OTHER INFORMATION (continued)

These non-statutory financial statements included in this report only include the financial statements for the following sub-funds of First Trust Global Funds plc (the "Company") that are authorised for distribution in Switzerland. These non statutory financial statements have been extracted from the statutory financial statements of the Company for the financial period ended 30 June 2024. The statutory financial statements for the financial period ended 30 June 2024 have been annexed to the semi-annual report and delivered to the Registrar.

Some disclosures may relate to other sub-funds of the Company, however these non-statutory financial statements relate only to the following sub-funds:

Investment Manager's Report for the financial period ended 30 June 2024

First Trust US Equity Income UCITS ETF Class B

The investment objective of First Trust US Equity Income UCITS ETF (the "US Equity ETF") is to provide investors with investment results that correspond generally to the price and yield of an equity index called the NASDAQ US High Equity Income Index (the "US High Equity Index"). In order to achieve its investment objective, the investment policy of the US Equity ETF is to invest at least 90% of its net assets in a portfolio of equity securities that consists of the equity securities of the US High Equity Index or in depositary receipts that comprise the Cybersecurity Index or in depositary receipts that may include American Depositary Receipts ("ADRs"), Global Depositary Receipts ("GDRs") or European Depositary Receipts ("EDRs") representing securities in the US High Equity Index where direct investment in a constituent security of the US High Equity Index is not possible.

Subject to Schedule III of the Company's prospectus, the Investment Manager may also invest in a portfolio of assets which may comprise money market or short-term instruments such as government securities, bankers' acceptances, certificates of deposit, and eligible collective investment schemes which are either money market funds and/or which have a similar investment objective and policies as that of the US Equity ETF. The amount which may be invested in such money market instruments, short-term instruments and eligible collective investment schemes shall not exceed 10% of the net asset value ("NAV") of the US Equity ETF.

US Equity ETF Class B (the "Fund") has pursued the objective of replicating the performance of the relevant net total return index by seeking to hold a portfolio of transferable securities that consists of substantially all of the component securities of that index in substantially the same weighting as the index.

The composition of the securities held by the Fund has been adjusted periodically to seek to replicate the composition and weighting of the relevant index.

Dividends accrued on the Fund's securities have been reinvested in accordance with the underlying indices. By reinvesting dividends, net of management fees, in the indices, the Funds' cash component was kept to a minimum.

This income reinvestment policy is designed to alleviate the effects of cash drag until the time of dividend payment because the Funds track net total performance indices. Re-exposing cash to the index not only minimized dividend drag but also recurrent management or transaction fees paid to counterparties outside the Fund for short-term cash management.

Moreover, full replication kept the Funds' tracking error with the relevant underlying index within the expected levels.

Tracking error computation should be based on net total returns indices because of the Funds' income reinvestment policy. The net total return indices are publicly available.

As of 30 June 2024, the NAV of First Trust US Equity Income UCITS ETF Class B Shares was \$32.52M. The Fund owned 154 stocks as of 30 June 2024. There were 304,727 net shares redeemed during the period (-\$11.05 million). During the six months, the Fund had a net return of +2.37%, compared to the NASDAQ US High Equity Income Index performance of +2.33%, i.e. +0.04% relative performance. During the period under review, the Fund had a tracking error of 0.005%, which corresponded with our expectations.

First Trust Nasdaq Cybersecurity UCITS ETF Class A

The investment objective of First Trust Nasdaq Cybersecurity UCITS ETF (the "Cybersecurity ETF") is to provide investors with investment results that correspond generally to the price and yield (before the Cybersecurity ETF's fees and expenses), of a total return equity index called the Nasdaq CTA Cybersecurity Exclusions IndexTM (the "Cybersecurity Index"). In order to achieve its investment objective, the investment policy of the Cybersecurity ETF is to invest at least 90% of its net assets in the common stocks and depositary receipts that comprise the Cybersecurity Index or in depositary receipts that may include American Depositary Receipts ("ADRs") or Global Depositary Receipts ("GDRs") representing securities in the Cybersecurity Index where direct investment in a constituent security of the Cybersecurity Index is not possible.

Subject to Schedule III of the Company's prospectus, the Investment Manager may also invest in a portfolio of assets which may comprise money market or short-term instruments such as Investment Grade fixed and floating government securities, bankers' acceptances, certificates of deposit, and eligible collective investment schemes which are either money market funds and/or which have a similar investment objective and policies as that of the Cybersecurity ETF. The amount which may be invested in such money market instruments, short-term instruments and eligible collective investment schemes shall not exceed 10% of the net asset value ("NAV") of the Cybersecurity ETF.

