

First Trust FactorFX UCITS ETF

The Fund's investment objective is to deliver to investors total returns with lower correlation to the broader equity and bond markets over the medium to long term through its exposure to global currencies and related markets. The actively managed Fund adopts a multi-factor approach when investing in developed and emerging markets, and does so primarily through sovereign fixed income securities denominated in local and global currencies, and/or currency related financial instruments.

Fund performance is the performance of the share class since its inception, shown net of fees including re-invested dividends in the base currency of the share class. The Benchmark and Blended Indicator currency is different to the base currency of the share class. Performance can go up as well as down, and investors may lose some or all of their capital. Returns may increase or decrease as a result of currency and exchange rate fluctuations. Please refer to the 'Risks' section on Page 3 for more details on risks associated with an investment in the fund. Risk Statistics are based on monthly data.

On 01 December 2017 the Fund's benchmark changed from the J.P. Morgan G10 FX Carry USD Index to the Bloomberg G10 Carry Index.

On 22 December 2022 a second benchmark, a 50/50 blend of the Bloomberg G10 Carry Index and Bloomberg Emerging Carry Index was added for performance purposes.

¹The top 10 holdings as a percentage of the Total Net Assets. Portfolio holdings are subject to change at any time. References to specific securities should not be construed as a recommendation to buy or sell and should not be assumed profitable. On occasion, the top ten holdings illustrated in this document may be less than ten.

²The Implied Yield is the sum of the yield-to-maturity of the government bond portfolio plus the Implied Carry from the currency forwards. It is the expected return of the product assuming no change in the interest rates or spot prices and is comparable measure to yield-to-worst in domestic fixed income products. The Implied Carry in currency forwards is the annualised difference between the spot and forward price of the currency pair. It is the expected return of the currency pair assuming no change in spot price of the tenor of the forward.

³The credit quality ratings are sourced from ICE Data Services and are a simple average of the Moody's, S&P and Fitch bond ratings. For an Index it is the average of its constituent security composite ratings, weighted by full market value. The credit ratings shown relate to the creditworthiness of the issuers of the underlying securities in the Fund, and not to the Fund or its shares. Credit ratings are subject to change. For illustrative purposes only.

Index Description

1. The Bloomberg Cumulative FX Carry Trade Index for Managed G10 Currencies measures the cumulative total return of a buy-and-hold carry trade position that is long the three highest yielding G10 currencies and is fully funded with short positions in the lowest three yielding G10 currencies. It is assumed that the investment is in three-month money-market securities, with each of the six G10 currencies assigned an equal weight in the currency basket. The basket is rebalanced daily and comprises the United States Dollar, Euro, Japanese Yen, British Pound, Canadian Dollar, Australian Dollar, New Zealand Dollar, Swiss Franc, Danish Krone, Norwegian Krone and Swedish Krona.
2. The Bloomberg Cumulative FX Carry Trade Index for 8 Emerging Market Currencies measures the cumulative total return of a buy-and-hold carry trade position that is long eight emerging market currencies (Brazilian Real, Mexican Peso, Indian Rupee, Indonesian Rupiah, South African Rand, Turkish Lira, Hungarian Forint, Polish Zloty) that is fully funded with short positions in the U.S. dollar. It is assumed that the investment is in three-month money-market securities, with each of the eight EM currencies assigned an equal weight in the currency basket.

Risks

- **The Fund may not achieve its investment objective and the value of shares in the Fund may fall.**
- Neither First Trust Global Portfolios Management Limited ("FTGPM") nor any of its affiliates, guarantees the performance or the future returns of the Fund.
- Although the Fund may invest substantially in cash deposits, cash equivalents, certificates of deposits and/or money market instruments in order to facilitate trading in derivatives where the underlying assets are primarily currencies, shares in the Fund are not deposits and are different in nature to a deposit in that the investment is not guaranteed and the value of the investment is capable of fluctuation. Investment in the Fund involves certain investment risks, including the possible loss of principal.
- The Fund may invest in schemes which are substantially leveraged and any event which may adversely affect the value of the underlying scheme could significantly affect the assets of the Fund.
- See also the description of the risks applicable to the Fund in "Risk Factors" in the Prospectus.

Important Information

This marketing communication is issued by First Trust Global Portfolios Management Limited ("FTGPM") whose place of business is Fitzwilliam Hall, Fitzwilliam Place, Dublin 2, D02 T292. FTGPM is authorised and regulated by the Central Bank of Ireland ("CBI") (C185737). The Fund is also regulated by the CBI.

Nothing contained herein constitutes investment, legal, tax or other advice and it is not to be solely relied on in making an investment or other decision, nor does the document implicitly or explicitly recommend or suggest an investment strategy, reach conclusions in relation to an investment strategy for the reader, or provide any opinions as to the present or future value or price of any fund. It is not an invitation, offer, or solicitation to engage in any investment activity, including making an investment in the Fund, nor does the information, recommendations or opinions expressed herein constitute an offer for sale of the Fund.

The Fund is an open-ended sub-fund of First Trust Global Funds PLC (the "Company"), an umbrella UCITS fund with segregated liability between sub-funds, incorporated with limited liability as an investment company with variable capital under the laws of Ireland with UCITS registered number 514357.

The material in this marketing communication is not comprehensive and must therefore be read in conjunction with the Fund's prospectus and the key information document ("KID") which contains material information not contained herein, including the terms of investment and information regarding investment risks and restrictions, fees and expenses and conflicts of interests. Potential investors should pay particular attention to the risk disclosures in the "Risk Factors" section of the Fund's prospectus (available in English) and KIDs (available for each share class of each of the sub-funds of the Company and in one of the official languages of each of the EU Member States into which

each sub-fund has been notified for marketing under the Directive 2009/65/EC (the UCITS Directive)).
