management Fee, the fees and expenses of the subinvestment managers.

Total Investment management fee waivers for the financial year ended 31 August 2022 were US\$778,267, of this amount US\$Nil related to Select Money Market Fund—USD Sustainable, €45,571 related to Select Money Market Fund—EUR Sustainable and £66,749 related to Select Money Market Fund—GBP Sustainable and US\$642,357 related to Select Money Market Fund—US Treasury (31 August 2021: US\$321,584, of this amount US\$Nil related to Select Money Market Fund—USD Sustainable, US\$Nil related to Select Money Market Fund—EUR Sustainable and US\$£86,748 related to Select Money Market Fund—GBP Sustainable and US\$203,270 related to Select Money Market Fund—US Treasury) for the Company.

Administration fees

Administration fees include trustee, depositary, transfer agency, accounting and administration fees.

Transfer agency fees which include account set up costs, transaction charges and cash/wire payments are all charged at normal commercial rates.

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

3. Fees and expenses (concluded)

Expenses relating to each class of shares

The primary differences between the classes of shares in each Fund lies in their Annual Expenses, investor eligibility requirements, distribution policy and the required minimum initial investment. Each class has distinct advantages and disadvantages for different investors, and investors may choose the class which best suits their circumstances and objectives.

Sales intermediary fees

The distributors may pay sales intermediaries for nominee and other distribution services from their own assets and such sales intermediaries may receive different levels of compensation in respect of such services. Any fees payable by the Company to distributors shall be at normal commercial rates. Certain distributors or sales intermediaries may charge a fee or sales charge directly to investors in the Funds. Investors should consult their distributor or sales intermediary for further information in this regard.

Other fees and interest expense

Other fees relate principally to fees comprising professional and taxation advisory fees. Included in other fees is an amount of €1,685,285 (31 August 2021: €1,781,573), which represents an expense due to negative yields on time deposits, held by Select Money Market Fund—EUR Sustainable. These negative coupon rates that are charged by certain institutions are driven by the current market. This amount is excluded from the total expense ratio calculation.

4. Taxation

Under current Irish law and practice the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997 (as amended). On that basis, it is not chargeable to Irish tax on its income and gains.

However, Irish tax may arise on the happening of a “chargeable event”. A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares. No Irish tax will arise on the Company in respect of chargeable events in respect of:

- (i) a shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided an appropriate valid declaration in accordance with the provisions of the Taxes Consolidation Act, 1997 (as amended), is held by the Company;
- (ii) certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations.

Capital gains, dividends, and interest received on investments made by the Company may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

5. Soft commission

There were no soft commission arrangements during the current fiscal financial year or during the prior financial year.

6. Directed brokerage

There were no directed brokerage services utilised for the financial year ended 31 August 2022 (2021: Nil).

7. Exchange rates

The accounts of the Company have been prepared in US Dollars. The principal exchange rates to the US Dollar used in the preparation of the financial statements at 31 August 2022 and 31 August 2021 were as follows:

31 August 2022 currency	Year end rate	Average rate	31 August 2021 currency	Year end rate	Average rate
Euro	0.9983	0.9152	Euro	0.8457	0.8361
Pound Sterling	0.8562	0.7751	Pound Sterling	0.7253	0.7332

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

8. Financial risk management

i) Strategy in using financial instruments

The investment objectives of the Funds are listed in Note 1. There can be no assurance that the Funds will achieve their objectives. The Funds are managed by the Investment Managers.

Select Money Market Fund—USD Sustainable invests in high quality, short-term, US Dollar denominated debt securities of US and non-US governmental and other issuers.

Select Money Market Fund—EUR Sustainable invests in high quality, short-term, Euro-denominated debt securities of EU and non-EU governmental and other issuers.

Select Money Market Fund—GBP Sustainable invests in high quality, short-term, Sterling-denominated debt securities of U.K. and non-U.K. governmental and other issuers.

