Objectives and investment universe

Asset class Alternative fund UCITS
 Category Alternative funds

The BCV Systematic Premia Global Fund seeks long-term capital appreciation and low correlation to major asset classes. It therefore aims to generate a positive absolute return regardless of market conditions, and thus offers high diversification potential for traditional portfolios. It pursues this objective by investing in a wide range of alternative risk premia to replicate exposures to strategies such as Equity Market Neutral, Trend Following and Macro Trading. These strategies are implemented in different asset classes such as equities, currencies, bonds and commodities.

Class C (USD): open to investors who subscribe and maintain a minimum of CHF 30 million (or equivalent). Denominated in United States dollars.