Cybersecurity ETF Class A (the "Fund") has pursued the objective of replicating the performance of the relevant net total return index by seeking to hold a portfolio of transferable securities that consists of substantially all of the component securities of that index in substantially the same weighting as the index.

As of 30 June 2024, the NAV of First Trust Nasdaq® Cybersecurity UCITS ETF Class A shares was \$718.31M. The Fund owned 28 stocks as of 30 June 2024. There were 2,006,652 net shares created during the period (+\$73.44 million). During the six months, the Fund had a net return of +3.69%, compared to the Nasdaq CTA Cybersecurity Exclusions Index performance of +4.05%, i.e. -0.36% relative performance. During the period under review, the Fund had a tracking error of 0.007%, which corresponded with our expectations.

2. Significant Accounting Policies

A. Basis of Preparation and Accounting Convention

These condensed semi-annual report and unaudited financial statements for the financial period ended 30 June 2024 (the "Reporting Period") have been prepared in accordance with accounting standards generally accepted in Ireland ("Irish GAAP") comprising Financial Reporting Standard ("FRS") 104 - Interim Financial Reporting ("FRS 104"), "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the Financial Reporting Council and Irish statute comprising the Companies Act, the European Communities Undertaking for Collective Investment in Transferable Securities ("UCITS") Regulations, 2011, (as amended), (the "UCITS Regulations"), the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) UCITS Regulations, 2019 (as amended) (the "Central Bank UCITS Regulations") and the listing rules of the Euronext Dublin, Amsterdam, Paris and London Stock Exchanges, the Deutsche Boerse and Euronext Milan. The condensed semi-annual report and unaudited financial statements should be read in conjunction with the audited financial statements for the financial year ended 31 December 2023.

The preparation of financial statements in conformity with FRS 102/FRS 104 requires the use of certain critical estimates and assumptions that may affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the Reporting Period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from these estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant are disclosed under the fair value estimation note.

The financial statements have been prepared on a going concern basis under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

The Company has availed of the exemption from preparation of a statement of cash flows as all of the following conditions set out under Section 7.1A "Statement of Cash Flows" of FRS 102 also referenced in Section 10(g) of FRS 104, have been satisfied:

- (i) substantially all of the entity's investments are highly liquid; i.e. substantially all investments are level 1 or level 2. Please see Note 4.
- (ii) substantially all of the entity's investments are carried at market value; and
- (iii) the entity provides a statement of changes in net assets.

The significant accounting policies adopted by the Company are set out below and overleaf. These policies have been consistently applied to the financial periods presented unless otherwise stated.

B. Financial Assets and Financial Liabilities at Fair Value through Profit or Loss

Valuation of Investments at Fair Value through Profit or Loss

(i) Initial Measurement

Financial assets and liabilities at fair value through profit or loss are initially recognised at fair value. Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. The Company has elected to apply the recognition and measurement provisions of International Accounting Standards ("IAS") 39 Financial Instruments: Recognition and Measurement" ("IAS 39"), the disclosure requirements of Section 11 "Basic Financial Instrument" and Section 12 "Other Financial Instruments Issues" of FRS 102.

(ii) Classification

The Company classifies its investments in debt and equity securities as financial assets or financial liabilities at fair value through profit or loss. All financial assets or financial liabilities at fair value through profit or loss are classified as held-for-trading. These include corporate bonds, treasury notes, equities, preference shares and rights. All derivatives in a receivable position are reported as financial assets held-for-trading. All derivatives in a payable position are reported as financial liabilities held-for-trading.

(iii) Recognition and Derecognition

Purchases and sales of investments are recognised at the trade date being the date on which the Company commits to purchase or sell the investment. Investments are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership. Realised gains and losses are based on the first in first out method and are reflected in net gain/(loss) on financial assets and liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the financial period ended 30 June 2024 (Unaudited)

2. Significant Accounting Policies (continued)

B. Financial Assets and Financial Liabilities at Fair Value through Profit or Loss (continued)

Valuation of Investments at Fair Value through Profit or Loss (continued)

(iv) Fair Value Estimation

Each Fund's financial instruments are carried at fair value on the Statement of Financial Position. The fair value of instruments traded in active markets is based on last traded quoted market prices at the Statement of Financial Position date.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

As at 30 June 2024 and 31 December 2023, the financial instruments that have been valued at fair market value as determined in good faith by the Investment Manager are included in Note 4 Financial Assets and Liabilities at Fair Value through Profit or Loss.

