## Benefits

Benefit from developments driven by the meta themes education, healthcare and changing consumer preferences. Harnesses the dedicated capabilities of leading thematic portfolio managers, most of whom are not accessible via public funds.

A focus on attractively valued companies with strong links to the respective themes.

The structure allows for the addition/removal of managers as well as portfolio optimization.

## Risks

A new fund with no track record, notwithstanding the investment history of the portfolio managers.

An equity fund with exposure to small, growing and innovative companies which can result in significant fluctuations in value, particularly in the short term.

The thematic focus may lead to concentrations in a specific sector or style.

The performance of actively managed funds may deviate significantly from the referenced index.

The fund can use derivatives, which may result in additional counterparty and liquidity risks.
