

## Synchrony (LU) Liqueptimum (EUR) I

ISIN LU1162219429

Class I reserved for qualified investors

October 2024

### Fund Profile

- This subfund is intended for investors who prefer capital preservation and limited volatility when investing liquid assets
- The subfund's net assets primarily consist of EUR-denominated bonds and/or other short-term debt securities, sight deposits or time deposits
- Actively managed fund

### Risks

- Market risk: the risk of loss that can arise from fluctuations in the prices of financial instruments.
- Liquidity risk: liquidity problems in the financial markets that could affect purchases and sales of fund positions.
- Credit risk: the risk that a borrower will not repay their loan either in full or in part on the due dates set out in the agreement between the borrower and lender.
- Risk of capital loss: the risk of capital loss occurs when a unit is sold at a lower price than the price paid when it was purchased. The fund does not have any capital protection or guarantee.

This document is a monthly marketing sheet. The information contained in this document is for information purposes only and does not constitute an offer or a solicitation to subscribe for units/shares of the subfund in any jurisdiction where such an offer or solicitation would be unlawful. It is also not intended for persons who would be prohibited by law from making such an offer or proposal. This document reflects the opinion of the fund management at the time of its issue.

The opinions referred to in this document do not take into account the situation, objectives or special requirements of investors. Investors are advised to seek advice from professional advisers where appropriate.

This document should not be regarded as a financial analysis. The investments listed in this document may involve risks that are difficult to quantify and difficult to include in the valuation of investments. The risk factors are explained in their entirety in the Fund prospectus.

### WARNING

- The figures given refer to previous years.
- Past performance is not a measure of current or future performance, and performance information does not take into account commissions and expenses incurred on the issue and repurchase of units.
- If the reference currency differs from the currency of the investor's country of residence, the resulting gains may be higher or lower depending on exchange rate fluctuations.
- The value of the investment may fluctuate upwards or downwards.
- The investment involves a risk of capital loss, which may lead to the total loss of the investment.
- The tax treatment is based on the individual circumstances of each investor and may be changed at a later date.
