First Trust Indxx Global Aerospace & Defence UCITS ETF

A sub-fund of First Trust Global Funds plc (the "Company")

First Trust Global Portfolios Management Limited is the manager of the Company (the "Manager")

ISIN: IE000NVDQXE1

Share class: Class A Shares

Objective and Investment Policy

Objective: The Fund seeks investment results that correspond generally to the price and yield, before the Fund's fees and expenses, of Indxx Global Advanced Aerospace & Defence Index (the "Index").

Investment Policy: In order to achieve this, the Fund will invest at least 90% of its net assets in a portfolio of equity securities that consists of the equity securities of the Index or in depositary receipts that may include American Depositary Receipts, Global Depositary Receipts, or European Depositary Receipts representing securities in the Index where direct investment in a constituent security of the Index is not possible. The Fund seeks to replicate, before fees and expenses, the performance of the Index. The Investment Manager will seek to do this by replicating so far as possible most, if not all, of the investments in the Index.

The Fund seeks to replicate, before fees and expenses, the holdings and weightings so as to generate performance results 95% correlated to that of the Index.

The Fund may also invest in a portfolio of assets which may comprise money market or short-term instruments such as Investment Grade fixed and floating government securities, bankers' acceptances, certificates of deposit, and Eligible Collective Investment Schemes which have a similar investment objective and policies as that of the Fund or are money market funds.

For more information about the investment policy, see "Investment Policy" in the Fund's section on supplement available at www.ftglobalportfolios.com.