Select Money Market Fund—US Treasury invests in high quality, short-term, US Dollar denominated debt securities of US and non-US governmental and other issuers.

In pursuit of its investment objective, each Fund will invest in variable and floating rate securities, instruments and obligations that have, or are deemed to have, remaining maturities of 397 days or less. Each Fund will maintain: (i) a weighted average maturity of no more than 60 days and (ii) a weighted average life of no more than 120 days.

ii) Market price risk

Select Money Market Fund—USD Sustainable may purchase only those obligations that the relevant Investment Manager determines present minimal credit risks and are “First Tier Securities”. First Tier Securities include US government securities, securities of similarly managed investment companies that are short-term money market funds and securities that are (1) rated in one of the two highest short-term rating categories by each Rating Agency that has rated the instrument; (2) rated in one of the two highest short-term rating categories by a single Rating Agency if only that Rating Agency has assigned the obligation a short-term rating; (3) unrated, but issued by an issuer that has received such a short-term rating with respect to a security that is comparable in priority and security; (4) unrated, but subject to a guarantee rated in one of the two highest short-term rating categories or issued by a guarantor that has received one of the two highest short-term rating categories for a comparable debt obligation; or (5) unrated, but determined by the relevant Investment Manager to be of comparable quality.

Select Money Market Fund—EUR Sustainable may purchase only those obligations that the relevant Investment Manager determines present minimal credit risks and are “First Tier Securities”. First Tier Securities include EU government securities, securities of similarly managed investment companies that are short-term money market funds and securities that are: (1) rated in one of the two highest short-term rating categories by each Rating Agency that has rated the instrument; (2) rated in one of the two highest short-term rating categories by a single Rating Agency if only that Rating Agency has assigned the obligation a short-term rating; (3) unrated, but issued by an issuer that has received such a short-term rating with respect to a security that is comparable in priority and security; (4) unrated, but subject to a guarantee rated in one of the two highest short-term rating categories or issued by a guarantor that has received one of the two highest short-term rating categories for a comparable debt obligation; or (5) unrated, but determined by the relevant Investment Manager to be of comparable quality.

Select Money Market Fund—GBP Sustainable may purchase only those obligations that the relevant Investment Manager determines present minimal credit risks and are “First Tier Securities”. First Tier Securities include U.K. government securities, securities of similarly managed investment companies that are short-term money market funds and securities that are: (1) rated in one of the two highest short-term rating categories by each Rating Agency that has rated the instrument; (2) rated in one of the two highest short-term rating categories by a single Rating Agency if only that Rating Agency has assigned the obligation a short-term rating; (3) unrated, but issued by an issuer that has received such a short-term rating with respect to a security that is comparable in priority and security; (4) unrated, but subject to a guarantee rated in one of the two highest short-term rating categories or issued by a guarantor that has received one of the two highest short-term rating categories for a comparable debt obligation; or (5) unrated, but determined by the relevant sub-investment manager to be of comparable quality.

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

8. Financial risk management (continued)

ii) Market price risk (continued)

Select Money Market Fund—US Treasury may purchase only those obligations that the relevant Investment Manager determines present minimal credit risks, and where required by the Money Market Fund Regulation receive a favourable credit assessment. The relevant Investment Manager shall perform its own documented assessment of the credit quality of a security in order to determine that it presents minimal credit risks and will monitor credit quality on an ongoing basis. Where a security is downgraded below the two highest short-term credit ratings by such an agency, this shall result in a new credit assessment being conducted of the instrument by the relevant Investment Manager without delay. With the exception of permitted investments in unlisted securities, investment will be restricted to the securities traded on the Regulated Markets as set out in the Prospectus.

For efficient portfolio management purposes and investment purposes, the Company may employ investment techniques such as reverse repurchase agreements and financial derivative instruments, such as trading in options, futures contracts, and other derivative instruments, subject to the conditions and within the limits from time to time laid down by the Central Bank. During the financial year, the Company employed reverse repurchase agreements on Select Money Market Fund—USD Sustainable and Select Money Market Fund—US Treasury as techniques or instruments for efficient portfolio management purposes. See Schedule of Collateral on page 91 for the collateral disclosure on the reverse repurchase agreements held on the Funds.

