This KID was produced on 29 April 2024.

What is this product?

Type:

This product is a UCITS fund.

Objectives:

The Fund aims to increase the value of your shares through a combination of growth and income by investing in a concentrated portfolio principally in securities issued by Real Estate Investment Trusts ("REITs"). The Fund can invest in:

- Equity REITs which invest the majority of their assets in property and derive their income from rents and capital gains from appreciation realised through property sales
- Mortgage REITs which invest the majority of their assets in real estate mortgages and derive their income mainly from interest payments
- Hybrid REITs which combine the characteristics of both equity and mortgage REITs
- Debt securities

The Fund may invest in companies of any market capitalisation but shall typically invest in REITs that have market capitalisation greater than USD \$300m at the time of purchase. REITs are companies or trusts that invest mainly in income producing real estate. They may invest broadly or specialise in a particular sector such as offices, industrial buildings or shopping centres. The Fund does not invest directly in real estate.

The Fund may invest up to 20% of the Portfolio's Net Asset Value (NAV) in debt securities.

Illiquid securities are securities that cannot be expected to be sold within 7 days in the ordinary course of business for approximately the amount at which the Portfolio has valued the securities. These may include unlisted or other restricted securities, which at all times will be in accordance with the requirements of the Central Bank of Ireland.

The Fund promotes environmental and social characteristics pursuant to Article 8 of SFDR.

This share class engages in currency hedging using derivative instruments to seek to limit the shareholder's currency risk by reducing the effect of foreign exchange rate fluctuations between the share class currency and the base currency of the Fund.

Income will be rolled up into the value of your investment.

Term:

The Fund has no fixed maturity date, however it may be terminated in certain circumstances, as described in the Prospectus in the section "Termination of Portfolios or Share Classes".

The shares may be exchanged for shares in another sub-fund of NBIF in accordance with the terms of the Prospectus. Charges may apply.

Shares in the Fund can be bought or sold on any day defined as a Business Day in Prospectus.

NBIF is established as an umbrella fund with segregated liability between sub-funds under Irish law.

Brown Brothers Harriman Trustee Services (Ireland) Limited (the "Depositary") is appointed as the depositary of NBIF.

You can obtain copies of the Prospectus and the latest reports and accounts for NBIF free of charge in English, German, French, Italian and Spanish, along with the latest published prices of shares and other information on the Fund, free of charge from Brown Brothers Harriman Fund Administration Services (Ireland) Limited (the "Administrator"), 30 Herbert Street, Dublin 2, Ireland.

Benchmark:

The Fund is actively managed and it is not constrained by the benchmark, the FTSE NAREIT All Equity REITs Index (Total Return, Net of Tax, USD) which is used for performance comparison purposes only. The Fund gives some consideration to the benchmark constituents in the selection of securities and may not hold all or many of the benchmark's components.

Intended retail investor:

This Fund may be compatible with the needs of investors seeking a fund to deliver income and/or capital growth with an investment horizon of 4 years or more, as part of a diversified portfolio of investments. The Fund is a medium-high risk product and investors should consider this when deciding the mix of their portfolio of investments. Investors who are unsure that they have the knowledge and experience to make informed investment decisions about this Fund or to construct a diversified portfolio should seek professional investment advice. The Fund is unlikely to be compatible with the needs of those investors seeking a single investment, or to achieve a specified return by a particular date.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 4 years.

The summary risk indicator is a guide to the level of risk of this Fund compared to other products. It shows how likely it is that the Fund will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Fund as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact the capacity of NBAMIL to pay you.

Beside the risks included in the risk indicator, other risks may affect the Fund's performance. Please refer to the Fund Prospectus and/or supplement at www.nb.com/en/gb/legal-documents. The Fund does not include any protection from future market performance so you could lose some or all of your investment. If we are unable to pay you what is owed, you could lose your entire investment.

Be aware of currency risk. You will receive payments in a different currency to the Fund's base currency, so the final return you will get depends on the exchange rate between the two currencies. However, the Fund will seek to mitigate this risk through the hedging described above.

Performance scenarios

The figures shown include all the costs of the Fund itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this Fund depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Fund/representative portfolio over the last 10 years.

The stress scenario shows what you might get back in extreme market circumstances, however, markets could develop very differently in the future.

Recommended Holding Period: 4 years			
Example Investment: EUR 10,000			
Scenarios Minimum: There is no minimum guaranteed return and it is possible to lose all invested capital.		If you exit after 1 year	If you exit after 4 years (recommended holding period)
Stress	What you might get back after costs Average return each year	580 EUR -94.21%	850 EUR -46.08%
Unfavourable¹	What you might get back after costs Average return each year	6,710 EUR -32.92%	6,690 EUR -9.56%
Moderate²	What you might get back after costs Average return each year	9,870 EUR -1.28%	11,070 EUR 2.57%
Favourable³	What you might get back after costs Average return each year	13,540 EUR 35.42%	13,890 EUR 8.57%

¹ This type of scenario occurred for an investment between December 2021 and January 2024.

² This type of scenario occurred for an investment between August 2018 and August 2022.

³ This type of scenario occurred for an investment between December 2017 and December 2021.

What happens if NBAMIL is unable to pay out?

Investors may face financial losses as a result of the default of the Fund, NBIF, NBAMIL or any of the service providers appointed to the Fund, including the Sub-Investment Managers (or their affiliates), the Administrator, the Depository, or a trading counterparty. Any such losses are not covered by any investor compensation or guarantee scheme.

What are the costs?

The person advising on or selling you this Fund may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Fund and how well the Fund does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed, in the first year you would get back the amount that you invested (0% annual return). For the other holding period, we have assumed the Fund performs as shown in the moderate scenario and the investment is EUR 10,000.

Investment: EUR 10,000	If you exit after 1 year	If you exit after 4 years
Total costs	467 EUR	1,340 EUR
Annual cost impact (*)	4.7%	3.3%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 5.8% before costs and 2.6% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	The impact of the costs you pay when making your investment. This is the most you will pay, but you could pay less. This includes the costs of distribution of the Fund.	195 EUR
Exit costs	We do not charge an exit fee for this Fund, but the person selling you the Fund may do so.	0 EUR
Ongoing costs taken each year		If you exit after 1 year
Management fees and other administrative or operating costs	The impact of the costs that we take each year for managing your investments.	269 EUR
Transaction costs	The impact of the costs of us buying and selling underlying investments for the product.	3 EUR
Incidental costs taken under specific conditions		If you exit after 1 year
Performance fees	This share class does not charge a performance fee.	0 EUR

How long should I hold it and can I take money out early?

Recommended holding period: 4 years

The Fund is designed to be held over the medium term and we recommend that you hold this investment for at least 4 years. Shares in the Fund can be bought or sold on a daily basis (save on certain bank holidays or public holidays and subject to certain restrictions described in the Prospectus).

Further information on the Fund's disinvestment procedure is included in the "Subscriptions & Redemptions" section of the Prospectus.

How can I complain?

Complaints about the Fund, or the conduct of NBAMIL or a person advising on, or selling the Fund should be sent to the Fund distributor or your adviser, with a copy to the Administrator.