C. Income Recognition

Interest and dividend income on financial instruments held at fair value through profit or loss for the financial period is presented as "Income from investments at fair value through profit or loss" in the Statement of Comprehensive Income on an accrual basis, gross of withholding tax which is shown separately on the Statement of Comprehensive Income. Dividends shall be recognised when the shareholder's right to receive payment is established.

D. Income from Investments at Fair Value Through Profit or Loss

The Company records its investment transactions on a trade date basis. Income from investments at fair value through profit or loss includes accretion of market discount, original issue discounts and amortisation of premiums and is recorded into income over the life of the underlying investment.

E. Expense Recognition

All expenses are recognised in the Statement of Comprehensive Income on an accrual basis.

F. Cash, Bank Overdraft, Margin Cash, Cash Collateral and Pledged Collateral

Cash and bank overdrafts are stated at cost, which approximates fair value. Bank overdrafts are classified as financial liabilities. Cash collateral provided by the Fund is identified in the Statement of Financial Position as Cash collateral and is not included as a component of cash and bank overdraft. For collateral other than cash, if the party to whom the collateral is provided has the right by contract or custom to sell or re-pledge the collateral, the Fund classifies that asset in its Statement of Financial Position separately from other assets and identifies the asset as securities pledged as collateral. Cash collateral receivable/payable in relation to the futures contracts is identified in the Statement of Financial Position as Margin cash and is not included as a component of cash and bank overdraft.

As at 30 June 2024, there was pledged collateral for forward currency contracts of US\$832,067 in the Cybersecurity ETF. As at 31 December 2023, there was no Cash collateral receivable/payable on the Funds.

G. Redeemable Participating Shares

For the US Equity ETF and Cybersecurity ETF shares can be redeemed on the primary or secondary market and are classified as financial liabilities. The primary market is the market on which shares of the Funds are issued by the Company to Authorised Participants ("APs") or redeemed by the Company from APs. Only APs are permitted to subscribe or redeem shares on the primary market.

Shares may be purchased or sold on the secondary market by all investors through a relevant recognised stock exchange on which the shares are admitted to trading or over the counter ("OTC"). The purpose of the listing of the shares on a stock exchange is to enable investors to buy and sell shares on the secondary market, normally via a broker/dealer or third party administrator, in smaller quantities than would be possible if they were to subscribe and/or redeem shares through the Company in the primary market.

The fair value of the financial liability for the redeemable participating shares is the redemption amount per share, calculated as the NAV per share less any associated duties and charges, and any redemption dividend which is payable on the shares redeemed.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the financial period ended 30 June 2024 (Unaudited)

2. Significant Accounting Policies (continued)

H. Distributions to Holders of Redeemable Participating Shares

Distributions payable to holders of redeemable participating shares are recognised in the Statement of Comprehensive Income. Distributions payable to holders of redeemable participating shares at the financial period end are recognised in the Statement of Financial Position. The income, earnings and gains of the Funds will be accumulated and reinvested on behalf of the shareholders except for the US Equity ETF which has distributing classes. Refer to the Statement of Comprehensive Income for further details.

I. Foreign Currency

Items included in the Company's financial statements are measured and presented using the currency of the primary economic environment in which it operates (the "functional currency"). The functional currency reflects the transactions, events, and conditions under which each Fund operates and conducts its business. The presentation currency of the Company is Euro.

The functional currency of the US Equity ETF and Cybersecurity ETF is US Dollar.

For the purpose of combining the financial statements of the Funds to arrive at total Company figures (as required under Irish company law), the amounts in the Funds' Statement of Financial Position have been converted to Euro at the exchange rate ruling at 30 June 2024. The notional foreign exchange gain of €53,835,950 at 30 June 2024 (30 June 2023: loss of (€28,518,332)) set out in the Company Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to the use of average exchange rates when translating the net increase/(decrease) in net assets attributable to holders of redeemable participating shares from operations, issuance of redeemable participating shares, and redemption of redeemable participating shares, in comparison to the use of closing exchange rates when translating the financial period end Statement of Financial Position. This notional foreign exchange adjustment has no impact on the NAV of the individual Funds.

