NOTES TO THE FINANCIAL STATEMENTS

For the period ended 30 June 2022

1. GENERAL INFORMATION

VIA AM SICAV (the “Fund”) is an open-ended investment fund and was incorporated on 12 February 2016 under Luxembourg law as a “Société d’Investissement à Capital Variable” (SICAV) for an unlimited period of time. The Fund is subject to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as amended or supplemented from time to time. The Fund was authorized on 15 February 2016 by the Commission de Surveillance du Secteur Financier (CSSF) which is the Luxembourg supervisory authority of the financial sector.

Each Sub-Fund has a distinct portfolio of investments. As at 30 June 2022, the Fund has five active Sub-Funds namely:

- VIA Smart-Equity Europe
- VIA Smart-Equity US
- VIA Smart-Equity World
- VIA Alternative-Liquid

The Sub-Fund which is not authorised in Switzerland is a Feeder Fund of the Master Fund “VIA Smart-Equity Europe”, a Sub-Fund of “VIA AM SICAV” meaning that it invests in practice substantially all of its assets into the Master Fund and will therefore hold virtually no or a very low percentage of its assets in ancillary liquid assets. As at 30 June 2022, the Feeder Fund held EUR 3,819,926 or 97.11% of its total NAV in the Master Fund. This amount represented was 2.38% of the NAV of the Master Fund.

The investment objective of the Feeder Fund is to outperform the synthetic benchmark composed of 50% MSCI Europe Equal Weighted Net EUR Index (Bloomberg code M7EUEWE Index) and of 50% rolling three (3) months Euribor rate (Bloomberg code HVB3MRE Index). The Feeder Fund is however entirely managed and will not replicate the Benchmark. This Feeder is not subject to pay any performance fees and invests exclusively in Super Institutional 2 EUR Shares of the Master Fund, which are not subject to any performance fee either.

The investment objective of the Master Fund is to outperform the MSCI Europe Equal Weighted Net EUR Index (Bloomberg code M7EUEWE Index) by adopting a bottom up investment approach focusing on around 600 of the most liquid European (excluding Eastern Europe) listed and/or domiciled companies with monthly systematic selection of the best companies according to 3 main attributes Profitability, Prospects and Valuation. The investment portfolio of the Master Fund will be made up approximately 120 positions and will be split into 12 sub-portfolios with the oldest sub-portfolio be being reviewed each month.

Investors of the Feeder Fund pay Management fees at the level of the Share Class of the Feeder in which they are invested, and indirectly in the Super Institutional EUR 2 share class of the Master Fund. As at 30 June 2022, the aggregate Management fee for an investor in the Private DS Share Class amounted to 2.49% of the NAV. Also the total expenses of Super Institutional EUR 2 share class of the Master Fund are 16,870.86 or 0.37% of average NAV of Master Fund and the total expenses of feeder fund amounted to EUR 33,326.10 or 0.83% of average NAV of Feeder Fund.

No subscription or redemption fees will be charged to the Feeder when investing in the Master Fund.

As required by Directive 2009/65/EC, the Management Company adopted a conflict of interest management policy setting out the procedure to be followed and the measures to be adopted in order to prevent any potential conflict of interests and if they cannot, ensure that the UCITS it manages are treated fairly.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

1. GENERAL INFORMATION (continued)

The Management Company shall ensure that this procedure contains the appropriate measures to limit the conflicts of interest that may arise between Master UCITS and Feeder UCITS, which are managed by the Management Company. The Board of Directors of the Fund may authorize the creation of additional Sub-Funds and/or share classes in the future.

The Fund promotes environmental and/or social characteristics of the EU Sustainable Finance Disclosure Regulation (SFDR) which came into effect on 10 March 2021 as per:

- Article 8 for VIA Smart-Equity Europe, VIA Smart-Equity US, VIA Smart-Equity World,
- Article 6 for VIA Alternative-Liquid.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Presentation of the financial statements

The financial statements are prepared on going concern basis in accordance with Generally Accepted Accounting Principles (“GAAP”) applicable in Luxembourg and Luxembourg legal and regulatory requirements relating to investment funds.

