#### **Benefits**

Access to global turnaround stocks with clear catalysts for a turnaround in investment performance. Portfolio structure can deviate substantially from the reference index to increase outperformance potential. The fund managers can tap into the knowledge and experience of a global network of equity analysts. UBS's proprietary fundamental valuation approach allows for consistent identification of the most attractive companies worldwide.

#### Risks

The fund invests in equities and may therefore be subject to high volatility. This requires an elevated risk tolerance and capacity. The value of a unit may fall below the purchase price. Investments via Shanghai or Shenzhen Stock Connect are subject to additional risks, in particular quota limitations, custody risk, clearing/settlement risk and counterparty risk. Every fund reveals specific risks, a detailed and comprehensive list of risk descriptions can be found in the prospectus. This Fund may not be appropriate for investors who plan to withdraw their money before the recommended holding period disclosed in the PRIIPs KID, if available for this share class.

Please note that additional fees (e.g. entry or exit fees) may be charged. Please refer to your financial adviser for more details. Investors should read the Key Information Document, Prospectus and any applicable local offering document prior to investing and to get complete information of the risks. Investors are acquiring units or shares in a fund, and not in a given underlying asset such as building or shares of a company. For a definition of financial terms refer to the glossary available at www.ubs.com/am-glossary.
