

November 2024

Investment philosophy

The sub-fund's objective is long-term capital appreciation and, additionally, the generation of regular income, with a share of the assets invested in equities that fluctuates around 65%. An allocation fund compatible with the OPP2 investment standards applied to the linked retirement pension provision scheme.

Fund features

Security number	113164048

ESG Approach

The BCVs integrates environmental, social and governance (ESG) criteria in the process of selecting investments and weighting them in the portfolio. To this end, the BCVs has adopted two sustainable approaches: exclusion and positive screening. The QR code below allows you to access various information on the sustainability strategy implemented for this fund.

The following document is a monthly marketing sheet. Past performance is no guarantee of current or future performance. These performance data do not take account of commissions and costs incurred on the issue and redemption of units. The prospectus and fund contract, the KIID, the semi-annual and annual reports are available free of charge at GERIFONDS SA, the fund management company, or at Banque Cantonale du Valais, the payment service.