2.2 Valuation of investments in securities & financial derivative instruments

Securities and financial derivative instruments which are quoted, listed or traded on an exchange or regulated market are valued at the last available market price (for securities) and closing or settlement price (for derivatives) or quotation, prior to the time of valuation, on the exchange or regulated market where the securities or instruments are primarily quoted, listed or traded. Where securities or instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors determine on which exchange or regulated market the securities or instruments are primarily quoted, listed or traded and the market prices or quotations on such exchange or regulated market will be used for the purpose of their valuation.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the period ended 30 June 2022

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 Valuation of investments in securities & financial derivative instruments (continued)

Securities and financial derivative instruments for which market price (for securities) and closing or settlement price (for derivatives) or quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market are valued at their probable realisation value estimated with care and in good faith by the Management Company using any valuation method approved by the Board of Directors.

Financial derivative instruments which are traded “over-the-counter” (OTC) are valued daily at their fair market value, on the basis of valuations provided by the counterparty which are approved or verified on a regular basis independently from the counterparty. Alternatively, OTC financial derivative instruments may be valued on the basis of independent pricing services or valuation models approved by the Board of Directors which follow international best practice and valuation principles.

Shares or units in target investment funds (including UCITS and UCI) are valued at their latest available official Net Asset Value, as reported or provided by or on behalf of the investment fund or at their latest available unofficial or estimated Net Asset Value if more recent than the latest available official Net Asset Value, provided that the Board of Directors are satisfied of the reliability of such unofficial Net Asset Value. The Net Asset Value calculated on the basis of unofficial Net Asset Values of the target investment fund may differ from the Net Asset Value which would have been calculated, on the same Valuation Day, on the basis of the official Net Asset Value of the target investment fund.

2.3 Combined financial statements

The accounts of the Fund are expressed in Euro and the accounts of the Sub-Funds are kept in US Dollars for VIA Smart-Equity US and VIA Smart-Equity World and in Euro for VIA Smart-Equity Europe and VIA Alternative-Liquid. The Combined Statement of Net Assets are converted into the currency of the Fund using exchange rates prevailing at period end, the Combined Statement of Operations and the Combined Statement of Changes in Net Assets of each Sub-Fund are converted into the currency of the Fund using the period’s average exchange rate.

For the purposes of preparing the Financial Statements of the Fund, amounts in the Combined Statement of Net Assets have been translated into Euro at the period-end exchange rate EUR/USD 1.0454; amounts in the Combined Statement of Operations as well as proceeds from the subscription and redemption of shares in the Combined Statement of Changes in Net Assets have been translated into Euro at the average exchange rate for the period EUR/USD 1.08790. The combined opening net assets was converted in EUR at the closing 30 June 2022 EUR/USD exchange rate of 1.17976.

The account foreign currency translation in the statement of changes in net assets represents the exchange rate differences arising between (i) the opening net asset value converted using the opening exchange rate and the transactions during the period converted using the average exchange rate, and (ii) the closing net asset value converted using the period end exchange rate.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Combined financial statements (continued)

The Sub-Fund, VIA Alternative-Liquid, held cross-umbrella investment, as at 30 June 2022, the market value of which represented EUR 7,527,759 or 2.45% of the combined net assets. These investments have not been eliminated for presentation purpose of the combined results.

2.4 Dividend, interest income and interest expense

Dividend income is recognised on the ex-date and is shown gross of any non-recoverable withholding taxes, which are disclosed separately in the Statement of Operations, and net of attributable tax credits. Interest income is recognized in the Statement of Operations on an effective interest rate basis. Premiums or discounts on acquisition of bonds are amortized or accreted on an effective yield basis to interest income or expense as applicable. These are recognised in the Statement of Operations under the caption “interest on bonds” and “interest expense” on the income and expense side respectively.

2.5 Foreign currency translation

The reference currency of the Fund is Euro and the combined statements are expressed in that currency.

The books and records of each Sub-Fund are denominated in the reference currency of the corresponding Sub-Fund.

The acquisition cost of securities expressed in a currency other than the reference currency of the respective Sub-Funds is translated at the exchange rates prevailing on the date of purchase.

Revenues and expenses expressed in currencies other than the reference currency of the respective Sub-Funds are converted at the exchange rate prevailing on the date of the transaction. Assets and liabilities expressed in currencies other than the reference currency of the respective Sub-Funds are converted at exchange rates prevailing at period end.