All securities investments present a risk of loss of capital. The relevant Investment Manager seeks to moderate this risk through a careful selection of securities and other financial instruments within mandated limits except for forward currency contracts. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments at the date of purchase. The Funds' overall market positions are monitored on a daily basis by the relevant Investment Manager.

The Funds' positions are susceptible to market price risk arising from uncertainties about future prices of the instruments. The Funds' market price risk is managed through diversification of the investment portfolio's exposures. At 31 August 2022 and 31 August 2021, the overall market exposures were as follows:

31 August 2022

	Select Money Market Fund—USD Sustainable		Select Money Market Fund—EUR Sustainable		Select Money Market Fund—GBP Sustainable		Select Money Market Fund—US Treasury	
	Fair Value	% of net assets	Fair Value	% of net assets	Fair Value	% of net assets	Fair Value	% of net assets
Financial assets at fair value through profit or loss-trading	\$5,685,551,525	99.00%	€1,037,945,722	101.68%	£946,895,945	101.29%	\$1,232,519,342	85.21%

31 August 2021

	Select Money Market Fund—USD Sustainable		Select Money Market Fund—EUR Sustainable		Select Money Market Fund—GBP Sustainable		Select Money Market Fund—US Treasury	
	Fair Value	% of net assets	Fair Value	% of net assets	Fair Value	% of net assets	Fair Value	% of net assets
Financial assets at fair value through profit or loss-trading	\$6,751,902,190	93.65%	€1,239,868,469	110.32%	£805,300,191	101.33%	\$1,034,104,403	90.37%

As at 31 August 2022, the Funds' market risk is affected by three main components: changes in actual market prices, interest rates and foreign currency movements. Interest rate movements are covered below with foreign currency movement included on page 55.

The maximum exposure to price risk at 31 August 2022 and 31 August 2021 is the amount of financial assets at fair value through profit or loss disclosed in the relevant portfolio of investments.

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

8. Financial risk management (continued)

ii) Market price risk (continued)

The Funds are absolute return biased and do not track a particular index. Although the Funds are susceptible to market price risk, the directors believe that disclosure of market price risk sensitivity is not material, as interest rates will have the most impact on the NAV of the Funds. Interest rate sensitivity is discussed below and shown in the table below the interest rate risk tables.

iii) Interest rate risk

The Funds' interest-bearing financial assets and liabilities expose them to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. Any excess cash and cash equivalent are invested at short-term market interest rates.

The table below summarizes the Funds' exposure to interest rate risks. It includes the Funds' assets and trading liabilities at fair values, categorised by interest bearing and non-interest bearing.

For the purposes of compliance with FRS 102, assuming that the securities held in the Funds as at 31 August 2022 remain unchanged, an increase or decrease in interest rates by 100 basis points, with all other variables remaining constant, the net assets attributable to holders of redeemable shares for the financial year would have changed by the following:

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

8. Financial risk management (continued)

iii) Interest rate risk (continued)

	31 August 2022	31 August 2021
Select Money Market Fund—USD Sustainable	\$7,796,648	\$9,413,338
Select Money Market Fund—EUR Sustainable	€970,953	€1,878,700
Select Money Market Fund—GBP Sustainable	£917,257	£899,104
Select Money Market Fund—US Treasury	\$1,271,973	\$1,374,161

The sensitivity analysis above is calculated on the basis of fixed interest rate and floating interest rate.

The relevant Investment Manager monitors their overall exposure and interest rate sensitivity on a daily basis.

iv) Credit risk

The Funds take on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due.

Impairment provisions are provided for losses that have been incurred by the statement of financial position date, if any.

