**INVESTMENT POLICY**

The primary goal of the fund is to generate a return as high and safe as possible through investments in global capital markets. This investment fund belongs to the category of „securities funds“ which invests primarily in USD denominated bonds, notes, money market papers and other fixed income securities according to the fund contract.

An active duration management is being performed to manage the interest rate risks.

Depending on the market outlook, the fund may invest up to 50% in bonds denominated in foreign currency. This allows a broader sector and country allocation. No foreign currency risk is being taken strategically. Tactically, the fund might be invested with a maximum of 10% foreign currency exposure.

**BENCHMARK**

The investment policy of the Pilatus Invest Income USD fund uses a composite-index with a 50% weighting of the “Bloomberg Eurodollar 3-5 Years Index (I00656US)” and a 50% weighting of the “Bloomberg Eurodollar Aa or Higher: 3-5 Years Index (I00663US)” as a benchmark\*. The benchmark serves as a comparison. The fund is not obliged to invest close or linked to the benchmark.

\*until 31.05.2022: 50% „FTSE Eurodollar Bond 3 to 5 Year BBB- or Better“ (SBED3B35) and 50% „FTSE Eurodollar Bond 3 to 5 Year AA- or Better“ (SBED2A35)
