SGVP Circle Fund

SG Value Partners AG • Class E1 EUR

Investment strategy

The Fund pursues a dedicated deep value approach. It invests in listed companies worldwide that, according to the fund manager's analysis, trade at a significant discount to their calculated intrinsic value. Shares are selected according to a rational economic assessment of each company's business fundamentals. Shortterm stock price fluctuations do not play a role in the decision-making process. The portfolio has virtually no overlap with widely used global equity indices. The fund offers weekly liquidity.