The Company may invest in assets denominated in a currency other than the functional currency of each Fund. Accordingly, the value of a shareholder's investments may be affected favourably or unfavourably by fluctuations in the rates of different currencies. Transactions in foreign currencies are converted at the foreign exchange rate in effect at the date of the transaction. Assets and liabilities denominated in foreign currencies are converted into Euro at the foreign currency closing exchange rate in effect at the financial period end. Foreign currency exchange gains and losses relating to investments at fair value through profit or loss, derivative financial investments, and all other foreign currency exchange gains or losses relating to monetary items, including cash, are reflected in the net gain/(loss) on financial assets and liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

J. Forward Currency Contracts

In a forward currency contract, the Fund agrees to receive or deliver a fixed quantity of one currency for another, at a predetermined price at a future date. The fair value of forward currency contracts is calculated as the difference between the contracted rate and the current forward rate that would close out the contract on the Statement of Financial Position date. Gains or losses on forward currency contracts are included in the financial assets at fair value through profit or loss or financial liabilities at fair value through profit or loss on the Statement of Financial Position and are shown in the Schedule of Investments. Any realised gains or losses are recognised in the Statement of Comprehensive Income on the trade date. The Funds may enter into these contracts to hedge against changes in currency exchange rates. The forward currency contracts are used to hedge the currency exposure on individual positions taken by the Funds and to hedge non-base currency investors.

K. Transaction Costs

A Fund pays transaction costs, such as commissions, when it buys and sells securities. Transaction costs means any costs and expenses incurred in respect of the buying and selling of portfolio securities and financial instruments as Investments, including but not limited to brokerage fees and commission, interest or taxes payable in respect of such purchase and sale transactions. Transaction costs are included in the purchase and sale of each security.

3. Taxation

Under current law and practice the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended (the "TCA"). On that basis, it is not chargeable to Irish tax on its income or gains. However, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares. No Irish tax will arise on the Company in respect of chargeable events in respect of:

- (a) a shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the TCA, are held by the Company; and
- (b) certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations.

A chargeable event does not include:

- (i) any transaction (which might otherwise be a chargeable event) in relation to shares held in a recognised clearing system as designed by order of the Revenue Commissioners of Ireland; or
- (ii) a transfer of shares between spouses/civil partners and any transfer of shares between spouses/civil partners or former spouses/civil partners on the occasion of judicial separation, decree of dissolution and/or divorce as appropriate; or
- (iii) an exchange by a shareholder, effected by way of arm's length bargain where no payment is made to the shareholder, of shares in a Fund for shares in another Fund; or
- (iv) an exchange of shares arising on a qualifying amalgamation or reconstruction (within the meaning of Section 739H of the TCA) with another investment undertaking.

It is the intention of the Directors that the shares of the ETF Funds will at all times be held in a recognised clearing system. On that basis, it is not envisaged that a chargeable event will arise on which the Company will be liable to account for tax. However, if, for any reason, the shares cease to be held in a recognised clearing system and the Company becomes liable to account for tax on a chargeable event, the Company shall be entitled to deduct from the payment arising on that chargeable event an amount equal to the appropriate tax and/or, where applicable, to repurchase and cancel such number of shares held by the shareholder as is required to meet the amount of tax. The relevant shareholder shall indemnify and keep the Company indemnified against loss arising to the Company by reason of the Company becoming liable to account for tax on the happening of a chargeable event.

Other Countries:

Income and capital gains (if any) received on investments made by the Company may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

4. Financial Assets and Liabilities at Fair Value through Profit or Loss

The Company is required to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making measurements. The fair value hierarchy has the following levels:

- Level 1 The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.
- Level 3 Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability.

During the financial period ended 30 June 2024 and during the financial year ended 31 December 2023, there were no transfers between levels of the fair value hierarchy for financial assets and financial liabilities which were recorded at fair value.

Transfers are deemed to have occurred at the beginning of the financial period/year.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The following tables provide an analysis of financial instruments as at 30 June 2024 and 31 December 2023 that are measured at fair value in accordance with FRS 102:

6. Efficient Portfolio Management

The Company may, on behalf of the Funds and subject to the conditions and within the limits laid down by the Central Bank, employ techniques and instruments relating to transferable securities for efficient portfolio management purposes as described in the prospectus.

Transactions for the purposes of efficient portfolio management may be undertaken with a view to achieving a reduction in risk, a reduction in costs or an increase in capital or income returns to a Fund and may not be speculative in nature. These techniques and instruments may include investments in currency related transactions such as forward currency contracts, options on currencies, futures and swap agreements in order to hedge against certain currency risks.

