Past Performance

This chart shows the fund's performance as the percentage loss or gain per year over the last 1 years against its benchmark.

The chart shows how much the Fund increased or decreased in value as a percentage in each year, net of charges (excluding entry charge), and net of tax.

Performance in the past is not a reliable indicator of future results.

The chart shows the class's investment returns calculated as percentage year-end over year-end change of the class net asset value. In general any past performance takes account of all ongoing charges, but not the entry charge.

The Sub-Fund was launched in 1996. The Class was launched in 2023.

Historical performance was calculated in AUD.
