### What is this product ?

#### Type

The Sub-Fund is part of the Fund LO Funds, a public liability company (société anonyme) incorporated under the laws of the Grand Duchy of Luxembourg as an investment company with variable share capital. The Fund is subject to part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment in transferable securities ("UCITS").

#### Term

The Sub-Fund has no maturity date. The PRIIP manufacturer is entitled to terminate the Sub-Fund unilaterally under the circumstances provided for in the constitutive documents of the Fund. A liquidation of the Fund will cause the automatic termination of the Sub-Fund.

#### Objectives

The Sub-Fund invests mainly in equity securities issued by companies selected based on proprietary responsible criteria which includes social, environmental, ethical and/or corporate governance factors. In addition, the fund manager applies a proprietary risk-based methodology which determines and adjusts the weighting of each security, sector and country.

Currency risk is not hedged.

The Sub-Fund invests mainly in equity and equity-related securities issued by companies worldwide (including Emerging Markets).

This Sub-Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

#### Sustainability

The Fund has been classified as a financial product subject to Article 8 of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial sector (the "SFDR"). The Fund promotes, among other characteristics, environmental or social characteristics, or a combination of those characteristics, provided that the companies in which the investments are made follow good governance practices.

#### Benchmark

A proxy benchmark has been identified for performance comparison: MSCI World USD ND (GBP Cross Hdg.).

## What are the costs ?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- the product performs as shown in the moderate scenario
- GBP 1 000 000 is invested

Example Investment GBP 1 000 000	If you cash in after 1 year	If you cash in after 5 years (recommended)
<b>Total costs</b>	GBP 7 507	GBP 45 192
<b>Annual cost impact*</b>	0.75%	0.64%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 9.37% before costs and 8.73% after costs. We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

The table below shows the impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period and what the different cost categories mean.
