

Format Swiss Equity Dividend Yield

Strategy Factsheet
December 2024

Strategy description

The strategy invests in shares traded on the Swiss stock exchange and aims for long-term capital growth, income from dividends and outperformance to the benchmark SPI. When selecting stocks, we prefer companies with the following characteristics: Attractive dividend yield, high profitability, healthy balance sheet, good sustainability ratings, intact future prospects and a valuation that is in line with expected sales and earnings growth. The portfolio is usually composed of 15 to 25 stocks.

Suitability of the investment

The investment is well suited for investors who:

- Seek a combination of capital growth and income;
- have a long-term investment horizon;
- wish to invest in a diversified portfolio of high dividend yielding equities;
- desire an actively managed equity investment in listed Swiss companies;
- are aware of the price fluctuations of equity investments; these fluctuations do not pose a problem in any way.

Performance

Past performance, especially over short periods, does not predict future returns.
