What is this product?

TYPE

The product is a sub-fund of UNI-GLOBAL, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Sub-Fund is established for an unlimited duration. However the Board of Directors may decide to close this product under certain circumstances.

OBJECTIVES

The Sub-Fund offers the chance to take advantage of the opportunities that arise on the European equity markets. The Sub-Fund seeks to build up a portfolio offering the best possible ratio between the estimated risk and the expected return. The Sub-Fund invests according to an active approach which involves identifying the portfolio with the optimum estimated risk for the universe in question.

The Sub-Fund is actively managed and references MSCI Europe Index (the "Index") for comparison purposes only. The Investment Manager has full discretion with regard to the implementation of the Sub-Fund's investment strategy, which is not linked to the Index. There are no restrictions on the extent to which the Sub-Fund's portfolio and performance may deviate from the ones of the Index.

The Sub-Fund promotes environmental and social characteristics according to article 8 of the Regulation (EU) 2019/2088.

The Sub-Fund may invest in securities denominated in currencies other than the Sub-Fund reference currency.

The Sub-Fund may hold ancillary liquid assets (i.e. bank deposits at sight, such as cash held in current accounts with a bank accessible at any time) up to 20% of its net assets for treasury purposes. The aforementioned 20% limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the best interest of Shareholders.

In order to achieve its investment goals, the Sub-Fund may hold a maximum of 10% of its net asset value in units of UCITS or other UCIs.

In order to achieve its investment goals, the Sub-Fund may invest up to 10% of its net asset value in REITs.

The Sub-Fund may use derivatives to hedge against currency risk, and/or to enhance effective management.

The share class is denominated in EUR.

The Sub-Fund is denominated in EUR.

These shares are capitalisation shares. Income and capital gains are reinvested.

INTENDED RETAIL INVESTOR

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 6 years.

What are the risks and what could I get in return?

Risk indicator

 The risk indicator assumes you keep the product for 6 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 11 years. Markets could develop very differently in the future.

Recommended holding period: Example investment:		6 years EUR 10 000		
		If you exit after 1 year	If you exit after 6 years

What happens if Lemanik Asset Management S.A. is unable to pay out?

Lemanik Asset Management S.A. is not making any payment to you in relation to this Sub-Fund and you would still be paid in case of a default from Lemanik Asset Management S.A.

The Sub-Fund's assets are held with J.P. Morgan SE, Luxembourg Branch and are segregated from the assets of other sub-funds of the SICAV. The assets of the Sub-Fund cannot be used to pay the debts of other sub-funds.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10 000 is invested.

Investment of EUR 10 000	If you exit after 1 year	If you exit after 6 years
Total costs	EUR 190	EUR 1 389
Annual cost impact (*)	1.9%	1.9%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 5.0% before costs and 3.1% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	Entry costs are currently of 0.00% and are allowed to increase up to 4.00%.	EUR 0