Given the Funds' investment objectives, substantially all of their investments are categorised as investment grade as follows by Standard & Poor's rating agency (S&P):

31 August 2022

	Select Money Market Fund—USD Sustainable % of fair value	Select Money Market Fund—EUR Sustainable % of fair value	Select Money Market Fund—GBP Sustainable % of fair value	Select Money Market Fund—US Treasury % of fair value

A-1	51.29%	42.81%	65.34%	—
NR	—	6.74%	—	—

31 August 2021

	Select Money Market Fund—USD Sustainable % of fair value	Select Money Market Fund—EUR Sustainable % of fair value	Select Money Market Fund—GBP Sustainable % of fair value	Select Money Market Fund—US Treasury % of fair value
AAA/A1+	43.50%	39.69%	39.34%	100.00%
A-1	56.50%	53.05%	54.45%	—
NR	—	7.26%	6.21%	—

With the exception of time deposits, substantially all of the cash and investments of the Funds are held by the Depositary at the financial year end and prior financial year end. The Funds are exposed to credit risk through the use of the Depositary to custody the Funds' cash and investments. Bankruptcy or insolvency of the Depositary may cause the Company's rights with respect to its cash and investments held by the Depositary to be delayed or limited. The maximum exposure to this risk at 31 August 2022 and 31 August 2021 is the amount of cash and investments disclosed in the Statement of Financial Position.

Time deposit counterparties are monitored such as any other issuer. Usually, time deposits are only held with deposit counterparties with whom the Company also holds bonds or are allowed to buy bonds. Hence, time deposit counterparties, although held outside of the Depositary network, are included in the Company's usual credit research and monitoring process.

Notes to the financial statements for the financial year ended 31 August 2022 (continued)

8. Financial risk management (continued)

iv) Credit risk (continued)

To mitigate the risks the Funds are exposed to in relation to the Depository, the relevant Investment Manager employs appropriate procedures to ensure that the counterparties are reputable institutions and that the credit risk is acceptable to the Funds. The Funds only transact with counterparties that are regulated entities subject to prudential supervision, or with high credit-ratings assigned by international credit-rating agencies. In addition, the Funds' securities are required under relevant agreement to be maintained by the Depository in segregated accounts.

The relevant Investment Manager places all securities trades with a small selection of reputable counterparties approved by its relevant compliance committee. The risk of default is considered as mitigated as the vast majority of securities are dematerialized and thus the book entry is made for cash settlement at the same time as the book entry for the transfer of the security. A trade will fail if either party fails to meet its obligation.

The relevant Investment Manager monitors the Funds' credit position on a daily basis.

The relevant Investment Manager manages credit risk for transactions with counterparties by only using approved counterparties that belong to internationally recognized financial services firms or alternatively command a high market segment as determined by UBS Group (the "Group"). The Group's intention is to net its liabilities due to any counterparty against any asset due from the same counterparty. The following tables disclose the breakdown of securities and cash held with the Depository and other Counterparties at the financial year end.

v) Liquidity risk

The Funds are exposed to daily cash redemptions of redeemable shares. They therefore invest the majority of their assets in investments that are traded in an active market and can be readily disposed of.

The Funds' listed securities are considered readily realizable as they are listed on recognized exchanges. The Funds have the ability to borrow in the short term to ensure settlement. No such borrowings have arisen during the financial year.

The Funds may invest in securities traded over the counter which are not traded in an organized market and may be illiquid. As a result, any Funds holding such investments may not be able to liquidate quickly their investments in these instruments at an amount close to their fair value to meet their liquidity requirements or to respond to specific events such as deterioration in the creditworthiness of any particular issuer. No such investments were held by the Funds during the financial year.

The relevant Investment Manager monitors the Funds' liquidity on a daily basis.

The tables below analyse the Funds' financial liabilities into relevant maturity groupings based on the statement of financial position date to the contractual maturity date.

vi) Currency risk

The Funds may hold assets denominated in currencies other than their functional currency. They can therefore be exposed to currency risk, as the value of the securities denominated in other currencies will fluctuate due to changes in exchange rates.