Reported realised foreign currency gains or losses arise from the disposition of foreign currency, currency gains or losses realised between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest and foreign withholding taxes recorded on each Sub-Fund’s books on the transaction date and the Euro equivalent of the amounts actually received or paid.

Unrealised foreign exchange gains and losses arise from changes (due to the changes in the exchange rate) in the value of foreign currency and other assets and liabilities denominated in foreign currencies, which are held at period end. The realised or change in unrealised gains and losses on foreign exchange are recognised in the Statement of Operations.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

2.6 Swing pricing adjustment

In certain circumstances, subscriptions, redemptions, and conversions in a Sub-Fund may have a negative impact on the Net Asset Value per Share by bid/offer spreads, trading costs and related expenses including transaction charges, brokerage fees, and taxes. In order to protect existing or remaining investors from the potential effect of dilution, the Sub-Fund may apply a Swing Pricing Adjustment.

The paramount goal of this policy is to protect the long-term interests of remaining investors from the negative effects of significant inflows or outflows into or out of the Sub-Fund. It is not intended as an additional service charge such as a back or front-end load. The benefit of adjusting the NAV is realised by the Sub-Fund and in the case of a multi-share class Sub-Fund, is attributed to all of the Sub-Fund's share classes on the same basis as with any Sub-Fund level revenue or capital item in accordance to the principles described in ALFI Swing pricing guidelines.

The Swing Pricing Adjustment will apply only on a Valuation day where net subscriptions or net redemptions in a Sub-Fund exceed a certain threshold set by Board of Directors from time to time for each Sub-Fund (called the Anti-Dilution Threshold). According to current estimates, net capital movements are considered as significant if they represent at least the lower of 0.20% of the prior day NAV or \$200,000.00 (depending on the base currency of the Sub-Fund), and the lower of these two amounts constitutes the Anti-Dilution Threshold. This threshold will be reviewed on a quarterly basis, or more frequently in case of unusual market activities.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

2. SIGNIFICANT ACCOUNTING POLICIES (continued)**2.6 Swing pricing adjustment (continued)**

Below are the Swing factors applicable as at 30 June 2022:

Sub-Fund	Swing Pricing Factor in case of	
	Net subscriptions	Net redemptions
VIA Smart-Equity Europe	0.30%	0.10%
VIA Smart-Equity US	0.05%	0.05%
VIA Smart-Equity World	0.15%	0.10%
VIA Alternative-Liquid	0.25%	0.50%

The swing pricing adjustment applied on capital movement exceeding the Anti-Dilution Thresholds of any given NAV day is allocated to each share class in proportion to the net assets of this share class on the prior day NAV, just like any ordinary income. The swing pricing adjustment, if any, is incorporated into the NAV per share of the Valuation Day, and is not published separately. Although only the swung NAV per share is published on the days when swing pricing applies, for the purpose of calculating performance fees and comparison with peer funds, the un-swung NAV per share is used. There was no swing price adjustment at period-end NAVs as at 30 June 2022.

The swing pricing adjustment applied during the financial period is recognised in the statement of changes in net assets under the caption “swing pricing adjustment”.

2.7 Realised gains and losses on sales of investments in securities

Investments in securities are accounted for on a trade date basis. Realised gains and losses on sales of investments in securities are calculated on the average cost basis.

2.8 Futures contracts

A futures contract is an agreement to buy or sell a stated amount of a security, currency, index (including an eligible commodity index) or other asset at a specific future date and at a pre-agreed price. Upon entering into a futures contract, the Sub-Fund is required to deposit with the broker, cash or securities in an amount equal to certain percentage of the contract amount which is referred to as the initial margin account. Subsequent payments, referred to as variation margin, are made or received by the Sub-Fund periodically and are based on changes in the market value of open futures contracts.

