Junior Subordinated	5.0%

#### Comment & Outlook

In November, credit spreads were wider (on average +10bps for triple-B rated Swiss franc corporates) while interest rates were trending lower (5yr Swiss franc SARON swap rate -17bps). In this environment, the fund performed positively on an absolute basis (+1.27%, after fees) and outperformed the benchmark by +0.11 percentage points (SBI A-BBB: +1.16%). The primary market was active and we participated, for example, in the new issues from McDonald's (1.3%, 2032), Rieter (3.5%, 2029) and Syngenta (1.5%, 2027). The SNB is expected to ease monetary policy further over the coming quarters.

#### Risk & Reward Profile (indicative)

This publication is for information purposes only and does not constitute an offer, solicitation or recommendation to buy or sell shares or of the fund/fund units or any investment instruments. Furthermore every investor is recommended to seek legal and fiscal advice before taking any investment decision. Investments in a product should only be made following a thorough study of the current fund contract and annual report. The information contained in this document has been drawn from sources deemed reliable. However, the accuracy or completeness of the information cannot be guaranteed. Past performance is not a reliable indicator of future performance. Performance does not take into account any commissions and costs charged when shares of the fund are issued or redeemed. In particular, the preservation of the invested capital is our main objective but cannot be guaranteed.