For the financial year ended 31 August 2022 and 31 August 2021 Select Money Market Fund—USD Sustainable, Select Money Market Fund—EUR Sustainable, Select Money Market Fund—GBP Sustainable and Select Money Market Fund—US Treasury each had no exposure to foreign currencies.

9. Fair value

The Company is required to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (Level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Company. The Company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables analyse within the fair value hierarchy the Funds' financial assets and liabilities (by class) measured at fair value at 31 August 2022:

10. Segregated liability

The Company is an umbrella fund with segregated liability between sub-funds and, as such, under Irish law the Company generally will not be liable as a whole to third parties and there generally will not be the potential for cross liability between sub-funds, absent fraud or misrepresentation.

11. Contingent liability

The Company is a single entity which may operate or have assets held on its behalf or be subject to claims in other jurisdictions which may not necessarily recognise such segregation. There is no guarantee that the courts of any jurisdiction outside Ireland will respect the limitations on liability associated with companies with segregated liability between Funds, nor there is any guarantee that the creditors of one Fund will not seek to enforce such Fund's obligations against another Fund. However, in the opinion of the directors, there were no contingent liabilities at 31 August 2022 and 31 August 2021.

12. Analysis of changes in financial situation during the financial year

The share capital of the Company shall at all times equal its NAV. The directors are empowered to issue up to five hundred billion shares at the NAV per share on such terms and in such Funds as they may think fit. Transactions in redeemable participating shares of the Company for the financial year ended 31 August 2022 were as follows:

Select Money Market Fund—USD Sustainable

The Auditors performed tax advisory services (relating to investor reporting) for the Company for the financial years ended 31 August 2022 and 31 August 2021.

15. Significant events during the financial year

On 10 March 2021 the Sustainable Finance Disclosure Regulation (EU) 2019/2088 ("SFDR") came into effect. The prospectus and KIIDs have been updated with the classification of the funds to reflect their level of ESG integration. The SFDR classification for each Fund is as follows:

Article 6:

- UBS (Irl) Select Money Market Fund—US Treasury

Article 8(1):

- UBS (Irl) Select Money Market Fund—USD Sustainable
- UBS (Irl) Select Money Market Fund—EUR Sustainable
- UBS (Irl) Select Money Market Fund—GBP Sustainable

The names of the Funds of the Company changed, as noted below, during the financial year ended 31 August 2022. The name changes became effective 31 January 2022, the date the Prospectus and Fund supplements of the Company were updated to reflect the new name of the Funds.

Old Fund Name

UBS (Irl) Select Money Market Fund—USD
UBS (Irl) Select Money Market Fund—EUR
UBS (Irl) Select Money Market Fund—GBP

New Fund Name

UBS (Irl) Select Money Market Fund—USD Sustainable
UBS (Irl) Select Money Market Fund—EUR Sustainable
UBS (Irl) Select Money Market Fund—GBP Sustainable

The name of UBS (Irl) Select Money Market Fund—US Treasury Fund was not amended and remained unchanged.

Effective 1 April 2022, the Company changed Company Secretary from MFD Secretaries Limited to Dechert Secretarial Limited.

Effective 1 May 2022, the registered office of the Company has changed from 32 Molesworth Street, Dublin, D02 Y512, Ireland to Second Floor, 5 Earlsfort Terrace, Dublin, D02 CK83, Ireland.

Russia/Ukraine situation

The war in Ukraine had and still has a material impact on financial markets, first and foremost on Russian and Ukrainian securities but also on the wider markets globally. The situation remains very volatile and the Investment Manager is closely monitoring in order to quickly take appropriate action to protect the interest of investors in the Sub-Funds. It has put in place the necessary measures to at all times comply with applicable laws and regulations, in

15. Significant events during the financial year (concluded)

particular but not limited to the most recently enacted sanction regimes in the EU, Switzerland, UK and US. Also, further to the assessment made by the Management of the Fund, neither the Fund's and any of its sub-funds' performance and going concern nor operations, at the date of this report, have been significantly impacted by the above.