The unrealised gain/loss on future contracts is disclosed in the Statement of Net Assets under “Unrealised gain/losses on other derivative contracts”. Change in the market value of open futures contracts are recorded as unrealised appreciation/depreciation in the Statement of Operations under “Change in unrealised appreciation/depreciation on other derivative contracts”. Realised gains or losses, representing the difference between the value of the contract at the time it was opened and the value at the time it was closed, are reported at the closing or expiration of futures contracts in the Statement of Operations under “Net realised gains/(losses) on other derivative contracts”.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.9 Forward foreign exchange contracts

A forward foreign exchange contract is a customised, bilateral agreement to exchange an asset or cash flows at a specified future settlement date at a forward price agreed on the trade date. One party to the forward is the buyer (long), who agrees to pay the forward price on the settlement date; the other is the seller (short), who agrees to receive the forward price.

The values of the forward foreign exchange contracts are adjusted daily based on the applicable exchange rate of the underlying currency. Changes in the value of these contracts are recorded as unrealised appreciation or depreciation until the contract settlement date. When the forward contract is closed, the Sub-Fund records a realised gain or loss equal to the difference between the value at the time the contract was opened and the value at the time it was closed.

The unrealised gain/loss on forward foreign exchange contracts is disclosed in the Statement of Net Assets under “Unrealised gains/losses on other derivative contracts”. Realised gains/(losses) and the change in unrealised appreciation/(depreciation) there from are included in the Statement of Operations under “Net realised gains/(losses) on other derivative contracts” and “Change in unrealised appreciation/depreciation on other derivative contracts” respectively.

2.10 Contracts for difference

A contract for difference or CFD is an agreement between two parties to pay the other the change in the price of an underlying asset. Depending on which way the price moves, one party pays the other the difference from the time the contract was agreed to the point in time where it ends.

Contracts for difference are valued based on the closing market price of the underlying security, less any financing charges attributable to each contract. Upon entering into contracts for difference, the Sub-Fund may be required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount (“initial margin”). Subsequently, payments known as “variation margin” are made or received by the Sub-Fund periodically, depending on fluctuations in the value of the underlying security. The unrealised gain/loss is disclosed in the Statement of Net Assets under “Unrealised gains/losses on other derivative contracts”. Realised gains/(losses) and changes in unrealised appreciation/depreciation as a result thereof are included in the Statement of Operations respectively under “Net realised gain/(loss) on other derivative contracts” and “Net change in unrealised appreciation/depreciation on other derivative contracts”.

2.11 Swap contracts

A total return swap is an agreement in which one party (total return payer) transfers the total economic performance of a reference asset to the other party (total return receiver). Total economic performance includes income from interest and fees, dividends, gains or losses from market movements, and credit losses.

Total return swaps are marked to market at each Net Asset Value calculation date. The estimated market value is based on the valuation elements laid down in the contracts, and is obtained from third party pricing agents or calculated based on recognized market models using observable market inputs. The unrealised gain/loss is disclosed in the Statement of Net Assets under “Unrealised gains/losses on other derivative contracts”. Realised gains/(losses) and changes in unrealised appreciation/depreciation as a result thereof are included in the Statement of Operations respectively under “Net realised gain/(loss) on other derivative contracts” and “Net change in unrealised appreciation/depreciation on other derivative contracts.”

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

2. SIGNIFICANT ACCOUNTING POLICIES (continued)**2.12 Options**

Options are valued at fair value based on the closing price on the relevant valuation date provided by the relevant counterparty. The premium on written call options exercised is added to the proceeds from the sale of the underlying security or foreign currency in determining the realised gain or loss. The premium on written put options exercised is subtracted from the cost of the securities or foreign currencies purchased. Premiums received from written options, which expire unexercised, are treated as realised gains. For unsettled positions, unrealised gains or losses are recognised in the Statement of Operations.

2.13 Formation expenses

The costs and expenses incurred in connection with the formation of each Sub-Fund are amortised over a period of five years from formation of the Sub-Fund.

3. FEES AND EXPENSES**3.1 Management fee**

The Management Company is entitled to an annual fee (“Management fee”) equal to a percentage of the Net Asset Value of each Sub-Fund or Share Class and paid out of the assets of the Fund. The Management Fee accrues on each Valuation Day and is payable monthly in arrears.

The Management Fee is based on the Net Asset Value of the relevant Share Class as follows:

3. FEES AND EXPENSES (continued)

3.3 Administration fees

The Management Company has appointed SS&C (Luxembourg) as administrative, registrar, transfer agent and domiciliary of the Fund (the Administrator) pursuant to the Administration Agreement.