The Central Bank requires that all UCITS that use financial derivative instruments employ a risk management process which enables it to accurately manage, measure and monitor the various risks associated with financial derivative instruments. This is documented in the Company's risk management process which is a document filed with the Central Bank (the "Risk Management Process").

The revenue arising from the efficient portfolio management techniques consists of revenues from stock lending, repurchase and reverse repurchase arrangement interest income (disclosed in the Statement of Comprehensive Income) and realised gains/losses on forward foreign currency contracts, options on currencies, futures, contracts for differences and swap agreements (disclosed in the Statement of Comprehensive Income). These revenues are subject to transaction costs which are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability.

Such techniques and instruments will be utilised in accordance with the requirements of the Central Bank. New techniques and instruments may be developed which may be suitable for use by the Company and the Company (subject as aforesaid) may employ such techniques. Please refer to the Schedule of Investments for details of the open forward currency contracts held as at 30 June 2024.

7. Significant Agreements and Operating Expenses

A. The Administrator

The Manager (as defined below) of the US Equity ETF and Cybersecurity ETF discharges the fees of the Administrator in respect of the relevant Fund.

The Company shall pay fixed transaction fees to the Administrator in respect of all Funds which shall be charged at normal commercial rates. In addition, the Administrator shall be entitled to be reimbursed its reasonable vouched out-of-pocket expenses.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the financial period ended 30 June 2024 (Unaudited)

7. Significant Agreements and Operating Expenses (continued)

B. The Manager

First Trust Global Portfolios Management Limited (the "Manager") has been appointed as Manager of the Company pursuant to the Management Agreement. Under the terms of the Management Agreement, the Manager has responsibility for the management and administration of the Company affairs, subject to the overall supervision and control of the Directors. The Management Agreement between the Company and the Manager became effective on the 25 September 2019.

The Manager was incorporated as a private company limited by shares in Ireland under the Companies Act, under registration number 637071 on 6 November 2018 and is authorised by the Central Bank to act as a UCITS management company pursuant to the UCITS Regulations. The Manager's main business is the provision of fund management services to UCITS. The Manager is a wholly owned subsidiary of First Trust Global Enterprises L.P. which is a limited partnership established under the laws of the State of Illinois in the United States of America.

The Manager is managed and supervised by its Board. The Board oversees the general management and conduct of all aspects of the Company's business, including its compliance with its obligations under the UCITS Regulations, the Central Bank Regulations and the Central Bank's Fund Management Company Guidance.

With the exceptions of Kathleen Brown, Don Swade and Bronwyn Wright, the Directors of the Manager are also the Directors of the Company.

Under the Management Agreement, the Company will pay to the Manager in respect of each Fund, a management fee in the amount specified in the following table, which shall be calculated and accrue daily and be payable monthly in arrears. For the ETF Funds, the Manager is responsible for discharging all operational expenses, including but not limited to, fees and expenses of the Investment Manager, Depositary, Administrator, Distributor, Registrar and Directors, the costs of maintaining the Funds and any registration of the Funds with any governmental or regulatory authority; preparation, printing and posting of prospectuses, sales literature and reports to shareholders, regulatory fees of the Central Bank or stock exchange and other governmental agencies; marketing expenses; insurance premiums; fees and expenses for legal, audit and other services; paying for sub-licensing fees related to each Fund's Index (where relevant) and any distribution fees or expenses but excluding interest, taxes, brokerage commissions and other expenses connected with execution of portfolio transactions, and extraordinary expenses.

	Management Fee as a Percentage of NAV of each
	Class
First Trust US Equity Income UCITS ETF	
Class A	0.65%
Class B	0.65%
Class D GBP (Hedged)	0.65%
First Trust Nasdaq Cybersecurity UCITS ETF	
Class A	0.60%
Class C EUR (Hedged)	0.60%

The Manager will receive from US Equity ETF and Cybersecurity ETF an annual management fee as disclosed in the table above based on each Fund's average daily net assets.

With respect to the US Equity ETF there is a further 0.10% fee waiver from the annual management fees which shall expire on 18 November 2024.

In the event that a Fund's operational, establishment and/or registration expenses combined exceed the stated management fees, the Manager shall discharge any excess out of its own assets.