Central Securities Depositories Regulation

The European Union has adopted a settlement discipline regime under Regulation (EU) No 909/2014 and the settlement discipline regulatory technical standards with phased compliance dates from February 2022 onwards ("CSDR"). CSDR aims to reduce the number of settlement fails that occur in EEA central securities depositories (CSDs) and to address settlement fails where they occur. The implementation of the CSDR settlement discipline regime for the Company when it enters into in-scope transactions may result in increased operational and compliance costs being borne directly or indirectly by the Company. CSDR may also affect liquidity and increase trading costs associated with relevant securities.

Fund activity update

The Following Share classes launched or terminated during the financial year:

Fund	Class	Launch Date	Termination Date
Select Money Market Fund—USD Sustainable	SE Shares (Dist.)	3 September 2021	—

18. Approval of financial statements

The financial statements were approved by the directors of the Company on 21 November 2022.

Portfolio Turnover Rates (PTRs)

The portfolio turnover has been calculated as follows:

$$\frac{((\text{total purchases} + \text{total sales}) - (\text{total subscriptions} + \text{total redemptions})) * 100}{\text{Average of net assets during the period under review}}$$

The portfolio turnover statistics are the following for the year under review:

Fund	PTR %
Select Money Market Fund—USD Sustainable	10,804%
Select Money Market Fund—EUR Sustainable	13,866%
Select Money Market Fund—GBP Sustainable	13,246%
Select Money Market Fund—US Treasury	277%

Purchases and sales of securities (unaudited)

Select Money Market Fund—USD Sustainable

Country	Value in USD
United States of America	210,120,055
Country total	210,120,055

The table below lists the value of collateral constituents by type of instruments and by rating as at 31 August 2022:

Type of collateral	Rating (S&P)	Value in USD
Treasury Inflation Indexed Note	AAA	37,821,697
Treasury Note	AAA	172,298,358
Total		210,120,055

Appendix 1: Remuneration Policy (unaudited)

The Board of Directors of UBS Fund Management (Luxembourg) S.A. (the “Management Company” or the “AIFM”) has adopted a remuneration policy (the “Policy”) whose objectives are:

on one hand; to ensure that the remuneration framework is in line with the applicable laws and regulations, and more specifically with provisions defined under

- (i) the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment in Transferable Securities as amended from time to time (the “UCITS Law”) transposing the UCITS Directive 2009/65/EC (the “UCITS Directive”) as amended by Directive 2014/91/EU (the “UCITS V Directive”);
- (ii) the Alternative Investment Fund Managers Directive (“AIFMD”) 2011/61/EU, transposed into the Luxembourg AIFM Law dated from 12 July 2013, as amended from time to time;
- (iii) the ESMA’s guidelines on sound remuneration policies under the UCITS Directive—ESMA/2016/575 and ESMA’s guidelines on sound remuneration policies under the AIFMD—ESMA/2016/579 both published on 14 October 2016;
- (iv) the CSSF Circular 10/437 on Guidelines concerning the remuneration policies in the financial sector issued on 1 February 2010;
- (v) the Directive 2014/65/EU on markets in financial instruments (MiFID II);
- (vi) the Commission Delegated Regulation 2017/565/EC of 25 April 2016 supplementing Directive 2014/65/EU (MiFID II Level 2);
- (vii) (the CSSF Circular 14/585, transposing the ESMA Guidelines 2013/606 on remuneration policies and practices (MiFID ESMA Guidelines).

and on the other hand, to comply with the UBS Group AG (the “UBS Group”) Total Reward Principles.

The Policy is meant not to encourage excessive risk taking, to contain measures to avoid conflicts of interest, to be consistent with, and promote, sound and effective risk management and to be consistent with the UBS Group business strategy, objectives and values.