The Administrator is entitled to an annual fee equal to a percentage of the Net Asset Value of each Sub-Fund or Share Class consistent with market practice in Luxembourg, subject to a maximum annual rate expected to be ten basis point (0.1%) per annum. The Administrator's fee is subject to a minimum based on the total assets of a defined group of funds associated with the Banque Eric Sturdza. The fee is accrued on each Valuation Day and is payable monthly in arrears. The Administrator is entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties. The total Administration fee for the period amounted to EUR 221,082.

3.4 Depositary fees

The Fund has appointed The Bank of New York Mellon SA/NV, Luxembourg branch (formerly The Bank of New York Mellon (Luxembourg) S.A.) as its Depositary within the meaning of the 2010 Law pursuant to the Depositary Agreement.

The Depositary is entitled to an annual fee equal to a percentage of the Net Asset Value of each Sub-Fund or Share Class consistent with market practice in Luxembourg, with the maximum rate expected to range from 0.75 basis points (0.0075%) to 2.3 basis points (0.023%) per annum. The Depositary fee is accrued on each Valuation Day and is payable monthly in arrears. The Depositary is also entitled to transaction fees and safekeeping fees charged on the basis of the investments made by each Sub-Fund consistent with market practice in Luxembourg. Fees paid to the Depositary may vary depending on the nature of the investments of each Sub-Fund and the countries and/or markets in which the investments are made. The Depositary is also entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties. The total Depositary fees for the period amounted to EUR 122,318.

3.5 Directors' fees

The members of the Board of Directors are all independent. Each member is entitled to receive a fee in consideration for their function. The Fund will also reimburse the members of the Board of Directors for other costs incurred by the members of the Board of Directors in the performance of their duties, including reasonable out-of-pocket expenses, travelling costs incurred to attend meetings of the Board of Directors, and any costs of legal proceedings unless such costs are caused by intentional or grossly negligent conduct by the member of the Board of Directors in question. The Fund may also pay fees and expenses to members of any committee established by the Board of Directors, where applicable. The total Directors' fees for the period amounted to EUR 34,455.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Total	214,252	14,379	55,071	7,227	285,317

5. UNDERLYING SUB-FUNDS EXPOSURE

A Sub-Fund (the “Investing Fund”) may invest in another Sub-Fund (the “Second Fund”) within the Fund, provided always that:

- (a) the Second Fund may not apply a subscription, redemption or switching fee in respect of such investment;
- (b) the Second Fund does not itself hold Shares in respect of any other Fund; and
- (c) the Investing Fund may not charge an annual management fee or an annual investment management fee (where such fee is paid out of the assets of the Investing Fund) in respect of that portion of its assets invested in the Second Fund.

The Sub-Fund, VIA Alternative-Liquid, has previously invested in Certificates with some issuers.

As of 30 June 2022 there is no indirect exposure. The total direct exposure in other Sub-Funds of the Fund by VIA Alternative-Liquid amounts to 18.38% of its period end Net Asset Value.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period ended 30 June 2022

6. TAXATION

Under legislation and regulations prevailing in Luxembourg, the Fund is subject to the “taxe d’abonnement” (subscription tax) at the rate of 0.05% per annum, except for the Sub-Funds and share classes which benefit from a reduced tax rate of 0.01%, like money market Sub-Funds and the class of shares dedicated to institutional investors.

Pursuant to article 175(a) of the Law of 17 December 2010, the net assets invested in UCI already subject to the “taxe d’abonnement” are exempt from this tax. This is reflected under other expenses in statement of operations.

The Fund is not liable to any income tax in Luxembourg.

No VAT liability arises in principle in Luxembourg in respect of any payments by the Fund to its Shareholders, to the extent such payments are linked to their subscription to the Shares and do, therefore, not constitute the consideration received for taxable services supplied.

Under current Luxembourg tax law, there is no withholding tax on any distribution, redemption or payment made by the Fund to its shareholders under the Shares. There is also no withholding tax on the distribution of liquidation proceeds to the shareholders.

The Fund may incur withholding tax expenses on assets held in jurisdictions other than Luxembourg and this withholding tax may not be recoverable.

7. SHARE CAPITAL

The share capital of the Fund is represented by fully paid up Shares of no par value.
