Umbrella Fund: BCV PORTFOLIO PENSION FUND

The objective of the BCV Pension 70 Sub-fund is to achieve long-term capital appreciation together with regular ancillary income. This is done in compliance with the requirements of federal legislation on professional retirement, surviving dependents, and disability insurance, subject to the authorized limits for equity holdings and foreign-currency investments that do not hedge against exchange rate risk, which are higher than those provided for in the aforementioned legislation. The Sub-fund is mainly comprised of equities, thus entailing a high level of risk. It is suitable for investors seeking substantial long-term capital appreciation, despite a rather high level of volatility.

BP Class: open to investors within the meaning of Art. 38a al. 1 OIA (withholding tax ordinance) who invest, on certain conditions, for their own account or as part of an insurance product.