More details about the Policy of the Management Company/the AIFM, which describes, but not limited to, how remuneration and benefits are determined, are available at <https://www.ubs.com/global/en/assetmanagement/investment-capabilities/white-labelling-solutions/fund-management-company-services/fmlprocedures.html>

The Policy is subject to an annual review by the control functions of the Management Company/the AIFM after review and update by the Human Resources department; and is approved by the Board of Directors of the Management Company/the AIFM. In March 2021, the Policy has been updated to integrate sustainability risks. Last approval by the Board of Directors took place on 4 November 2021. No material changes were made to the Policy.

Application of the requirements and remuneration disclosure

In accordance with the Article 151 of the UCITS Law and Article 20 of the AIFM Law, the Management Company/the AIFM is required to disclose at least annually certain information concerning its remuneration policy and the practices for its Identified Staff.

The Management Company/the AIFM complies with the UCITS Directive/AIFMD principles in a way and to the extent that is appropriate to its size, internal organization and the nature, scope and complexity of its activities.

Considering the total size of funds under management, both UCITS and AIFs although a significant portion is not complex or risky investment, the Management Company/the AIFM judges that the proportionality principle may not be applicable at the level of the company but at the level of the Identified Staff.

Appendix 1: Remuneration Policy (unaudited) (concluded)

By application of the proportionality principle for the Identified Staff, the following requirements on pay-out processes for Identified Staff are not applied:

- The payment of variable remuneration in instruments related mainly to the funds in relation to which they perform their activities;
- Deferral requirements;
- Retention periods;
- Incorporation of ex-post risk factors (i.e. malus or clawback arrangements);

The deferral requirements remain however applicable when the employee's total annual compensation is exceeding the threshold defined under the UBS Group Compensation Framework; the variable compensation will be treated in line with the plan rules defined under the UBS Group Compensation Framework.

Remuneration of Management Company/AIFM staff

The table below provides an overview of the aggregate total remuneration to staff of the Management Company in respect of the financial year 2021 and the number of beneficiaries.

EUR 1000	Fixed remuneration	Variable remuneration	Total remuneration	No of beneficiaries
All staff	9,262	1,338	10,600	95
- whereof Identified Staff	3,761	752	4,513	24
- thereof Senior Management*	1,465	350	1,815	8
- thereof Other Identified Staff	2,296	402	2,698	16

* Senior Management includes the CEO, the Conducting Officers, the Head of Compliance and the Independent Director.

Remuneration of delegates staff

As market or regulatory practice develops UBS AM may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other UBS fund disclosures in that same year.

For the year ended 31 December 2021, the aggregate total remuneration paid by all the Investment Managers to their Identified Staff in relation to the Fund amounted to EUR 121,100 of which EUR 81,180 represented the variable remuneration (2 beneficiaries).

Appendix 3: Securities Financing Transactions Regulation (unaudited)

Securities Financing Transactions Regulation (unaudited)

Article 13 of Regulation (EU) 2015/2365 on transparency of securities financing transactions (“SFTR”) requires reporting and disclosures for securities financing transactions (“SFTs”) and total return swaps. SFTs are specifically defined as per Article 3(11) of the SFTR as follows:

- a repurchase/reverse repurchase agreement;
- securities or commodities lending/borrowing;
- a buy-sellback or sale-buyback transaction; and
- a margin lending transaction.

During the financial year under review, certain Funds were engaged in trading reverse repurchase agreements. This Appendix contains the relevant SFTR reporting and disclosure requirements in respect of the reverse repurchase agreement, held on Select Money Market Fund – US Treasury, as of 31 August 2022.

Global Data

Below is the fair value of assets engaged in SFTs as at 31 August 2022. The assets which are engaged in SFTs at this date are reverse repurchase agreements, which are settled bi-laterally.

	Select Money Market Fund—US Treasury
Fair value of securities engaged in SFT	\$206,000,000
% of Net Assets	14.24%

Concentration Data

The following table details the counterparties used for each type of reverse repurchase agreements at 31 August 2022.

