## SUMMARY OF INVESTMENT OBJECTIVE AND POLICY

The Wellington European Stewards Fund is actively managed and seeks to deliver long-term total returns in excess of the MSCI Europe Index by investing in the equities of European companies that generate high return on capital relative to their peers, and whose management teams and boards display exemplary stewardship to sustain those returns over time. We define stewardship as how companies balance the interests of all stakeholders (customers, employees, communities and the supply chain) in the pursuit of profits and how they incorporate material environmental, social and governance (ESG) risks and opportunities in their corporate strategy. The Fund targets net zero emissions by 2050 in alignment with the Paris Agreement.
