

LLB Equities Switzerland ESG (CHF)

per 30.12.2024, LLB sustainability criteria met

Investment policy

The fund invests in Swiss equities. It is oriented towards the Swiss Leader Index (SLI) as the benchmark. The fund's management pays particular attention to achieving a broad coverage of the overall market, with investments ranging from pharmaceuticals and food stocks to financials and cyclical industrials. Along with blue chips, small and mid caps are also considered for investments. The selection of the assets in the portfolio is based on quantitative and fundamental analysis, whereby quantitative methods are given a high importance. The fund is suitable for investors who wish to cover the Swiss stock market within the scope of a strategy focused on long-term capital growth, while at the same time minimizing the associated risks.

NAV performance over 5 years

The value development shown here provides no guarantee of future performance. The value of a unit may rise or fall at any time. The performance data shown do not take into consideration the commissions and costs charged in connection with the issuing and redemption of units.

Sector allocation

Key benefits

- Active management
- Stocks are very attractively valued in comparison to bonds
- Stock selection supported by our proprietary multi factor model
- Small and mid caps are added for variety
- Invested according to the LLB sustainability approach