	Select Money Market Fund—US Treasury
Counterparty name	State Street
Value of outstanding transactions	\$206,000,000
Country of establishment	United States of America

The following table lists the ten largest collateral issuers as at 31 August 2022. Where less than ten, all issuers are listed.

	Select Money Market Fund—US Treasury
Collateral Issuer	United States Treasury
Volume of collateral received	\$210,120,055

Collateral currency	USD

The following table provides an analysis of the maturity tenor of the collateral as at 31 August 2022.

Appendix 3: Securities Financing Transactions Regulation (concluded)

	Select Money Market Fund—US Treasury
Greater than 1 year	\$210,120,055

Safekeeping of Collateral

Collateral received by the Funds is held with the Depository, State Street Custodial Services (Ireland) Limited.

Reuse of Collateral

The reinvestment of stock collateral is not permitted under the UCITS Regulations.

Return and Cost

The returns and costs of the reverse repurchase agreements held by the Funds are detailed below:

	Select Money Market Fund—US Treasury
Income received	\$1,129,679
Gains/Losses*	—
Costs incurred*	—
Net returns	\$1,129,679
% of Overall SFT Return	n/a

* The realised gain and losses and costs associated with the repurchase agreement cannot be practically or reliably gathered as they are embedded in the market value and cost of the investment, respectively and cannot be separately verified or disclosed.

Appendix 4: Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

Article 6:

UBS (Irl) Select Money Market Fund—US Treasury

The investments underlying this subfund do not take into account the EU criteria for environmentally sustainable economic activities.

Article 8(1):

UBS (Irl) Select Money Market Fund—USD Sustainable

Issuers are assessed for ESG risks (“UBS ESG Risk Recommendation”) using a 5 point scale (1 - negligible, 2 - low, 3 - moderate, 4 -high and 5 - severe ESG risk). The Fund will generally exclude corporate issuers with risks identified in the UBS ESG risk dashboard (“ESG Risk Dashboard”) process (described in the ‘ESG Integration’ section), unless the overall UBS ESG Risk Recommendation is rated 1-3, which is considered to be an acceptable risk for a Sustainability Focus Fund.

The Investment Manager utilises a UBS ESG consensus score (“UBS ESG Consensus Score”) to identify issuers for the investment universe with strong environmental and social performance characteristics or a strong sustainability profile. The UBS ESG Consensus Score is a normalised weighted average of ESG score data from internal and recognised external providers. Rather than relying on an ESG score from a single provider, the consensus score approach increases conviction in the validity of the sustainability profile.

The UBS ESG Consensus Score assesses sustainability factors, such as the performance of these issuers with regard to ESG aspects. These ESG aspects relate to the main areas in which the issuers operate and their effectiveness in managing ESG risks. Environmental and social factors can include the following (list is not exhaustive): environmental footprint and operational efficiency, environmental risk management, climate change, natural resource usage, pollution and waste management, employment standards and supply chain monitoring, human capital, diversity within the board of directors, occupational health and safety, product safety, as well as anti-fraud and anti-corruption guidelines.

The individual investments in the Fund have a UBS ESG Consensus Score (0-10, with 10 having the best sustainability profile). At least 51% of the Fund’s total net assets will have a UBS ESG consensus score of between 6-10 to promote environmental and social, as well as governance characteristics.

The sub-fund achieved the ESG targets stated above during the reference period.

As at the date of this report, the Manager has not collected data on the environmental objective(s) set out in Article 9 of the Taxonomy Regulation and on how and to what extent the investments underlying the Fund are in economic activities that qualify as environmentally sustainable under Article 3 of the Taxonomy Regulation (“Taxonomy Aligned Investments”). On that basis, the Fund has zero exposure to Taxonomy Aligned Investments.

UBS (Irl) Select Money Market Fund—EUR Sustainable

Issuers are assessed for ESG risks (“UBS ESG Risk Recommendation”) using a 5 point scale (1 - negligible, 2 - low, 3 - moderate, 4 -high and 5 - severe ESG risk).
