### What is this product?

#### TYPE OF PRODUCT

The product is a Sub-Fund of DNCA Invest (the "Fund"), an Undertaking for collective investment in transferable securities (UCITS) under the laws of the Grand-Duchy of Luxembourg.

#### TERM

The Sub-Fund is established for an unlimited duration and liquidation must be decided upon by the Board of Directors.

#### OBJECTIVES

The Sub-Fund seeks to outperform of the following index denominated in Euro: Euro Stoxx NR (Bloomberg ticker: SXXT Index) calculated with dividends net of withholding taxes reinvested, over the recommend investment term. Investors' attention is drawn to the fact that the management style is discretionary and integrates environmental, social / societal and governance (ESG) criteria. The sub-funds philosophy is particularly to focus on companies that have a strong social and/or environmental impact. This impact is evaluated through their exposure (in terms of turnover, R&D expenses or capex) via the proprietary model of the Investment Manager. The impacts are based on five long term transitions: economic transition, life style transition, medical transition, demographic transition and energy transition. The Sub-Fund is managed taking into consideration Responsible and Sustainable principles and has as its objective sustainable investment within the meaning of Article 9 of SFDR. The Sub-Fund is managed taking into consideration responsible and sustainable principles and aims to be target issuers with a significantly exposure of percentage of their revenues to the 17 Sustainable Development Goals of the United Nations. The investment strategy is geared towards low carbon economy which leaders to a lower portfolio's carbon footprint than the Euro Stoxx NR. Additional information on SRI strategy may be obtained in the prospectus of the Sub-fund. Besides, the Investment Manager's conviction is to finance the economy based on a long term perspective which results in the identification of sustainability related thematic. The investment process is based on the following three stages: (i) exclusion of companies with high corporate responsibility risks, (ii) selection of issuers and companies identified to meet the Sub-Fund's sustainable strategy) and (iii) build the portfolio pursuant to a fundamental analysis, the liquidity and the valuation of the companies considered.

The Sub-Fund may at any time invest in:

- Equities of issuers having their registered office in the Euro zone: from 65% to 100% of its net assets;
- Equities outside the Euro zone: from 0% to 35% of its net assets;
- Equities with total market capitalisation below 200 million euros up to 10% of its net assets;
- Fixed income securities and money market instruments or deposits if market conditions are unfavourable: from 0% to 25% of its net assets;
- Other financial instruments up to 10% of its net assets.

Exposure to exchange risk may reach 35% of the Sub-Fund's net assets.

The Sub-Fund may invest up to 10% of its net assets in units and/or shares of UCITS and/or AIFs.

Investment in "speculative grade" or non-rated debt securities (i.e. which have a Standard & Poor's rating below A-3 short term rating or BBB- long-term rating or equivalent with a minimum rating of CCC) may not exceed 25 % of its net assets.

The Sub-Fund may invest in securities denominated in any currency. However non-base currency exposure may be hedged back to the base currency to moderate currency exchange risks. More specifically, futures and currency forwards may be used for that purposes.

The Sub-Fund may use exchange traded or OTC derivatives up to 25% of the Sub-Fund's net assets, including but not limited to, futures contracts and non-complex options negotiated on regulated markets for the purpose of hedging equity exposure without seeking overexposure.

The Sub-Fund is eligible to the PEA (French equity savings plan). The Sub-Fund is actively managed and uses the benchmark for the calculation of the performance fee and performance comparison purposes. This means the Management Company is taking investment decisions with the intention of achieving the Sub-Fund's investment objective; this may include decisions regarding asset selection and overall level of exposure to the market. The Management Company is not in any way constrained by the benchmark in its portfolio positioning. The deviation from the benchmark may be complete or significant.

#### INTENDED RETAIL INVESTORS

## What are the risks and what could I get in return?

### RISK INDICATOR

The risk indicator assumes you keep the product for 5 years.

The risk can be significantly different if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the Sub-Fund lie in the possibility of depreciation of the securities in which the Sub-Fund is invested.

### PERFORMANCE SCENARIOS

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: Example investment	5 years EUR 10 000	
	If you exit after 1 year	If you exit after 5 years

#### Scenarios

Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.			
<b>Stress scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 5 900 -41.0%	EUR 2 710 -23.0%

## What happens if the Fund is unable to pay out?

There is no guarantee in place against the default of the Sub-Fund and you could lose your capital if this happens.

The Sub-Fund's assets are held with BNP Paribas, Luxembourg Branch and are segregated from the assets of other sub-funds of the Fund. The assets of the Sub-Fund cannot be used to pay the debts of other sub-funds.

The Sub-Fund would not be liable in the event of failure or default of the Fund.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does.

The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10 000 is invested.

Investment of EUR 10 000	If you exit after 1 year	If you exit after 5 years
<b>Total costs</b>	EUR 309	EUR 989
<b>Annual cost impact (*)</b>	3.1%	1.5%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.4% before costs and 5.9% after costs.