C. The Investment Manager

The Manager has appointed First Trust Advisors L.P. (the "Investment Manager") to act as Investment Manager for the Funds. The Investment Manager is a limited partnership with one limited partner, Grace Partners of DuPage L.P., and one general partner, The Charger Corporation.

Under the investment management agreement, the Manager will pay to the Investment Manager an investment management fee, which shall be calculated and accrue daily and be payable monthly in arrears. For the financial period ended 30 June 2024 and 30 June 2023, no fees were paid by the Manager to the Investment Manager.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the financial period ended 30 June 2024 (Unaudited)

7. Significant Agreements and Operating Expenses (continued)

C. The Investment Manager (continued)

In addition, the Investment Manager shall be entitled to be reimbursed for its reasonable vouched out-of-pocket expenses. For the financial periods ended 30 June 2024 and 30 June 2023, no out-of-pocket expenses were paid by the Manager to the Investment Manager.

Out of the investment management fee, the Investment Manager shall discharge the fees and reasonable out-of-pocket expenses of First Trust Global Portfolios Limited as distributor of the Company.

D. Performance Fees

No performance fees are payable in respect of the Funds.

E. The Depositary

The Manager has appointed The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") to act as the Depositary to the Company.

The Depositary shall be entitled to receive transaction charges and sub-custodian fees which shall be charged at normal commercial rates. The Depositary is also entitled to reimbursement of its reasonable vouched out-of-pocket expenses.

The Manager will discharge the fees of the Depositary in respect of the US Equity ETF and Cybersecurity ETF.

F. Other Fees

The Manager will discharge the fees and expenses of the registrar of the Funds. In addition to the fees and expenses the Funds incur directly, fees will also be payable by any investment funds in which the Funds invest.

8. Related Party and Connected Persons Transactions

Director Relationships

Mr. James A. Bowen is the Chief Executive Officer of First Trust Portfolios L.P. and its affiliate, First Trust Advisors L.P., which is the Investment Manager of the Company.

Mr. Andy Roggensack is President of First Trust Portfolios L.P. and its affiliate, First Trust Advisors L.P., which is the Investment Manager of the Company.

Mr. David G. McGarel is Chief Investment Officer and Chief Operating Officer of First Trust Portfolios L.P. and its affiliate, First Trust Advisors L.P., which is the Investment Manager of the Company.

Ms. Bronwyn Wright, Mr. Michael Boyce and Mr. Tom Coghlan are independent non-executive Directors to the Company. Ms. Sarah Cunniff is a non-executive Director to the Company.

The independent non-executive Directors and Sarah Cunniff (non-executive Director) shall be entitled to be paid a fee from the assets of the Company by way of remuneration for their services at a rate to be determined from time to time by the Directors and notified to the shareholders from time to time by the Directors, provided that the aggregate amount of each Director's remuneration in any one year shall not exceed €40,000 or other such maximum amount as may be determined by the Directors, and disclosed in the prospectuses or the Company's annual or interim financial statements. The Directors will be entitled to be reimbursed by the Company for all reasonable disbursements and out-of-pocket expenses incurred by them. During the financial period ended 30 June 2024, total Directors' fees of €30,000 (30 June 2023: €30,000) were paid by the Investment Manager for the Company to the Independent Directors. The Directors who held office at 30 June 2024 and their connected persons and the Company Secretary had no interest in the shares of the Company or any of its Funds at that date or at 1 January 2024 or at any time during the Reporting Period. Additionally, the Directors had no transactions or interest in any transactions or any of the Funds of the Company. Mr. James Bowen, Mr. Andy Roggensack and Mr. David G. McGarel are employees of the Investment Manager and do not receive a fee for their services as Directors.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the financial period ended 30 June 2024 (Unaudited)

8. Related Party and Connected Persons Transactions (continued)

Director Relationships (continued)

Fees paid to First Trust Global Portfolios Management Limited in respect of the financial period ended 30 June 2024 were €5,732,034 (30 June 2023: €4,423,549) of which €1,059,966 was outstanding as at 30 June 2024 (30 June 2023: €783,244).

The Directors are satisfied, having received confirmation from the Manager that:

- (i) in accordance with the Central Bank UCITS Regulations, any transaction carried out between the Company, the Manager or The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") and the delegates or sub-delegates of the Company, the Manager or the Depositary (excluding any non-group company sub-custodians appointed by the Depositary) and any associated or group company of the Company, the Manager, Depositary, delegate or sub-delegate ("connected persons") is conducted at arm's length and is in the best interests of the shareholders; and
- (ii) there are arrangements, evidenced by written procedures, in place to ensure these obligations are applied to all connected persons transactions and that all transactions with connected persons entered into during the financial period complied with the obligations.

