Past Performance

This chart shows the fund's performance as the percentage loss or gain per year over the last 10 years against its benchmark.

The chart shows how much the Fund increased or decreased in value as a percentage in each year, net of charges (excluding entry charge), and net of tax.

Performance in the past is not a reliable indicator of future results.

The chart shows the class's investment returns calculated as percentage year-end over year-end change of the class net asset value. In general any past performance takes account of all ongoing charges, but not the entry charge.

The Sub-Fund was launched in 2008. The Class was launched in 2011.

Historical performance was calculated in CHF.
