Strategy Factsheet
September 2024

Strategy description

The strategy invests in shares of medium and smaller Swiss companies traded on the Swiss stock exchange, and aims at long-term capital growth and outperformance against the benchmark SPI Extra. At selection we prefer companies with the following characteristics: High profitability, healthy balance sheet, good sustainability ratings, intact future prospects and a valuation which corresponds to the expected sales and earnings growth. The investment universe consists of the companies of the SPI Extra (SPI excluding SMI). The portfolio generally includes shares of 20 to 35 companies.

Suitability of the investment

The investment is well suited for investors who:

- primarily seek capital growth;
- have a long-term investment horizon;
- wish to invest in a well-diversified portfolio of 20 to 35 stocks;
- prefer an actively managed equity investment in medium and smaller Swiss companies;
- are aware of the price fluctuations of equity investments; these fluctuations are for the investor no problem.

Performance

Past performance, especially over short periods, does not predict future returns.
