Past Performance

This chart shows the fund's performance as the percentage loss or gain per year over the last 8 years against its benchmark.

The chart shows how much the Fund increased or decreased in value as a percentage in each year, net of charges (excluding entry charge), and net of tax.

Performance in the past is not a reliable indicator of future results.

The chart shows the class's investment returns calculated as percentage year-end over year-end change of the class net asset value. In general any past performance takes account of all ongoing charges, but not the entry charge.

The unit class launched on 22.07.2015.

The benchmark against which the sub-fund is managed changed on 1 December 2020 and, as such, please note that performance prior to this date was achieved under circumstances which no longer apply.
