#### WHAT ARE THE RISKS?

BELOW INVESTMENT GRADE: Lower rated or unrated securities may have a significantly greater risk of default than investment grade securities, can be more volatile, less liquid, and involve higher transaction costs

CAPITAL: Investment markets are subject to economic, regulatory, market sentiment and political risks. All investors should consider the risks that may impact their capital, before investing. The value of your investment may become worth more or less than at the time of the original investment. The Fund may experience a high volatility from time to time

CREDIT: The value of a bond may decline, or the issuer/guarantor may fail to meet payment obligations. Typically lower-rated bonds carry a greater degree of credit risk than higher-rated bonds.

CURRENCY: The value of the Fund may be affected by changes in currency exchange rates. Unhedged currency risk may subject the Fund to significant volatility.

EMERGING MARKETS: Emerging markets may be subject to custodial and political risks, and volatility. Investment in foreign currency entails exchange risks.

**HEDGING:** Any hedging strategy using derivatives may not achieve a perfect hedge

INTEREST RATES: The value of bonds tends to decline as interest rates rise. The change in value is greater for longer term than shorter term bonds.

**MANAGER:** Investment performance depends on the investment management team and their investment strategies. If the strategies do not perform as expected, if opportunities to implement them do not arise, or if the team does not implement its investment strategies successfully; then a fund may underperform or experience losses.

SUSTAINABILITY: A Sustainability Risk can be defined as an environmental, social or governance event or condition that, if it occurs, could cause an actual or potential material negative impact on the value of an investment.
