

UBS (Lux) Bond SICAV – China Fixed Income (RMB) (GBP hedged) I-A3-dist

Portrait

- Invests mainly in RMB-denominated fixed-income instruments that are primarily issued by, but not limited to, the central government or local governments, government-related entities, banks and other financial institutions or corporate entities.
- Investments are conducted in the onshore China Interbank Bond Market (CIBM), and may include both direct securities (physical bonds) and derivatives related to fixed income securities where allowed.
- The exchange rate risk between CNY and GBP is largely hedged. The portfolio manager is not tied to the benchmark in terms of investment selection or weight.
- All investments are subject to market fluctuations. Every fund has specific risks, which can significantly increase under unusual market conditions. Please consult your client advisor for more information on the investment risks of this product. This share class (dist) may make yearly distributions.

This Fund may not be appropriate for investors who plan to withdraw their money before the recommended holding period disclosed in the PRIIPs KID, if available for this share class.