The Directors, having received confirmation from the Manager, have documented how the Company has complied with these obligations during the financial period and the rationale for being satisfied that the transactions conform to these requirements.

Although not deemed to be related parties under FRS 102 as they do not exercise significant influence over the activities of the Company, Regulation 43 of the Central Bank UCITS Regulations also deems a "Depositary" and its "associated or group companies" to be connected parties to the Company. As such, the Depositary and the Administrator are connected parties to the Company.

For the ETF Funds, the Manager is responsible for discharging all operational expenses out of its management fees.

9. Global Exposure

The Company employs a risk-management process which enables them to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the Funds. The Investment Manager/Sub-Investment Managers and the Company will employ, if applicable, a process for accurate and independent assessment of the value of any over-the-counter derivative instrument. The Investment Manager/Sub-Investment Managers will apply the commitment approach with respect to the determination of the global exposure of the Funds.

A Fund using the commitment approach must ensure that its global exposure does not exceed its total NAV. The Fund may not therefore be leveraged in excess of 100% of its NAV. A Fund using the VaR approach must employ back testing and stress testing and comply with other regulatory requirements regarding the use of VaR. The VaR approach came into effect in December 2022.

10. Soft Commissions and Directed Brokerage Fees

There were no soft commission or directed brokerage agreements entered into by the Investment Manager on behalf of the Funds during the financial period ended 30 June 2024 and financial year ended 31 December 2023.

11. Exchange Rates

The market value of investments and other assets in currencies other than the functional currency of each Fund have been converted at the exchange rate as at the close of business on 30 June 2024 and on 31 December 2023.

As at 30 June 2024, US Equity ETF and Cybersecurity ETF, were as follows:

EUR 1 = USD 1.080721

12. Segregated Liability

The Company was incorporated as an umbrella fund with segregated liability between sub-funds in accordance with the Companies Act and as such as a matter of Irish law the assets of a sub-fund will not be exposed to the liabilities of the Company's other sub-funds. Each Fund of the Company will be responsible for paying its fees and expenses regardless of the level of its profitability. Fees and expenses, that are not specific to a sub-fund/sub-funds, are allocated pro-rata based on net assets across the sub-funds. Notwithstanding the foregoing, there can be no assurance that, should an action be brought against the Company in the courts of another jurisdiction, the segregated nature of the Funds would necessarily be upheld.

13. Contingent Liabilities and Commitments

There were no significant contingent liabilities or commitments as at 30 June 2024 or 31 December 2023 other than those disclosed in the financial statements.

14. Significant Events during the Financial Period

The supplements for various Funds which include impacted securities (as defined below) were amended on 28 May 2024 to reflect the transition to a T+1 settlement cycle for impacted securities on that date when the settlement cycle changed in the U.S., Canada and Mexico.

Risks Associated with Settlement Regime Changes

In May 2024, the US, Canada and Mexico transitioned to a T+1 settlement cycle, meaning that the period of time between the trade date for US, Canadian and Mexican securities (the "impacted securities") in which a Fund invests and the settlement date for those securities was reduced to one business day. In Europe and most of Asia the settlement cycle continues to operate on a T+2 basis.

The Company, the Manager and the Investment Manager have tailored their processes to the new settlement cycle for Funds with exposure to impacted securities. However, the Funds often comprise securities of issuers that are listed and/or traded in various jurisdictions and that operate in different time zones and with different market holidays. These complexities of cross-border settlement of trades in securities have required adjustments to the timing of the settlement of the securities.

The transition to a T+1 settlement regime for the impacted securities may contribute to an increase in failed trades, may increase regulatory and settlement risk and may result in increased costs associated with the adjustment of settlement cycles. The transition to a T+1 settlement regime may also require more cash to be held for settlement purposes and increases in borrowing, subject to the limit on temporary borrowing.

As of the date of these financial statements, both the UK and the EU are consulting on the potential transition to a T+1 settlement model which, if implemented, may mitigate elements of the settlement regime mismatch between those countries which transitioned to a T+1 settlement model in May 2024 and the settlement cycle for securities traded in Europe.

There were no other significant events during the financial period.

NOTES TO THE FINANCIAL STATEMENTS (continued)
