## What is this product?

### TYPE OF PRODUCT

The product is a sub-fund of Pictet International Capital Management, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

### TERM

The Sub-Fund is established for an unlimited duration. However, the board of directors may also propose to dissolve a compartment at the annual general meeting of that compartment.

### OBJECTIVES

#### Objectives and investment policy

The aim of the Sub-Fund is to enable investors to benefit from the Pictet Group's general investment expertise and to offer capital growth over the medium to long term.

The assets of the Sub-Fund will be allocated to achieve a minimum global exposure of 75% of the net assets to equities and similar securities (including, inter alia, ordinary and preference shares, ADRs (American Depositary Receipt) and GDRs (Global Depositary Receipt)).

These exposures may be achieved by investing primarily:

- directly in the securities/assets listed above; and
- in undertakings for collective investment (UCIs), the primary objective of which is to invest or provide exposure to the securities/assets listed above.

To a lesser extent, the Sub-Fund may also invest in other eligible assets, such as transferable securities, debt and other bond instruments, other UCIs and structured products (up to 25% of the Sub-Fund's net assets).

The choice of investments will not be restricted to any particular economic sector, or to a particular asset class, a particular currency or issuer rating. However, depending on market conditions, the investments may be focused on one or a limited number of countries, an economic sector or a currency. If the opportunity arises, the Sub-Fund does not exclude the possibility of investing up to 35% of its net assets in emerging countries (including via UCIs).

Within the 25% limit mentioned above and if the opportunity arises or in a defensive context, the Sub-Fund may invest up to 10% of its net assets in unleveraged structured products that provide exposure to precious metals.

In order to achieve its investment goals and for treasury purposes, the Sub-Fund may also invest in bank deposits, Money Market Instruments or money market funds, pursuant to the applicable investment restrictions. For defensive purposes in case of exceptional market conditions and in the best interest of shareholders, the Sub-Fund may invest up to 100% of its net assets in these instruments on a temporary basis.

**Derivatives** For hedging purposes or for any other purpose, the Sub-Fund may use any type of derivative financial instruments traded on a regulated market and/or over-the-counter (OTC). In particular, the Sub-Fund may, but not exclusively, invest in warrants, futures, options, swaps and currency forwards (including non-delivery forwards), interest rate forwards, stock forwards, debt, transferable securities, volatility or any basket or index on these assets.

**Benchmark** The Sub-Fund is actively managed. The Sub-Fund does not have a benchmark and is not managed by reference to an index.

**Dividend Policy** This Sub-Fund has a capital growth policy and reinvests its income, therefore no dividends are distributed.

**Share Class Currency** The currency of the Class is EUR.

The recommended holding period of this product is determined to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The return of the product is determined using the Net Asset Value (the "NAV") calculated by FundPartner Solutions (Europe) S.A. (the "Administrative Agent"). This return depends mainly on the market value fluctuations of the underlying investments.

### INTENDED RETAIL INVESTORS

The product is reserved for clients of the Pictet Group or presented by the Pictet Group. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product may be compatible with clients looking for preserving their capital, for growing their capital and for receiving regular income and who wish to hold their investment over 4 years.

### OTHER INFORMATION

**Depositary** Bank Pictet & Cie (Europe) AG, succursale de Luxembourg (the "Depositary").

**Asset segregation** The assets and liabilities of each sub-fund are segregated by law, which means that the performance of the assets in other sub-funds does not influence the performance of your investment.

**Dealing** The NAV is calculated every business day ("Valuation Day"). Shares may be purchased or sold provided that the order is sent to the registrar and transfer agent by 10 a.m. at the latest on the business day preceding the Valuation Day.

**Switching** Shareholders may apply for any shares of any sub-fund to be converted into shares of another sub-fund, provided that the conditions for accessing the target class of shares, type or sub-type are fulfilled with respect to the Sub-Fund, on the basis of their respective NAVs calculated on the Valuation Day following receipt of the conversion request. The redemption and subscription costs associated with the conversion may be charged to the shareholder as indicated in the prospectus. For more details about how to switch between sub-funds, please refer to the section in the prospectus on switching between sub-funds, which is available from the registered office of the Fund.

**Additional Information** More detailed information on the Fund, such as the prospectus, other classes, the key information, the latest NAV, the articles of incorporation as well as the latest annual and semi-annual report, can be obtained free of charge, in English, from the Administrative Agent, the distributors, the Management Company, the representative in Switzerland or online at [www.swissfunddata.ch](http://www.swissfunddata.ch).

This key information document describes the Class of one Sub-Fund of the Fund. For more information about other sub-funds, please refer to the prospectus and periodic reports that are prepared for the entire Fund.

## What are the risks and what could I get in return?

### Risk indicator

The risk indicator assumes you keep the product for 4 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

Recommended holding period (RHP): Example investment	4 years EUR 10,000		
	If you exit after 1 year	If you exit after 4 years	
<b>Scenarios</b>			
<b>Minimum</b>	<b>There is no minimum guaranteed return. You could lose some or all of your investment.</b>		
<b>Stress scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 6,550 -34.5%	EUR 1,180 -41.4%
<b>Unfavourable scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 8,540 -14.6%	EUR 9,930 -0.2%
<b>Moderate scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 10,480 4.8%	EUR 13,620 8.0%
<b>Favourable scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 14,320 43.2%	EUR 17,150 14.4%

The stress scenario shows what you might get back in extreme market circumstances.

## What happens if FundPartner Solutions (Europe) S.A. is unable to pay out?

The Management Company is not making any payment to you in relation to the Sub-Fund and you would still be paid in case of a default from the Management Company.

The Sub-Fund's assets are held with a separate company, the Depository, so the Sub-Fund's ability to pay out would not be affected by the insolvency of the Management Company. However, in the event of the Depository's insolvency, or its delegates, the Sub-Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depository is required by law and regulation to segregate its own assets from the assets of the Sub-Fund. The Depository will also be liable to the Sub-Fund or its investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfill its obligations (subject to certain limitations).

If the Sub-Fund is terminated or wound up, the assets will be liquidated and you will receive an appropriate share of any proceeds but you may lose part or all of your investment.

There is no compensation or guarantee scheme protecting you from a default of the Depository.

## What are the costs?

**The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.**

## Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested

Investment of EUR 10,000	If you exit after 1 year	If you exit after 4 years
<b>Total costs</b>	EUR 118	EUR 605
<b>Annual cost impact (*)</b>	1.2%	1.2%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 9.2% before costs and 8.0% after costs.

## Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee for this Class. The person selling you this product may charge up to 3.00%.	Up to EUR 300
Exit costs	We do not charge an exit fee for this Class. The person selling you this product may charge up to 3.00%.	Up to EUR 309
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.10% of the value of your investment per year. This is an estimate based on actual costs over the last year.	EUR 110
Transaction costs	0.08% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	EUR 8
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	EUR 0

## How long should I hold it and can I take my money out early?

### Recommended holding period (RHP): 4 years.

The RHP was chosen to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The NAV is calculated every business day ("Valuation Day"). Shares may be purchased or sold provided that the order is sent to the registrar and transfer agent by 10 a.m. at the latest on the business day preceding the Valuation Day.

## How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:

FundPartner Solutions (Europe) S.A.,  
15 Avenue J.F. Kennedy,  
L-1855 Luxembourg
